Safety Plan Vision

The Comprehensive School Safety Plan analyzes current safety conditions and school climate. In doing so, the plan describes programs in place at our school and defines the strategies and programs in place for continued improvement in providing a safe, orderly, school environment that is nurturing and conducive to learning. Appendices follow the action plan. These Appendices include specific, mandated policies and protocols connected to the safety strategies and programs described within the narrative of this document.

Comprehensive School Safety Plan Requirements

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. State regulation requires the school site council or designated safety planning committee to write and develop the CSSP in consultation with a representative from a law enforcement agency, a fire department, and other first responder entities. The Comprehensive School Safety Plan for the current school year is reviewed, updated, and submitted to San Mateo County Office of Education by October 15th for review and approval. The District ensures that the CSSP is adopted by the school annually by March 1st; the CDE recommends the plan be approved by the (district) Board within a month of school adoption or as soon as possible. A copy of the Comprehensive School Safety Plan – Public Component is made available for review at the District Office and on the District Website. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

Components of the Comprehensive School Safety Plan (EC 32282)

The Comprehensive School Safety Plan (CSSP) includes the following components:

Assessment of school crime committed on school campuses and at school-related functions; strategies and programs that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school

safety; child abuse reporting procedures; disaster, emergency, and crisis response procedures; procedures to allow a public agency to use school buildings, grounds, and equipment for mass care and welfare shelters during an emergency, suspension and expulsion policies; annual notification related to the safe storage of firearms; the reporting by a school official of any threat or perceived threat to law enforcement; threat assessment procedures; procedures to notify teachers of dangerous pupils; discrimination and harassment policies; school-wide dress code policies; procedures for safe ingress and egress; policies enacted to maintain a safe and orderly environment; rules and procedures on school discipline and hate crime reporting procedures; procedures for responding to dangerous or violent activities, criminal incidents, active shooters, or other armed assailants; procedures to respond to a sudden cardiac arrest or other similar life-threatening medical emergency while on school grounds; protocol for responding to a pupil in grades 7-12 who is suffering or is reasonably believed to be suffering from an opioid overdose; bullying prevention policies and procedures; an Instructional Continuity Plan.

The safety plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. Districts and County Offices of Education are encouraged to include strategies to create and maintain a positive school climate, mental health protocols for the care of students who have witnessed a violent act at any time, and clear guidelines for the roles and responsibilities of the following positions (if used):

- Mental Health professionals, school counselors
- Community Intervention Professionals
- School Resource Offices, police officers on campus

Assessment of School Safety

Current Status of School Crime (EC 32282.1)

Assessment of School Safety, specifically, an assessment of the current status of school crime at the school and the school related functions is accomplished by reviewing one or more of the following types of information:

- Office Referrals
- Attendance rates/School Attendance Review Board
- Suspension/Expulsion data
- California Health Kids Survey
- School Improvement Plan
- Local law enforcement juvenile crime data
- Property Damage data

Describe the data reviewed, key analysis points, and findings. Document how this information was shared with your SSC/planning committee and date shared:

1. Crime Reports
No crimes to report during the 23-24 school year

2. Expulsions
No expulsions to report during the 23-24 school year

3. Suspensions
Rate of suspension for 23-24

4. Behavior Plan
Hoover school has a team that develops behavior plans for students who exhibit serious behavior issues.

5. Attendance and Tardy Concerns
Attendance and tardies are monitored by our office staff and the Outreach Specialist. Parents of students who are absent or tardy on a excessive way, they will receive a letter from the Principal stating attendance requirements. If poor attendance persists, a referral is made to the School Attendance Review Board. Hoover also holds monthly Student Attendance meetings with parents to emphasize the importance of attendance.

Data reviewed came from the California School Dashboard for 2024 (https://www.caschooldashboard.org/reports/41690050000000/2024). This information was shared with our SSC during the November 2024 meeting.

The California Healthy Kids Survey (CHKS) was administered in 2023-2024 school year. Results can be viewed here (https://data.calschls.org/resources/Redwood_City_Elementary_41_2324_Sec_CHKS_Grd6-8.pdf). The CHKS will be re-administered in February 2025 for grades 4-8th.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

This section includes appropriate strategies and programs that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

Student Threat Assessment Policy and Protocol

Sections 49390 through 49395 of the California Education Code require that a school official of a local educational agency that serve pupils in any grades from six through twelve as part of a middle school or high school of any school district, county office of education, or charter school shall immediately report homicidal threats, or perceived homicidal threats, they have observed or been alerted to, directly to law enforcement. Upon receiving notification of a threat by a school official, law enforcement must conduct an investigation and threat assessment. The investigation and threat assessment must include a review of the Department of Justice's firearm registry and a search conducted at the school site, but "only if the search is justified by a reasonable suspicion that it would produce evidence related to the threat or perceived threat." LEAs must support law enforcement with investigating the threat and conducting a threat assessment.

The San Mateo County Office of Education operates the San Mateo County Student Threat Assessment Center that oversees the Student Threat Assessment Protocol/Process for all school districts in the county. The Student Threat Assessment Protocol and Process is designed for use with students who are engaged in circumstances that suggest the potential for aggression directed at other people, including procedures related to students bringing weapons on school campuses and at school related functions. The San Mateo County Student Threat Assessment Protocol is designed for Districts and/or school sites to oversee the site based multi-disciplinary Level 1 Threat Assessment team. A County-Wide Level 2 Student Threat Assessment Team that is Multi-Disciplinary Team made up of Leaders from San Mateo County Office of Education, Behavioral Health and Recovery Services, the Office of Consumer and Family Affairs, Juvenile Probation, Child and Family Services, Members of Law Enforcement and the County Attorney's Office. This team meets regularly and as needed to provide support to school sites and districts in assessing, responding to, and providing services to students who make targeted threats of violence or suggest the potential to do so.

Annual updates and training on the protocol and process are provided by the San Mateo County Office of Education.

Notification to Parents/Guardians of Safe Storage of Firearms
Section 48986 of the California Education Code (EC) requires that all kindergarten through grade twelve school districts, county offices of education, and charter schools shall annually inform parents and guardians of California's child access prevention laws and laws relating to the safe storage of firearms at the beginning of the first semester or quarter of the regular school term. School districts are encouraged to use the California Department of Education Template of Memoranda regarding Safe Gun Storage, or create their own.

Redwood City School District provides the following information regarding Safe Storage of Firearms to all Parents/Guardians annually at the beginning of the first semester/quarter or trimester of the regular school term:

Suicide Prevention Policy and Protocol

Suicide is one of the leading causes of death among youth. School personnel who regularly interact with students are often in a key position to recognize warning signs and initiate assistance and/or an appropriate referral. The San Mateo County Suicide Prevention Protocol for Schools provides schools/districts with a comprehensive approach to prevention, intervention and postvention strategies for students struggling with suicide and self-injurious behavior.

