NUSD Vision

“NUSD will provide an engaging and safe learning community where all students will demonstrate responsibility, achieve academic and social emotional growth, embrace diversity, and are prepared to make decisions about their college and career success.”

NUSD Core Values

We value learning and achievement for each of our students.

We value our families as partners in the education of their students.

We value diversity, equity, and inclusion.

We value our committed, collaborative, caring and exemplary employees.

Safe Haven

We want all NUSD students to know they are safe and welcome, so the Board of Trustees has declared the district a safe haven committed to acting within legal bounds to protect students and families threatened by hate crimes or deportation based on immigration status.

Passed unanimously on February 8, 2017, the resolution is consistent with existing Board-approved commitments that all students have a right to attend public schools and receive equal access to educational programs, diversity is a strength, parent participation is encouraged, and that a key District goal is to create safe and welcoming learning environments.

Our resolution calls for NUSD to act within legal bounds to prevent and mitigate the collection of information about immigration status, the disclosure of such information, and to support students if immigration enforcement authorities seek to visit a school to interrogate or take a child into custody.

NUSD is one of the most diverse school districts in the United States – 30 percent of our students speak more than one language – and this safe haven resolution is consistent with our Core Values.

Other California school districts also have declared themselves safe havens. Former State Supt. of Public Instruction Tom Torlarkson encouraged such action, noting that a 1982 U.S. Supreme Court decision requires schools to enroll all eligible children regardless of immigration status.

Every NUSD student is a valuable part of our district family, and providing an engaging and safe learning community where all students will demonstrate responsibility, achieve academic and social-emotional growth, embrace diversity, and are prepared to make decisions about their college and career success is NUSD's mission, regardless of immigration status.

Family Involvement on Campus

Visitor/Volunteers - BP/AR 1250

The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

Volunteers are welcomed in our District and are valuable members of our learning community. A volunteer is defined as a non-paid individual who, with school District authorization, assists students, schools, or educational programs. This individual may not always be under the direct supervision of District staff. The service can be on short-term, project specific or on-going basis. A volunteer is required to complete a Volunteer Application, Code of Conduct, take a tuberculosis (TB) test, and have a fingerprint/background check completed prior to rendering service. For complete information regarding becoming a Natomas Unified School District volunteer and to complete an application, please visit the district website Parents Resource <https://natomasunified.org/family/>

The Board encourages all individuals to assist in maintaining a safe and secure school environment by behaving in an orderly manner while on school grounds and by utilizing the district's complaint processes if they have concerns with any district program or employee. In accordance with Penal Code 626.7, the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

Civility Policy - BP 1313

Natomas Unified School District is committed to ensuring a safe, orderly, and respectful environment at all District facilities and during all District events and meetings. This policy is

intended to promote a positive environment where behavior and communication is based on mutual respect, civility, and orderly conduct among District employees, parents, and the public. This policy is not intended to deprive any person of their constitutionally protected freedoms. It is intended to ensure an orderly, civil, and harassment free place for students, employees, parents, and the public to participate in the District's programs and activities. The District encourages students, employees, parents, and the public to communicate in a positive, calm, respectful and productive manner and to avoid hostile, aggressive, and confrontational behavior. If a student, employee, parent, or member of the public believes that another person is violating this policy, they should report this concern to the school site principal or designee and if that does not resolve the issue then to the superintendent or the superintendent's designee.

Classroom Visitation

A parent or guardian has the right to observe instruction and other school activities that involve his or her child in accordance with procedures determined by the governing board of the school district to ensure the safety of pupils and school personnel and to prevent undue interference with instruction or harassment of school personnel. Reasonable accommodation of parents and guardians shall be considered by the governing board of the school district. Upon written request by the parent or guardian, school or program officials shall arrange for the parental observation of the program by that parent or guardian in a reasonable timeframe and in accordance with procedures determined by the governing board of the school district. [E.C. 49091.10(b)] In lieu of a written request by the parent or guardian, the principal, site coordinator, district administration, upon his or her discretion, may grant a program visit with a verbal request.

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish procedures which facilitate visits during program hours. Visits during program hours should be arranged with the site coordinator or district LEAP Coordinator or designee 24 hours in advance. When a visit involves a conference with the site coordinator and/or the district LEAP Coordinator, an appointment should be scheduled during non-instructional time.

