Annual Notification of Digital Resources Used in Schools

09/18/26

Martin County West uses a variety of digital resources and tools to support student learning. For reference purposes, we refer to these resources and tools as “Technology Providers,” as they are defined in Minnesota statute. Our district takes great pride in ensuring that student information and academic data is protected to the highest of standards. Our Technology staff routinely evaluate providers utilized for digital assessment, online testing, digital curriculum resources, and digital curriculum activities to ensure that contractual requirements ensure the safety of student data.

As a part of our ongoing process to inform you of the safety and privacy of the data that is held by technology providers utilized by our district, we have made a listing of the Technology Providers utilized within the school district available for your review. Included in this listing you will find the data elements that the resource stores and utilizes.

Please visit: <https://rover.swwc.org/public/ba43dfe24f5770f5ea0612143b91e4d4> to access the current listing of Technology Providers that we utilize.

Please reach out to **Jake Helmstetter** by Email jakehelmstetter@mcwmavericks.org or phone **507-764-2330** for additional questions regarding specific digital tools used in classrooms, or if you would like to arrange for an in-person appointment to inspect any of our Technology Provider contracts.