Measures and strategies specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. Prevention and Intervention strategies are developmentally appropriate for the student population that is being served. San Mateo County Suicide Prevention Protocol for Schools addresses the following:

- Strategies to help promote a positive school climate
- Staff development on suicide awareness and prevention for all K-12 staff
- Instruction to students in problem-solving and coping skills as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- Information to parents/guardians regarding risk factors and warning signs of suicide, basic steps for helping suicidal youth and school and community resources.
- Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
- Crisis intervention procedures for addressing suicide threats or attempts
- Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide.

Naloxone for Schools Toolkit to Reverse Opioid Overdoses (Optional)

Recent increases in opioid overdose-related deaths span across adult and youth populations, indicating that schools should develop and implement additional safety nets to protect students and school staff. In addition to drug awareness and education programs, schools and districts in San Mateo County can implement the Coalition for Safe Schools and Communities Naloxone Protocol for Schools to reverse opioid overdoses on campus.

San Mateo County Office of Education partners with the State of California to offer the Naloxone Distribution Project (NDP) to San Mateo County schools and districts. The NDP aims to reduce opioid-overdose deaths through training and the provision of free Naloxone. All TK-12 public school districts, charter schools, and private schools may participate. School Districts, Offices of Education and Charter School Entities shall establish minimum standards of training for the administration of naloxone hydrochloride or another opioid antagonist that satisfies the requirements of California Education Code 49414.3.

The Naloxone for Schools Toolkit complies with Education Code requirements detailing how to train staff, obtain, and administer Naloxone. San Mateo County Office of Education offers training on the Naloxone Toolkit to all schools in San Mateo County.

Sandra Ochoa, Lupe Guzman, John-Michael Gomez, Dinora Castro has been trained in the use of Naloxone and the Naloxone Toolkit for Schools and is implementing the protocol in Redwood City School District Schools.

Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Teachers and support staff are mandated reporters and are required by the State of California to report any known or suspected instances of child abuse or neglect to the county child welfare department or to a local law enforcement agency. No proof of abuse or neglect is needed, only "reasonable suspicion" that child abuse or neglect may have occurred. Any concern about the possibility of child abuse or neglect must be reported. Investigations will be conducted by law enforcement and/or the county child welfare department to determine if abuse or neglect has occurred.

Mandated reporters must report to the County Child Welfare Department or to local law enforcement immediately by phone. A written report must then be sent within 36 hours by fax, or it may be sent by electronic submission, if a secure system has been made available for that purpose in the county. Written reports must be submitted on the California Suspected Child Abuse Report Form 8572. Telling a supervisor does not meet the mandated reporting requirement. If a decision is made that the supervisor will complete and submit the report to the county child welfare department or law enforcement agency, then one report is sufficient.

For mandated reporters, Penal Code 11172 (a) provides absolute immunity from state criminal or civil liability for reporting as required. This immunity applies even if the mandated reporter acquired the knowledge or reasonable suspicion of abuse or neglect outside of his or her professional capacity or scope of employment. However, mandated reporters will only have immunity under federal claims if the report was made in good faith.

Legally mandated reporters can be criminally liable for failing to report suspected abuse or neglect. The penalty for this misdemeanor is up to six months in jail and/or up to a $1,000 fine. Mandated reporters can also be subject to a civil lawsuit and found liable for damages, especially if the child victim or another child is further victimized because of the failure to report.

District Policy: All certificated employees and any other employees designated by law as mandated reporters of the district are directed to report known or suspected incidents of child abuse in accordance with state law and district regulations. Mandated reporters are required to report if a “reasonable suspicion” of child abuse is suspected. Reports must be made immediately or as soon as practically possible and in writing within 36 hours. Mandated reporters shall call the local CPS agency, police or sheriff and make a verbal report with the following information: 1. Name of person making report 2. Name of the child 3. Present location of the child 4. Nature and extent of the injury 5. Any other information requested by CPS, police or sheriff. Employees reporting child abuse are required to notify the site administrator or designee as soon as possible. Administrators shall provide any assistance necessary to ensure that reporting procedures are carried out according to state law and district regulations. Mandated reporters have absolute immunity and are not civilly or criminally liable for filing a report. Mandated reporters who fail to report child abuse are guilty of a misdemeanor and can be held civilly liable for damages for any injury to the child after a failure to report. No supervisor or administrator may impede or inhibit reporting duties of employees. CPS, police or sheriff may interview a suspected victim at school and the child has the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide. If the child is released to a peace officer, the principal shall not notify the parent or guardian but rather shall provide the peace officer with the address and telephone number of the child’s parent or guardian and law enforcement must notify parent or guardian of the situation. Peace officers will be asked by school personnel to sign an appropriate release or acceptance of responsibility form. Training in child abuse identification, reporting and confidentiality rights for all mandated reporters of child abuse shall be provided by the Superintendent or designee. [Reference: RCSD Board Policy 5141 RCSD Administrative Regulation 5141.4 (a-f) EC 35294.2a] Site Implementation: Hoover has always followed, and will continue to follow, RCSD policy in all aspects.

Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Big Five: Immediate Action Emergency Response for Schools Protocol and Hazard Response Protocol

The San Mateo County Office of Education, in collaboration with Local Law Enforcement, County Government and Local Fire Departments, created the Big Five Immediate Action Emergency Response for Schools Protocol and Hazard Responses Protocol for all public, private and charter Schools in the County and update the protocols annually as needed. The Big Five Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. The Protocol is consistent with the guidelines established in California's Standardized Emergency Management System and integrate the procedures of the National Emergency Management System. All employees of the district are Disaster Service Workers, as defined by the California Emergencies Services Act, and are subject to such disaster service activities as may be rightfully assigned to them. All employees shall be required to subscribe to the oath or affirmation required by the Act.

When an emergency occurs, staff members take immediate steps to protect themselves, their students, and other people on campus. Staff, certificated and classified, are provided opportunities annually to be trained on the Big Five School Emergency Guidelines Immediate Action Response and Hazard Responses Protocol. The Big Five School Emergency Guidelines trainings specifically include training on the following:

- Earthquake preparedness, response, and recovery actions. Including Drop, Cover, and Hold On response protocols.
- Fire and Smoke, bomb threat or explosion, dangerous wildlife, bioterrorism and hazardous material spill or leak procedures which may result in a Shelter-In-Place
- Evacuation/Relocation procedures and Student Release to Family for Reunification procedures
- Secure Campus procedures for act of violence or danger of violence in the surrounding community
- Lockdown/Barricade procedures for a violent intruder on school premises

The Hazard Responses Protocol includes guidance in the event of the following hazards: Chemical and Gas, High Winds, Fire Off-Site, Fire On-Site, Power Outages, Poor Air Quality, Heat Events, Heat-Related Illness, Tsunami, and Medical Emergency.