No electronic listening or recording device may be used by any person in a classroom without the principal or program directors permission. (Education Code 51512)

Pathway to Successful Communication

- Address the matter with the site staff directly (site coordinator/manager) by scheduling an appointment at least 24 hours in advance.
- If unresolved, please contact the Community Based Organization Supervisor.
- If unresolved, please contact the District LEAP Academy Department.
- If unresolved, contact Constituent and Customer Services for informal resolution at (916) 561-5253

- If unresolved, a formal complaint form is available through Constituent and Customer Services

ParentSquare

LEAP Academy uses ParentSquare for after-school communications, primarily with email, text and app notifications. ParentSquare will generate an account for each parent, using their preferred email address and phone number. We encourage parents to access their accounts so they can download the mobile app and update their preferences on when and how they are notified.

Student Deliveries

Deliveries of birthday or other celebration items (like balloons, flowers, etc.) will not be delivered. If a student is found to have these items and is a distraction to the learning environment, the items may be confiscated by program personnel and held until pickup.

Section 4: Student Expectations and Supports

Cell Phone Policy

Students may not use or wear mobile communication devices once they have entered campus for the instructional day, including extended day learning programs. Devices must be turned off and placed out of sight until they leave campus for the day. Students who need to call a parent/guardian may use the phones located in the administrative office.

Parents and guardians should communicate through the site coordinator to reach their student during program hours.

Education Code 48901.7 states that (a) The governing body of a school district, a county office of education, or a charter school may adopt a policy to limit or prohibit the use by its pupils of smartphones while the pupils are at a school site or while the pupils are under the supervision and control of an employee or employees of that school district, county office of education, or charter school.

- (b) Notwithstanding subdivision (a), a pupil shall not be prohibited from possessing or using a smartphone under any of the following circumstances:
- (1) In the case of an emergency or in response to a perceived threat of danger.
- (2) When a teacher or administrator of the school district, county office of education, or charter school grants permission to a pupil to possess or use a smartphone, subject to any reasonable limitation imposed by that teacher or administrator.
- (3) When a licensed physician and surgeon determines that the possession or use of a smartphone is necessary for the health or well-being of the pupil.
- (4) When the possession or use of a smartphone is required in a pupil's individualized education program

Computer and Internet Policy - AR 6163.4

Parents and students should read and understand the provisions of the Natomas Unified School District Student Use of Technology Board Policy 6163.4 and the Administrative Regulation 6163.4, which states that: (1) Students shall use the district's system safely, responsibly and primarily for educational purposes and (2) Students shall not intentionally upload, download, or create computer viruses and/or maliciously attempt to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking."

In addition, By using any District Technology or otherwise accessing the District Network, on District Network, on District premises, students understand and agree to abide by the provisions and conditions of this policy as well as with any District policies and rules which may relate to usage of District Technology and/or District Network. Students also understand that their use of the Internet and electronic communication via District Technology is strictly limited to educational purposes, that they are not guaranteed any rights to privacy with respect to use of the District

Technology, including use of District-Owned Devices and the District Network, and that from time to time the District may monitor the District Network for general security purposes and in order to ensure compliance with Board Policy, Administrative Regulation and this Agreement.

Also, the District makes no warranties of any kind, either express or implied, that the functions or the services provided by or through District Technology will be error-free or without defect. The District will not be responsible for any damage or harm users may suffer, including but not limited to, loss of data, interruptions of service, or exposure to harmful or inappropriate material or people. The District is not responsible for the accuracy or quality of the information obtained through the District Network.

Families can read the entire District Student Use of Technology Board Policy 6163.4 and the Administrative Regulation 6163.4 by visiting our district website at:
<http://natomasunified.org/board-of-trustees/board-policies-and-administrative-regulations>.

Program Safety Preparedness

The safety of our students is of critical importance at LEAP Academy. All staff are trained with the district's "Emergency Management Plan". In addition, in alignment with required safety drills the following are practiced throughout the school year:

- **Lockdown:** A response to a situation that presents an immediate and ongoing danger to the safety of students, faculty, staff, and visitors by a person using firearms or other types of weapons or engaging in behaviors deemed to pose a threat to the safety of the school.
- **Earthquake/ Drop-Cover-Hold Drill:** A standard response to earthquakes. Drop where you are onto your hands and knees. Cover your head and neck with one arm and hand. Hold on to the shelter, and to head and neck until shaking stops.
- **Evacuation:** The immediate and urgent movement of students, faculty, staff, and visitors away from a threat or actual occurrence of a hazard due to fire, explosion, violent incidents, or other threats to immediate or local surroundings.
- **Shelter-in-place:** An action for all students, staff, and visitors to take shelter in a safe location indoors until there is an "all clear" release or direction to evacuate due to chemical, radiological, or environmental threat, active aggressor/shooter, severe weather, or other threat.
- **Other School-Wide Emergencies:** Comprehensive school plans allows for multiple response options depending on the nature of the emergency; based on situational awareness, staff may determine the best option or response such as lockdown, evacuate/escape, drop-cover-hold, or other.

