1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Kingsburg Elementary Charter School District utilized the Prop 28 allocation to employ 4 full-time music educators to provide music instruction to our elementary school sites. A part-time piano accompanist was employed to provide background music to our choir classes for grades 4-8 during their class time, during performances, or for select competitions. The allocations were also used to purchase musical supplies, which included instruments to promote student participation. Our choir class at our junior high school utilized some money to attend vocal arts competitions throughout the school year. With four full-time music educators employed, the district used money to purchase sheet music and music programs for students at our lower grades. While music is a key focus in our district, art also is important, and thus, the district purchased art supplies for art instruction at school sites.
