

2025-2026 Annotated SCEI Scorecard

SCEI Scorecard 2025–26

Name (EID)

School Name (SLN)

2025–26 Evaluation Rating

Proficient

Evaluation Ratings for High Schools

Unsatisfactory 0 – 35	Progressing 36 – 69	Proficient 70 – 82	Exceeds Expectations 83 – 89	Exemplary 90 – 100
--------------------------	------------------------	-----------------------	---------------------------------	-----------------------

Current Year Evaluation Score: 75

A - EVALUATION SCORE and EVALUATION RATING: Counselors will receive a current year evaluation score and evaluation rating based on 2025-26 SCEI data. Counselors will see on the scorecard two items of note in this section: (1) the Evaluation Rating Cut Points that were determined based on assignment at an Elementary, Middle or High School campus and range from Unsatisfactory to Exemplary and (2) a Current Year Evaluation score, which is the sum total of the Points earned from each of the components in the right-hand column of sections B (Performance and Experience) and C (Achievement and Outcomes).

SCEI Component and Measures	Points Possible	Result / Information	Points Earned
Performance & Experience Component	65		56
Individual Performance Rubric	55	Summative score: 95/104 Points: 91.3 % of 55	50
Campus Climate Survey: College-Going Culture Strand	5	78.6% positive responses (1) 4: change in % positive responses (3)	3
Parent Survey	5	92.8% positive responses (3) 2: change in % positive responses (2)	3

B – PERFORMANCE & EXPERIENCE: The SCEI measures in the Performance and Experience Component include the SCEI Individual Performance Rubric summative submitted in Cornerstone in Spring 2026, and counselor-specific measures from the Campus Climate and Parent Surveys. The left-hand column shows the points possible for each of these measures, the middle column reflects the data for the counselor, and the right-hand column equals the points earned. If a measure cannot be calculated, points in the component are reweighted into the Performance & Experience Total. See the SCEI Guidebook, linked [here](#) for more information on these measures.

Achievement & Outcomes Component	35		19
School STAAR results	5	58.5% tests meeting grade level (3) 44.7 STAAR SEI (1) 42.8% above peer group average (1)	3
College Readiness: TSIA2 or SAT	10	47.2% met TSIA2 or SAT (2) 47.4: TSIA2 or SAT SEI (4) 38.5% above peer group average (4)	4
CCMR Measure 1	5	96.7% of Graduates CCMR-Met	5
CCMR Measure 2	5	92.7% of Grade 9-11 Students On-Track or Achieved Grade Level Advancement	3
Student Attendance	5	85.4% average daily attendance	1
Graduation Rate	5	87.4% graduation rate	3
Priority Campus Service Points*	5	Points not awarded because the counselor was not assigned to a Priority Campus for 2025-26.	NA

C – ACHIEVEMENT & OUTCOMES: The SCEI measures in the Achievement and Outcomes section vary by school level. All HS counselors should expect to see measures and metrics informed by TSI/SAT, School STAAR, and 2 measures around college and career readiness. CCMR measure 1 examines the percent of Spring 2026 graduate at the campus who are CCMR met; CCMR measure 2 includes the percent of the 9-11 grade students on track for grade level advancement. Elementary and MS Counselors will see only School STAAR and i-Ready Measures. All counselors should expect to see student attendance information and graduation rate (HS). If a measure cannot be calculated, points in the component are reweighted into the Performance & Experience Total. See the SCEI Guidebook, linked [here](#) for more information on these measures.

Counselors at 2025-2026 DSI Campuses will see DSI service points applied if minimum score on the summative (65) is achieved.

* Priority Campus Service Points are awarded if the counselor is at a Priority Campus and has earned a minimum of 65 (of the 104) within the Individual Performance Rubric.