Circumstances may occur at the school that require parents to pick up their students in a formalized, controlled release. This process is called a Reunification and may be necessary due to weather, a power outage, hazmat or if a crisis occurs at the school. The Standard Reunification Method is a protocol that makes this process more predictable and less chaotic for all involved. Because a reunification is not a typical event, a reunification may occur at a different location than the location of the program. If this location is another school, then those students may be subject to a controlled release as well.

- **Notification:** Parents may be notified in a number of ways. The program, school, or district may use its broadcast phone, text message system, or the Procare App. In some cases, students may be asked to send a text message to their parents. A reunification text message from a student may look something like this: *"The school has closed, please pick me up at 3:25 at the main entrance. Bring your ID."*
- **Parent/Guardian Expectations** - If a parent or guardian is notified that a reunification is needed, there are some expectations that parents or guardians should be aware of. First, bring identification. That will streamline things during reunification. Second, be patient. Reunification is a process that protects both the safety of the student and provides for an accountable change of custody from the school to a recognized custodial parent or guardian.
- **How It Works** - For students, the school asks that students be orderly and quiet while waiting. Students may be asked to text a message to their parents or guardians. Students are also asked not to send other text messages either in or out of the school or reunification area. Keeping the cellular network usage at a minimum may be important during a reunification

NUSD Outdoor Environmental Guidelines provides direction to staff regarding the ozone pollution forecast and wildfire smoke advisories in the Sacramento region during the warmer months and fire season to ensure students and staff are being safe when partaking in outdoor activities, which may include changes location of activities.

Potty Training and Toileting

LEAP Academy highly encourages full potty-training for students. LEAP Academy staff are only able to assist students with small, contained accidents where the student can properly assist with sanitary cleanup. For extensive accidents, the parent/guardian or emergency contacts will be called to assist or take the child home.

A fully potty-trained student may occasionally have an accident, but this generally means the child:

- Comes to school in "big kid" underpants (not pull-ups).
- Can communicate the need to use the bathroom.
- Can independently manage toileting (pull down underpants, sit on the toilet or stand at the urinal, and void the bowels or bladder).
- Can independently manage related hygiene (can access toilet paper, wipe, place used toilet paper in the toilet bowl, flush, pull up underpants without assistance, and wash and dry hands).

Section 5: Student Safety and Behavior Policies/Procedures

Suspension

Students suspended from school may not participate in the LEAP Academy program while suspended.

Progressive Student Discipline

Maintaining a safe and orderly program is essential to ensuring the safety and well-being of all students and staff. When students do not follow program rules or behavior expectations, the following progressive discipline procedures and interventions will be implemented. Depending on the severity of the behavior or a student's disciplinary history, the program may advance to a higher tier of intervention.

Tier 1 Procedures and Related Consequences

(A major incident or repeated minor incidents)

- Parents/guardians will be notified, and the student will complete a behavior reflection activity.
- An after school behavior plan may be required for the student to continue in the program.

Tier 2 Procedures and Related Consequences

(Next Incident After Behavior Plan Implemented)

- Parents/guardians will be notified, and the student may be suspended from the program for a defined period of time.
- A parent/guardian meeting may be required before the student returns to the program.
- A behavior plan may be required for the student to continue in the program.

Tier 3 Procedures and Related Consequences

- Upon a major safety concern or failure to adhere to an after school behavior plan, the student will be removed from the program.
- Parents/guardians will be notified of the student's removal from the program.

District or Program staff reserves the right to immediately advance a student to Tier 2 or Tier 3, including immediate removal from the program, when a serious or safety-related infraction warrants such action.

LEAP Academy Student Expectations & Rules

Aerosol Sprays/Perfumes

Students are not allowed to possess any aerosol spray/perfume containers on campus or at school sponsored events.

- Hair sprays, computer duster sprays, deodorant sprays are potential inhalants, which can and have been used by students to affect the central nervous system as a stimulant, depressant or hallucinogen. Various inhalants produce different effects. The possession of these products, for this purpose, or the use of these products in that manner is in violation of State Penal Code sec. 381.
- The propellants in aerosol containers cause the mist to project into a room and linger long enough to set off the smoke detectors. Students have been doing this at great expense to the educational process and local fire protection agencies. Deodorants, hair fixative, etc. can be obtained in other forms: pump, roll on, etc. which are not aerosols and do not propel the contents in a fashion as described above.