Staff members must learn and train on each Big Five Immediate Action Response and Hazard Responses and be prepared to perform assigned responsibilities. All students must be familiar with actions to take in the event that a Big Five response is implemented. It is highly recommended that school staff and students participate in Big Five trauma-informed, developmentally appropriate emergency drills monthly. Tabletop exercises, walk-through drills, and social stories are examples of trauma-informed and developmentally appropriate training and drills to be used by school sites. Big Five signage and instructions are publicly displayed at all school sites.

Procedures to prepare for active shooters or other armed assailants

School site staff should participate in action-oriented Lockdown/ Barricade (active shooter) drills. The Think on Your Feet Peet Book, which teaches young students what to do during a Lockdown/Barricade, Table-Top exercises, or Walk-Through Drills can be used in lieu of violent intruder drills or simulations when students are present. State regulations require that any Lockdown/Barricade drill conducted with students may not be high-intensity and must comply with the outlined requirements of EC 32282(K).

Immediate Action Responses

ACTION	DESCRIPTION
SHELTER IN PLACE	For environmental hazards: Go inside immediately. Close doors, windows, and vents.
DROP, COVER, & HOLD ON	For earthquakes and explosions: Protect from falling debris. Drop to the floor. Take cover and hold on.
SECURE CAMPUS	For potential threats of violence nearby: Go inside the nearest building. Close and lock all doors. Remain inside until threat has passed.
LOCKDOWN/BARRICADE	For immediate threats of violence on premises: Go inside. Lock and barricade all doors. Cover windows and turn off lights. Remain quiet and alert.
EVACUATION	When conditions outside are safer than inside: Employ “Look, Listen, and Leave”. Exit the building and move to a safe location.

Cardiac Arrest or Similar Life-Threatening Medical Emergency While on School Grounds

In accordance with state regulation, safety plans are required to include procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds. General procedures to follow for a medical emergency on school grounds, including after school programs and events, are included in the Hazard Response Protocol. Staff are provided information and training annually by Redwood City School District on the use and location of any automated external defibrillator (AED); principals must notify pupils in grades 6-12 of the location of all AED units on campus.

District Policy: The safety of the students and school staff is of paramount importance. All actions taken shall bear in mind the safety and well being of both students and district employees. The Emergency Procedures Plan for the Redwood City School District is prepared in compliance with Section 560, Title 5 of the California Administrative Code, which makes it mandatory for all public schools to have a written emergency plan. The Katz Emergency Procedures Bill of 2984 added the requirement that earthquake preparedness plans be developed in all public and private schools. The Site Emergency Plan represents the mutual concerns of parents, students, and staff for the safety and welfare of all. The plan will be reviewed and revised annually and appropriate drills and training provided to help all persons become familiar with their responsibilities. Emergency preparedness also includes close cooperation and planning with police or sheriff, fire, civic emergency agencies, after school programs, and school/parent groups. Information regarding school district emergency procedures must be disseminated to parents and community members. Each school site is provided with an Emergency Preparedness Plan binder prepared by the Assistant Superintendent of Operations and Support. The Plan provides instructions for handling emergencies, emergency plan checklists and copies of annual documentation and handouts. The principal or site director of emergency services shall: 1. Review, revise and update the Emergency Plan by the last day of September each year and devote one staff meeting by the last day of October to reviewing the Site Emergency Plan 2. Provide maps or diagrams of evacuation routes and other designated areas needed in a major emergency. 3. Provide an effective internal communication system that is not reliant on public utility power. 4. Ensure that the Site Emergency Plan is tested at least twice each year in addition to legally required fire drills. [All drills are cancelled until COVID restrictions are lifted.] 5. Provide parents each year in the first mailed notice after school opens with the district policies regarding the release of students in case of a major disaster. 6. Implement the Site Emergency Plan when directed by Superintendent, report in person to assigned site after any major emergency and initiate a recall to duty of site personnel. 7. Inventory and monitor all supplies, equipment and furniture used in a declared emergency. Teachers shall: 1. Provide care and supervision to students as Disaster Service Workers under the direction of the site director of emergency services. 2. Shall be knowledgeable of their responsibilities for emergency preparedness and for implementing the site emergency plan. 3. Include earthquake education in the curriculum and present instruction to students about emergency preparedness plans for the school. 4. Conduct drills for fire evacuation and earthquakes. [All drills are cancelled until COVID restrictions are lifted.] [Reference: RCSD Emergency Preparedness Plan] Site Implementation: This year we have reviewed, revised and updated our planning, appointed a site chairman for preparedness, held relevant meetings, and replenished our supplies. We regularly use Nextel and walkie talkie communication devices from the district. We have had site drills, and we have responded to feedback concerning site performance. Our emergency shed is filled with emergency supplies, water and food in case of an extended evacuation. A copy of the school emergency evacuation map is posted in each classroom. All parents and volunteers on campus at the time of a practice drill or “Declared Emergency” will be expected to participate in the drill. If present during an actual emergency, parents, and volunteers will be expected to assist as needed. Our school’s emergency procedures related to Fire, Earthquake, or Intruder are posted in each classroom and on the Internet. We practice the Fire Safety Procedures throughout the school year. At the start of each school year we learn what to do in the event of an Earthquake or Intruder on campus. A district wide Earthquake Declared Emergency Drill is conducted each fall. [All drills are cancelled until COVID restrictions are lifted.] For our earthquake drill this year, we practiced evacuating the entire school to the field in case of an extended evacuation. Students regrouped by last name for siblings to be together and to help facilitate a dismissal by last name in case of an extended evacuation time. After school programs also participated in the emergency evacuation drill. Parent volunteers were also trained in and practiced appropriate student pick-up procedures in emergency situations. In addition to these procedures, the District conducts a School Bus Emergency Evacuation Drill. We will do these things in the new school year, as well. Hoover has always followed, and will continue to follow, RCSD policy in all aspects. C. Policies Regarding Suspension and/or Expulsion Actions District Policy: In consonance with Section 35291.5 of the Education Code, the district will notify the parent or guardian or every pupil enrolled in grades 1 through 12, inclusive, of the fact that the district’s regulations concerning student discipline are available on request at the principal’s office in any district school. The principal of each school shall ensure that every pupil and parent/guardian of each child receive the district’s regulations concerning student discipline at the beginning of each school year. It shall be the responsibility of each principal to inform all students of the grounds for suspension annually. Pupils have the right to due process of law and all staff members are expected to accord due

