July 1, 2026

To Parent, Teacher & Employee Organizations:

The health and safety of our students, staff, and school community is a top priority for the Ramapo Indian Hills Regional High School District.

The Asbestos Hazard Emergency Response Act (AHERA) of 1986 required that all educational facilities be inspected for asbestos – containing materials and develop a remedial plan of action on or before May 9, 1989. In addition, each educational facility shall reassess all identified asbestos – containing materials or materials assumed to be asbestos, at least once every six months (Periodic Surveillance) and re-inspect those facilities every three years (Tri-annual Re inspection).

The Ramapo Indian Hills Regional High School District is in compliance with these inspection requirements. The most recent Tri-Annual re-inspection was performed in November 2025. "Periodic Surveillance" inspections are performed every 6 months, unless a Tri-annual re-inspection is due. The most recent "Periodic Surveillance" inspection was performed in March 2026, with the next one scheduled for September 2026.

Following each inspection, appropriate remedial actions are recommended to the Board of Education by an accredited Asbestos Management Planner. The remedial plans of action and recommended schedules for implementation (Asbestos Management Plans) are available for review at the Ramapo Indian Hills Regional High School District Administrative Office located at 131 Yawpo Avenue, Oakland NJ, 07436 as well as in each school's Main Office.

We are committed to maintaining a safe learning and working environment and will continue to keep our parents, students, staff, and school community informed about our AHERA compliance.

Respectfully Yours,

Mario Cofini