Baked Goods

Baked goods, such as cakes, cupcakes, brownies, etc. are NOT allowed in the program and will be confiscated. Baked goods, for the use of celebrations, must be approved by program administration and provided directly to the students by the program staff.

Bullying - BP 5131.2

To the extent possible, district and program strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and program rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

Students are encouraged to notify staff when they are being bullied or suspect that another student is being victimized. In addition, students can report threats or incidents confidentially and anonymously by go to NUSD Report Bullying Webpage at <https://natomasunified.org/bully-prevention/>

- The drug(s)/alcohol will be confiscated.
- Students will be removed from class or school activity.

- Parents/guardians will be asked to come to the school.

Students in possession and/or use of tobacco products can be subject to disciplinary actions, including, but not limited to removal from the LEAP Academy program.

Harassment

The Board of Trustees is committed to maintaining an educational environment that is free from harassment.

Sexual Harassment- BP 5145.7

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint, testifies about, or otherwise participates in district complaint processes. The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact a staff member, the principal, or any other available school or district employee.

Types of conduct which are prohibited in the district and may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations or propositions
2. Sexual slurs, epithets, threats, verbal abuse, derogatory comments or sexually degrading descriptions.
3. Graphic verbal comments about an individual's body, or overly personal conversation.
4. Sexual jokes, notes, stories, drawings, pictures or gestures.
5. Spreading sexual rumors.
6. Teasing or sexual remarks about students enrolled in a predominantly single-gender class.
7. Massaging, grabbing, fondling, stroking or brushing the body.
8. Touching an individual's body or clothes in a sexual way.

10. Displaying sexually suggestive objects.

Nondiscrimination- BP 5145.3

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, harassment, intimidation, and bullying targeted at any student by anyone based on the student's actual race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

Mutual Combat (Fighting)

Mutual combat—students striking, pushing, or shoving each other—will not be tolerated. Under the Education Code and Penal Code, once a student decides to strike another student even if the other student started it or struck first, it is considered Mutual Combat and not Self-Defense.

Self-Defense

A student who engages in self-defense is one who has tried EVERYTHING in his/her power to remove himself/herself from a situation that may result in physical blows. This includes refusing to engage in verbal threats or confrontations, walking away from the situation, seeking assistance from staff, and not striking back due to being hit by another person (grabbing, holding, or restraining one to prevent them from striking is self-defense). Students who are intimidated or harassed by another student should report the problem to a staff member or administrator. Staff members must report these incidents to a program administrator immediately.

Consequences for Mutual Combat (Fighting)

Students who engage in mutual combat (fighting) will be removed from the LEAP Academy program and may be immediately suspended from school in accordance with California Education Code and Board Policy. Students who engage in mutual combat may be required to participate in restorative activities, such as mediation, detention, No Contact Contracts, and/or Project Save. Mutual combat may be reported to the Sacramento Police Department because these acts constitute a violation of California Penal Code.

Instigating Mutual Combat (Fighting)

Students who instigate fights but are not actively involved (that is, students who carry rumors, put others up to fighting, carry information back and forth between other individuals who subsequently fight, watch or run to a fight, record and/or encourage a fight) submit themselves to the same penalties as those who are involved in the fight. Students who encourage Mutual Combat (fighting) by gathering around, recording, joining in the fight, yelling encouragement,

and/or hindering and disregarding school officials, can be subject to disciplinary actions, including, but not limited to removal from the LEAP Academy program and school suspension.

School Property

Students are expected to take care of school property, including books, paper, supplies and other necessary materials used to enhance learning. Students must pay for damaged or lost items.

Parents/guardians have a responsibility to the community for damages caused by their children to school property during or after school. The California Education Code 48909 states that any student who willfully cuts, defaces or otherwise injures in any way property belonging to the school district is liable may be subject to disciplinary actions, including, but not limited to removal from the LEAP Academy program, suspension or expulsion. Parents or guardians shall be liable for all damages so caused by the student.

Selling/Buying Personal Property

Students may not arrange the buying and selling of any personal property, including food, on a school campus. Students found doing this will be subject to appropriate consequences and the

items and money involved being confiscated by staff or administration and returned to parents once determined the items involved are not illegal or stolen.

Student Search and Seizure - BP 5145.12

The Board of Trustees is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, school officials and program staff may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.

School officials and program staff may search individual students, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, cellular phones, or other electronic communication devices. Please note reasonable suspicion is not the same as Law Enforcement's probable cause.