process rights to all students. A pupil may be suspended for any acts listed in AR 5114.1 (c-d) while on school grounds, while going to or coming from school, during lunch period or during, going to or coming from a school-sponsored activity. When a student is suspended from a class, the teacher of that class may require the student's parent/guardian to attend a portion of a school day in that class. If a teacher imposes this procedure, the principal shall send a written notice to the parent/guardian stating that law requires attendance. Suspension shall be preceded by an informal conference conducted by the principal, his designee or the superintendent of schools between the pupil, and whenever practicable, the teacher or supervisor who referred the pupil to the principal. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. This conference may be omitted if the principal, principal's designee or superintendent determines that an emergency situation exists. The conference shall be held within two school days. At the time of the suspension a school employee shall make a reasonable effort to contact the parent/guardian in person or by telephone. A notice of suspension must be mailed to the parent/guardian stating the reasons for the suspension and date and time when the student may return to school. No penalties may be imposed on the pupil for the failure of the parent/guardian to attend such conference, nor may readmission of the pupil be contingent on the attendance of the pupil's parent/guardian at such conference. Parents have the right to request a meeting with the superintendent or designee to review all written documents, review the evidence and the appropriateness of the penalty. A decision will be rendered within two school days. A student may be suspended for no more that five consecutive school days unless suspended by the governing board for any number up to 20 schools days in a school year. A pupil shall be suspended for no more than 20 school days in a school year. Up to 10 additional school days of suspension may be used if reassigned to another school or an opportunity class for adjustment purposes. If the governing board is considering an expulsion of the suspended student, the suspension may be extended until such time as the governing board has rendered a decision. Specific procedures for extended suspensions pending an expulsion hearing are described in AR 5114.1(i). The principal or superintendent of schools is required to recommend a pupil's expulsion for any of the following acts unless the principal or superintendent files a written report with the governing board reciting the facts of the incident that make expulsion inappropriate: 1. Causing serious physical injury to another person, except in self-defense. 2. Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds. 3. Unlawful sale of any controlled substance as defined in Section 11007 of the Health and Safety Code, except for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis. 4. Robbery or extortion. [Note: Complete procedures for expulsion are further defined in AR 5114.1 (l-t)] Special Education students may only be expelled under certain circumstances, following strict guidelines and procedures and then only when an IEP team has determined that (1) the misconduct was not caused by a or a direct manifestation of the identified handicap; (2) the misconduct was not the result of an inappropriate program; and, (3) the misconduct warrants expulsion. Designated officials may, according to law and governing board policy, have access to student belongings when evidence suggests that the welfare of students and other personnel may be threatened. The decision to search shall be made by the principal or the principal's designee. The search shall be made in the presence of at least one witness who is an employee of the District after which each such participants in the search shall sign a dated register attesting to what each found. Discovery of illegal or dangerous materials shall be reported to the office of the superintendent. [Reference: RCSD Board Policy 5114.1 and 5131.7 RCSD Administrative Regulation 5114.1 (a-u)] Site Implementation: We have had few expulsions in the past few years, and all suspensions have been within these guidelines. Hoover has always followed, and will continue to follow, RCSD policy in all aspects. D. Procedures to Notify Teachers of Dangerous Pupils District Policy: EC 49079 requires that the district advise teachers of students assigned to them who have committed any of the acts identified in Section 48900 as grounds for suspension and/or expulsion with the exception of subsection (h), dealing with the use of tobacco. Teachers are given directions by site and district administration in order to research this information on the district PowerSchool database. It is updated regularly so teachers can see those students who have been identified, as well as a description of the incident(s). [Reference: RCSD Board Policy-in progress RCSD Administrative Regulation-in progress] Site Implementation: PowerSchool is regularly used, and the history and behavior of students is regularly reviewed. We also maintain our own database of student referrals to monitor student behavior and offer incentives for students with minimal referrals. Hoover has always followed, and will continue to follow, RCSD policy in all aspects. https://simbli.eboardsolutions.com/Policy/ViewPolicy.aspx?S=36030397&revid=IE4ZuzlKSdWXgUgZ8LLLGQ==

The Big Five Immediate Action Response Protocol for School Administrators and Hazard Responses Protocol are found in the appendix of this plan. Site Specific Emergency Response plans can be found in the Comprehensive School Safety Plan; Non-Public Tactical components for each school site.

Public Agency Use of School Buildings for Emergency Shelters

Redwood City School District shall make school buildings, grounds, and equipment available to the Department of Emergency Services or other disaster related public agencies, including the American Red Cross, for mass care and welfare shelters during a disaster or other emergency affecting public health and welfare.

School Suspension, Expulsion and Mandatory Expulsion Guidelines
Redwood City School District desires to provide students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. Rules and regulations set the standard of behavior expected of students and the disciplinary process and procedures for addressing violations of those standards and therefore adheres to California Education Code 48915(a)(1) for grounds for suspension or expulsion.

District Policy: In consonance with Section 35291.5 of the Education Code, the district will notify the parent or guardian or every pupil enrolled in grades 1 through 12, inclusive, of the fact that the district's regulations concerning student discipline are available on request at the principal's office in any district school. The principal of each school shall ensure that every pupil and parent/guardian of each child receive the district's regulations concerning student discipline at the beginning of each school year. It shall be the responsibility of each principal to inform all students of the grounds for suspension annually. Pupils have the right to due process of law and all staff members are expected to accord due process rights to all students. A pupil may be suspended for any acts listed in AR 5114.1 (c-d) while on school grounds, while going to or coming from school, during lunch period or during, going to or coming from a school-sponsored activity. When a student is suspended from a class, the teacher of that class may require the student's parent/guardian to attend a portion of a school day in that class. If a teacher imposes this procedure, the principal shall send a written notice to the parent/guardian stating that law requires attendance. Suspension shall be preceded by an informal conference conducted by the principal, his designee or the superintendent of schools between the pupil, and whenever practicable, the teacher or supervisor who referred the pupil to the principal. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. This conference may be omitted if the principal, principal's designee or superintendent determines that an emergency situation exists. The conference shall be held within two school days. At the time of the suspension a school employee shall make a reasonable effort to contact the parent/guardian in person or by telephone. A notice of suspension must be mailed to the parent/guardian stating the reasons for the suspension and date and time when the student may return to school. No penalties may be imposed on the pupil for the failure of the parent/guardian to attend such conference, nor may readmission of the pupil be contingent on the attendance of the pupil's parent/guardian at such conference. Parents have the right to request a meeting with the superintendent or designee to review all written documents, review the evidence and the appropriateness of the penalty. A decision will be rendered within two school days. A student may be suspended for no more that five consecutive school days unless suspended by the governing board for any number up to 20 schools days in a school year. A pupil shall be suspended for no more than 20 school days in a school year. Up to 10 additional school days of suspension may be used if reassigned to another school or an opportunity class for adjustment purposes. If the governing board is considering an expulsion of the suspended student, the suspension may be extended until such time as the governing board has rendered a decision. Specific procedures for extended suspensions pending an expulsion hearing are described in AR 5114.1(i). The principal or superintendent of schools is required to recommend a pupil's expulsion for any of the following acts unless the principal or superintendent files a written report with the governing board reciting the facts of the incident that make expulsion inappropriate: 1. Causing serious physical injury to another person, except in self-defense. 2. Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds. 3. Unlawful sale of any controlled substance as defined in Section 11007 of the Health and Safety Code, except for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis. 4. Robbery or extortion. [Note: Complete procedures for expulsion are further defined in AR 5114.1 (l-t)] Special Education students may only be expelled under certain circumstances, following strict guidelines and procedures and then only when an IEP team has determined that (1) the misconduct was not caused by a or a direct manifestation of the identified handicap; (2) the misconduct was not the result of an inappropriate program; and, (3) the misconduct warrants expulsion. Designated officials may, according to law and governing board policy, have access to student belongings when evidence suggests that the welfare of students and other personnel may be threatened. The decision to search shall be made by the principal or the principal's designee. The search shall be made in the presence of at least one witness who is an employee of the District after which each such participants in the search shall sign a dated register attesting to what each found. Discovery of illegal or dangerous materials shall be reported to the office of the superintendent. [Reference: RCSD Board Policy 5114.1 and 5131.7 RCSD Administrative Regulation 5114.1 (a-u)] Site Implementation: We have had few expulsions in the past few years, and all suspensions have been within these guidelines. Hoover has always followed, and will continue to follow, RCSD policy in all aspects.

Procedures to Notify Teachers of Dangerous Pupils (EC 49079)
The Hoover Community School shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any dangerous acts as described in EC sections 48900, 48900.2, 48900.3, 48900.4, or 48900.7 (excluding 48900[h]).

The Hoover Community School shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business or receives from a law enforcement agency regarding a pupil described in this section. An employee of Hoover Community School who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision (a) is guilty of a misdemeanor, is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars ($1,000), or both.

Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

District Policy:
EC 49079 requires that the district advise teachers of students assigned to them who have committed any of the acts identified in Section 48900 as grounds for suspension and/or expulsion with the exception of subsection (h), dealing with the use of tobacco.

Teachers are given directions by site and district administration in order to research this information on the district PowerSchool database. It is updated regularly so teachers can see those students who have been identified, as well as a description of the incident(s).

Site Implementation:
PowerSchool is regularly used, and the history and behavior of students is regularly reviewed. We also maintain our own database of student referrals to monitor student behavior and offer incentives for students with minimal referrals. Hoover has always followed, and will continue to follow, RCSD policy in all aspects.

Firearms on Campus

The Hoover Community School commits to providing a safe environment for students, staff, and visitors on campus. The Superintendent or designee shall consult with local law enforcement, insurance carriers, and other appropriate individuals and agencies to address the security of school campuses.

District policy regarding the possession of firearms and/or ammunition on school grounds is included in the district's comprehensive safety plan and communicated to district staff, parents/guardians, and the community.

Only those persons specified in Penal Code 626.9(l)-(o) and 30310 are authorized to possess a firearm and/or ammunition on school grounds. School grounds include, but are not limited to, school buildings, fields, storage areas, and parking lots. The Superintendent or designee shall not grant permission to any other individual to carry a firearm or ammunition on school grounds.

Sexual Harassment Policies (EC 212.6 [b])

The Redwood City School District is an equal employment opportunity employer and is committed to implementing a policy of nondiscrimination in all aspects of employment.

Redwood City School District provides equal opportunity to all applicants and employees without regard to race, color, religion, pregnancy, sex, sexual orientation, gender identity or perceived sex or gender, genetic information or characteristics (with respect to the applicant, employee, or a family member), national origin, ancestry, age, physical or mental disability, medical condition, family care status, marital status, veteran's status, uniformed service, or other basis protected by state or federal law.

Redwood City School District does not unlawfully discriminate based on the perception that anyone has any of those characteristics or is associated with a person who has or is perceived as having any of those characteristics.

District Policy: To promote an environment free of sexual harassment, the principal or designee shall take appropriate actions such as removing vulgar or offending graffiti, establishing site rules, and providing staff inservice or student instruction and counseling. Teachers shall discuss this policy with their students in age-appropriate ways and shall assure them that they need not endure any form of sexual harassment. The Board shall not tolerate the sexual harassment of any student or District employee by any other student or District employee. Any student or employee who is found guilty of sexual harassment shall be subject to disciplinary action. The Board encourages students or staff to immediately report incidences of sexual harassment to the principal or designee. The Superintendent or designee shall promptly investigate each complaint of sexual harassment in a way that ensures the privacy of all parties concerned. In no case shall any individual be required to resolve the complaint directly with the offending person. Board policy defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature constitute sexual harassment when submission is a condition of academic status, basis of academic decisions, Other types of conduct which are prohibited in the district and which may constitute sexual harassment include: 1. Unwelcome sexual flirtations/propositions. 2. Verbal abuse of a sexual nature. 3. Graphic verbal comments about an individual's body. 4. Sexually degrading words used to describe an individual. 5. Display of sexually suggestive objects or pictures in the educational environment. 6. Any act of retaliation against an individual who reports a violation of the district's sexual harassment policy or who participates in the investigation of a sexual harassment complaint. School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

A school-wide dress code established pursuant to this section and Section 35183 shall be enforced at Redwood City School District and at any school-sponsored activity by the school principal or person designated by the principal. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process. Redwood City School District expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activity in which they participate. Students are prohibited from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities.

District Policy:
The expression of a student's uniqueness and individuality by means of the student's dress is sanctioned by the governing board as being consistent with stated purposes of the school. Students and parents/guardians shall be informed about a school's dress procedures at the beginning of the year and when revised. Restriction on freedom of student dress will be imposed whenever the mode of dress in question:
1. Is unsafe either for student or those around the student.
2. Is disruptive of school operations and the education process in general.
3. Is contrary to law.

A source of funding shall be available for students whose parents/guardians cannot afford to pay for them. Parents may choose not to have their children comply with a school uniform procedure adopted by a school site council. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents so decide.

Administration is encouraged to establish any needed regulations consistent with this policy through cooperative planning with staff, students, and parents.

Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
In an effort to ensure the safety of students, staff, parents and campus visitors specific policies and procedures have been enacted at Redwood City School District.

District Policy:
Although the District is not liable for the safety of pupils who are not under school supervision, the school district can, and does, hold students accountable for their behavior from the time they leave their homes for school, until they return to their homes from school. Students are accountable on the playgrounds, during recess, and at any time they are on school premises and/or under supervision of school district personnel.

Principals, teachers or bus drivers to whom they may delegate their authority are responsible for the conduct and safety of students enrolled in their schools from the time they come under school supervision until they leave school supervision, whether on school premises or not.

It is the responsibility of the principal to provide for adequate supervision of playgrounds and other school facilities at all times they are in use by students. Special attention should be given to the prevention of accidents, and to the development of habits of good citizenship.

The principal should make full use of the cooperative services of local and county organizations which provide safety services, such as fire, law enforcement and county agencies.

(Optional) Other Programs, Procedures or Policies for Safe Ingress and Egress Include:

- Student Transportation Procedures (optional)
- Student Drop Off & Parking Procedures (Optional)
- Other relevant Procedures or Policies (Optional)

Safe Routes to School Program (Optional Section)

The San Mateo County Office of Education and Redwood City School District participates in the Safe Routes to School Program which results in less traffic congestion around schools; improved air quality; a greener, healthier community; and an increase in self-reliance among San Mateo County children who walk and bike to school. The San Mateo County Safe Routes to School Program provides bike and pedestrian education and walk audits that assess the walkability and bike ability of a school and its surrounding environment. These audits include analyzing traffic patterns and travel to and from a school. Walking and biking route maps can also be generated to support safe and efficient travel flow to and from a school. San Mateo County Safe Routes to School program places particular emphasis on providing access and support for students whose families have limited financial means, students of color, students of all genders, and students with disabilities, and works to provide additional resources to schools in low-income communities, particularly technical assistance for schools serving low-income communities with higher rates of traffic collisions involving pedestrians and cyclists. The program fosters a city/school relationship around infrastructure for safe walking and bicycling to school.

Electrical Bicycles (E-Bikes) (Optional Section)

San Mateo County Office of Education Safe Routes to School offers electrical bicycle (e-bike) safety resources for student safety. E-bike riders must follow all traffic rules and regulations. Schools permitting e-bikes on school grounds communicate to families the types of bikes permitted, the e-bike policy, the process of permitting by the school district, and require student riders to take an online e-bike safety class that includes lithium-ion battery safety tips. E-bike batteries are not permitted to be charged on school grounds. Students are required to walk e-bikes when entering school grounds, including parking lots, and store the bike in the designated location. E-bikes are stored away from exit doors and anything that can become hot or catch fire. A legal e-bike has working pedals, a maximum of 750 watts, and a maximum speed capability of 20mph for a Class 2 e-bike. Students age 17 and under are required by law, California Vehicle Code 21212a, to wear a properly fitted and fastened helmet when riding an e-bike. State regulations require riders of Class 3 e-bikes to be at least 16 years of age.

As the use of e-bikes continues to grow among students, promoting e-bike safety has become an important part of our school's safety efforts. E-bikes can offer a fun, efficient, and environmentally friendly way for students to get to and from school; they require responsible riding practices. The school encourages all students and families to review and follow California laws related to e-bike use, including helmet requirements, age restrictions for certain classes of e-bikes, and safe riding behaviors. Our school supports e-bike safety education, including proper speed control, awareness of traffic laws, and the importance of staying alert while riding. Ongoing collaboration with local law enforcement, Safe Routes to School programs, and community partners promotes safe riding habits and reduces the risk of injury.

A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)

The Redwood City School District works to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe, connected, and take pride in their school and their achievements. Positive relationships between all members of the school community are paramount.

Positive School Climate:

School climate refers to the quality and character of school life. School climate is based on patterns of school life for all stakeholders, including students, parents, and staff. A school's climate reflects norms, goals, values, interpersonal relationships, teaching and

learning practices, and organizational structures. A positive school climate fosters positive youth development and supports a high-quality learning environment that provides young people with the foundation to pursue productive and rewarding lives.

Evidence of a positive school climate includes the following:

- Norms, values, and expectations that support social, emotional, and physical safety
- Respectful and engaging interactions and relationships
- A shared school vision that includes students, families, and educators working together
- Educators who lead by example and nurture positive attitudes
- Meaningful participation in the operations of the school and care of the physical environment by all stakeholders

- High expectations posters displayed in classrooms to clearly define student behavior, parent participation and staff expectations
  Proactive Schoolwide Discipline Committee
  Family Life and Health Education
  Monthly Newsletter with School and Community updates
  Monthly Cafecitos with the principal for parents to come hear school update and address school concerns
  Connect Ed calls to inform parents of important upcoming events or notification of an emergency situation

Programs/Procedures to Address Mental Health Care for Students Who Have Witnessed a Violent Act (Optional)

Students who have witnessed a violent act at school or at a school sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found to be significantly associated with psychological trauma symptoms. Schools should work to identify these students and provide appropriate and timely linkage to mental health services.

- High expectations posters displayed in classrooms to clearly define student behavior, parent participation and staff expectations
- Proactive Schoolwide Discipline Committee
- Family Life and Health Education
- Monthly Newsletter with School and Community updates
- Monthly Cafecitos with the principal for parents to come hear school update and address school concerns
- Connect Ed calls to inform parents of important upcoming events or notification of an emergency situation

Mental Health Supports and School Resource Officers on Campus (EC 32282.1) (Optional)

Redwood City School District recognizes that to maintain a positive school climate, promote school safety, and increase pupil achievement, mental health and intervention services including restorative and transformative justice programs and positive behavior interventions and support must be prioritized.

The following procedures, protocols, and board polices pertain to how the mental health professionals, school counselors, and school resource officers (if utilized) work directly with students to create and maintain a positive school climate for students:

School Discipline Rules and Consequences (EC 35291 and EC 35291.5)
Hoover Community School is committed to providing a safe, supportive and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. High expectations of student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for discipline measures that exclude students from instruction as a means for correcting student misbehavior.

The primary reason for school rules is to ensure student safety. The goal is for students to behave in a manner that demonstrates respect for people and property. School rules reflect the standards of the community as a whole so that school prepares students to be responsible adult citizens. School discipline is a cooperative effort between the students, faculty, parents and administration. Every attempt is made to enforce rules consistently and with a loving understanding of children and their needs.

Positive Behavioral Intervention and Support (PBIS) -
School and classroom recognition reward systems are established to promote student success. Hoover uses PBIS as a school wide approach to make schools safe and promote positive behavior. PBIS is a framework for teachers, administrators and parents and it is used with all students in the school. PBIS is based on the following principles:

~Every child can learn expected behaviors.
~Early intervention can prevent more serious behavior problems.
~Each child is different and schools need to provide many kinds of behavior support.
~How schools teach behavior should be based on research and science.
~Following a child's behavioral progress is important.
~Schools must gather and use data to make decisions about behavior problems.

Our school wide expectations are:

Be Safe
Be Respectful
Be Responsible

Please see attached Behavioral Matrix that explains how these three expectations are applied in every area of campus.

In addition:

Students must be signed out by an adult listed on the emergency form from the office if leaving during school hours.
If a child is injured or is a victim of an offense, he or she must take responsibility to inform a supervisor. Students and their parents are expected to inform school authorities of ongoing situations and work together to find appropriate solutions.
Students who intentionally physically hurt/injure another student will receive appropriate consequences. Parents will be notified.
Children should not be dropped off at school before yard supervision begins (8:00am). After School yard supervision ends at 3:00pm. Students must be picked up on time.

Generally when a student breaks a rule, he/she is spoken with and at times provided a consequence or, depending on the severity, sent to the principal/assistant principal. Teachers communicate with parents regarding student behavior through phone calls, email, or notes. A phone call or letter sent home to parents could request follow up visits with the principal/assistant principal. Most student discipline issues are resolved in the following ways:

Discussions involving students and teachers or the administration
Discussions with students, parents and the administration
Restorative Conversation

Loss of student privileges
Detention
Saturday School
In-school suspensions
Suspensions or Expulsion

Parents of students who break rules repeatedly will be asked to meet with the principal/assistant principal and the student study team.

ANTI BULLYING PLEDGE

I understand that bullying is when one or more people exclude, tease, taunt, gossip, hit, kick or put down another person with the intent to hurt another. I understand that bullying happens when a person or a group of people want to have power over another or use power to get their way, at the expense of someone else.

As part of my community and my school, I WILL:

Pledge to be part of the solution
Eliminate taunting from my own behavior
Encourage others to do the same
Do my part to make my school community safe for others
Not let my actions or words hurt others
Not use social media to hurt others
If others will not be part of the solution, I WILL

District Policy:
Discipline based on faith in the worth and dignity of each individual is a positive form of guidance rather than a punishing device. Any form of discipline that impairs the students' self-respect should be avoided.

This concept defines discipline as the process of teaching students to accept responsibility for a given action. Through this process children will annually be provided with guidelines for appropriate behavior and the opportunity to achieve positive change in their behavior and their attitudes.

Discipline will be achieved when students are provided with a chance to grow toward self-management through:
1. Clearly defined rules and regulations.
2. Effective communication with parents, teachers, students, administrators.
3. Consistent use of discipline procedures.

4. Reinforcement of positive behavior.
5. Provision of due process.

The minimum standards for a student in the Redwood City School District are:
1. Respecting the authority of teachers, principals, and other school personnel to enforce District and school rules.
2. Behaving in classrooms and on school campuses without disrupting or interfering with the rights of other students and staff.
3. Following the standards of behavior and obeying rules of the classroom, school and District.
4. Attending assigned classes daily and on time.

It is the role of the Board of Education to adopt policies designating standards of student conduct and regulations governing disciplinary action procedures, to support the consistent implementation of policies in all schools, to encourage staff cooperation with community agencies and to make final decisions in all cases involving the involuntary expulsion of students from regular school attendance.

It is the role of administration:
•To work with student, staff and parents to clearly define and explain discipline standards.
•To cooperate with teachers, students and parents in trying to solve problems.
•To exercise good judgment in determining the need and extent of disciplinary actions.
•To contact parents of students who are experiencing unusual difficulties.
•To follow suspension procedures
•To assist teachers who need help with discipline problems.

It is the responsibility of teachers to develop classroom rules and regulations, instruct students in classroom, school and district regulations, to insure proper and adequate control of students and to supervise all students assigned to their class or subject to their control (playground, etc.)

It is the responsibility of classified personnel to be familiar with discipline policies, exercise good judgment in handling behavior problems, and to refer students with continuing problems to the principal or classroom teacher.

Parents/guardians are responsible for the willful misbehavior of their children and are expected to cooperate with school authorities and be familiar with discipline policies.

The district considers public education a right of our youth. However, it does not consider it an absolute right, but a privilege with definite responsibilities on the part of both the student and the parent. Pupils must comply with all the rules and regulations as defined in the CA Education Code, the CA Administrative Code and the RCSD rules and regulations.

The principal of each school shall take steps to insure that all rules are communicated to students at the beginning of each school year and to transfer students at the time of their enrollment in the school.

Classroom teachers are given the authority to act in the place of the parent during the time the student is under the teachers' direction. To insure suitable control, the teacher may use the following means of control:
a. Confer with student and explain behavior policy
b. Take away privileges enjoyed by other students.
c. Lower a student's citizenship rating.
d. Assign special tasks to be completed at specified times
e. Contact parents so concerted action ban be taken to mutually correct abnormal behavior patterns of the student.
f. Restrict recess so long as that pupil has adequate opportunities to go to the restroom.
g. Detain a student after school for not more than one hour at the end of the school day, with notification of parent.
h. Refer student to school administration for correction and control
i. Consider suspension

Hate Crime Reporting Procedures and Policies

Discrimination and Harassment Policies Including hate crime reporting)
Redwood City School District believes all students are entitled to a safe, orderly, caring, and equitable learning environment that promotes academic achievement, school connectedness, and meaningful participation for all students.

- Protect the right of all students, staff, and parents/guardians to be free from harassment or any activity that degrades the unique qualities of an individual or association with a person or a group with one or more actual or perceived protected characteristics, to include students' parental, family, or marital status, ancestry, color, race, gender, gender identity, gender expression, ethnicity, age, culture, heritage, sexuality, physical/mental/intellectual attributes, or religious beliefs and practices.
- The Redwood City School District expressly prohibits discrimination, intimidation, bullying, cyberbullying, or harassment of any student or employee by any employee, student, or other person on any school campus or at any school activity whether on or off campus.
- School personnel will take immediate steps to intervene when it is safe to do so and when he or she witnesses an act of discrimination, harassment, intimidation, or bullying.
- The Superintendent or designee shall ensure that all students receive age-appropriate information on sexual harassment.
- For students in grades 4-12, disciplinary action may include suspension and/or expulsion provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account. Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.
- The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable Redwood City School District to monitor, address, and prevent repetitive harassing behavior at Redwood City School District schools.

Instructional Continuity Plan

PLAN OVERVIEW

The Instructional Continuity Plan (ICP) outlines provisions for instructional continuity in the event of a natural disaster or emergency. Redwood City School District will communicate with families of students as soon as possible, no later than five calendar days, following an emergency that requires implementation of an ICP. The plan outlines two-way communication, continuity of learning that includes support for students' academic needs, social-emotional and mental health, and access to instruction and other optional information such as support services, professional learning resources for staff, established emergency partnership/s, and considerations that determine the return to in-person instruction.

COMMUNICATION				
Type	**Source**	**Method**	**Purpose**	**Frequency**
District-wide	Director of Communications	District website as information hub, mass notifications (School Messenger), social media. Should digital tools not be in service, the district would communicate in person making announcements at designated shelters. District messaging would also be shared with County Office of Education and/or County Emergency Services to help disseminate	Major district announcement, Superintendent message, timeline and updates, power outages and damage to infastructure	As needed

Social Emotional and Mental Health	Director of Communications w/ Support from Lead Mental Health Liaison	Mass communication (SchoolMessenger, digital flyers, social media with point of contact for families as designated by Lead Mental Health Liaison)	Available resources and mental health tips on dealing with emergency	As needed

A plan for student access to instruction will be determined and communicated to families for students by Redwood City School District no more than 10 instructional days following the emergency. Logistics related to the specific emergency will be communicated to families as needed during the event. Remote instruction plans align with the board approved policy and administrative regulations for Independent Study. Continuity of learning includes students' well-being through access to physical, mental health, and other support professionals to ensure instruction is equitable, accessible, and inclusive.

The school district will adapt the following services to the online or hybrid environment when necessary to support continuity of established support services.

- After School Programs

Student come in-person or connect with teacher remotely dependent on type of disaster

- Access to Meals

The district will implement a comprehensive meal distribution strategy to ensure all students have consistent access to nutritious meals during school closures or emergencies. This includes but not limited to: Food distribution sites to provide drive-thru services (based on student and family need), consistent communication, and partnering with neighboring school district to ensure availablity.

PROFESSIONAL LEARNING: EDUCATORS

Educators are provided regular training on the tools, platforms, and strategies necessary to provide remote instruction and assessment to students through independent study (emphasizing pedagogies that support remote and hybrid learning environments; pd to support virtual classroom management).

In collaboration with emergency officials, the school district will consider the following considerations, at minimum, to determine when students and staff are able to safely return to in-person instruction and will communicate necessary logistical and timeline of return information to families regarding the transition back to in-person instruction.

- Evacuation orders lifted
- Power and utilities functioning
- Healthy air quality
- Access to safe and clean water
- Campus free from debris and hazards

- Internet fiber lines connected and functioning
- Sufficient staff to cover those affected by the natural disaster or emergency
- Kitchens functioning for meal preparation
- Classrooms clean and functional
- Access to curriculum and instructional materials

ESTABLISHED EMERGENCY PARTNERSHIPS

Students may need to enroll or be temporarily assigned to another site, school district, county office of education, or charter school due to disruption of learning from a natural disaster or emergency. Per the California Department of Education, "When a pupil is temporarily reassigned to another LEA outside of the school district in which the pupil's parent(s) or guardian resides, then, notwithstanding any other law, that pupil shall be deemed to have complied with the residency requirements for attendance in the LEA that is temporarily serving the pupil pursuant to the ICP."

School District/Entity Name	Purpose
If necessary, partnerships will be considered within our neighborhood districts. South with Menlo Park School and East Palo Alto School Districts and to the north with the San Carlos School District.	To ensure immediate school access to academics and social emotional support for students temporarily residing in neighboring school districts.

Instructional Continuity Plan

Introduction and Purpose of the Instructional Continuity Plan (ICP)

Information about the Instructional Continuity Plan (ICP) requirements, revision and adoption dates.

This Instructional Continuity Plan (ICP) was last revised on and adopted by Hoover Community School on to ensure all students have access to instruction during a natural disaster or emergency, as mandated by Senate Bill 153, Chapter 38, Statutes of 2024 (SB 153), which adds a provision to California Education Code (EC) Section 32282.

This ICP will be included in the LEA's Comprehensive School Safety Plan (CSSP) by July 1, 2025. Inclusion of this ICP in the CSSP will be required to obtain approval of a Form J-13A waiver request beginning in fiscal year 2026-27. This plan is intended to minimize disruptions to instruction and provide support for pupils' social-emotional, mental health, and academic needs.

This Instructional Continuity Plan (ICP) will be included as an integral component of Hoover Community School's Comprehensive School Safety Plan (CSSP) by July 1, 2025, as required by SB 153. The information in this ICP will be considered in relation to other aspects of the existing safety plan. A locally-adopted CSSP must include this ICP to obtain approval of a Form J-13A waiver request beginning in fiscal year 2026-27.

Review and Updates of this Instructional Continuity Plan (ICP)

Frequency of review and update of this ICP.

This Instructional Continuity Plan will be reviewed and updated in collaboration with Educational Partners, considering feedback and lessons learned on the following basis:

Presence of Immigration Enforcement

The Redwood City School District is committed to ensuring a safe and secure environment for all students and staff and protecting their rights. In the event of the confirmed presence of immigration enforcement on the schoolsite, the Redwood City School District will notify parents and guardians of pupils, teachers, administrators, and school personnel. The content and timing of such notification shall consider the safety and well-being of the pupils, employees, and community members of the schoolsite when determining when and how to issue the notification.

The notification may include a hyperlink to additional resources for families with information about their educational rights, state laws that protect parents' and students' privacy and confidentiality, and, if available, counseling or support services, which may include services that support families impacted by immigration enforcement, as well as model policies adopted by the Redwood City School District pursuant to Education Code § 234.7(g). No personally identifiable information shall be included in the notification.

The term "immigration enforcement" includes any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, and also includes any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry, or reentry to, or employment in, the United States.

This section describes the district's process for responding to immigration enforcement activity on school campuses, consistent with Board Policy 5145.13. The response protocol prioritizes student safety, legal compliance, and clear communication. Upon notification of immigration enforcement activity, the Superintendent's Office is immediately contacted, followed by consultation with legal counsel. Families are informed as appropriate and in a timely manner. In alignment with Board Policy 5145.13, immigration enforcement officers are not permitted access to nonpublic areas of a school campus unless they present a valid judicial warrant.

Safety Plan Review, Evaluation and Amendment Procedures

The Comprehensive School Safety Plan is reviewed and evaluated annually and amended as needed by the School Site Council or designated School Site Safety Committee. Any updates made to the plan are shared with the law enforcement agency, the fire department, and any other first responder entities consulted in the development of the plan.
