Welcome, Mrs. Whitesell!

Please join us in giving a big Wildcat welcome to Mrs. Whitesell, our new High School Art Teacher!

We're excited to have her sharing her creativity, talent, and passion for art with our students.

Welcome to the Wildcat family, Mrs. Whitesell!
Once a Wildcat, always a Wildcat!

MRS. WHITESELL
High School Art

WHAT INSPIRED YOU TO BECOME A TEACHER?

The multiple amazing teachers that have faceted my life and made it shine, and taught me just as much critical thinking, courage, and problem solving as their subjects!

WHAT ARE YOU MOST EXCITED ABOUT FOR THE UPCOMING SCHOOL YEAR?

I'm most excited to see the art my students make, because of everyone's fresh and different perspectives!

WHAT IS YOUR FAVORITE THING TO DO OUTSIDE OF SCHOOL?

My favorite thing to do is photographing snowflakes, mushrooms, birds, and all of our other awesome local flora and fauna! The little details are my favorite!

FUN FACT:

Fun fact about me is I have over 50 boardgames! I can't put down a good game!

WHAT ARE YOU LOOKING FORWARD TO MOST ABOUT BEING A WILDCAT?

I'm looking forward to being able to cheer the community on and encourage others to reach their full potential in a community that wholeheartedly does the same!

[Connect with Colleges
and Scholarships](#)

Discovering Political Perspectives

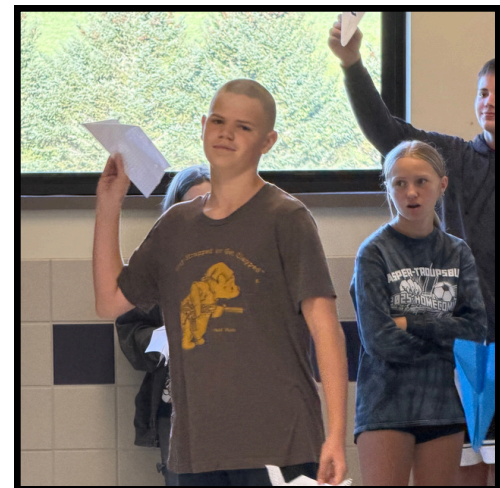

Seniors in *Miss Newcomb's class* are exploring foundational political views and discovering where their individual beliefs align on the political spectrum.

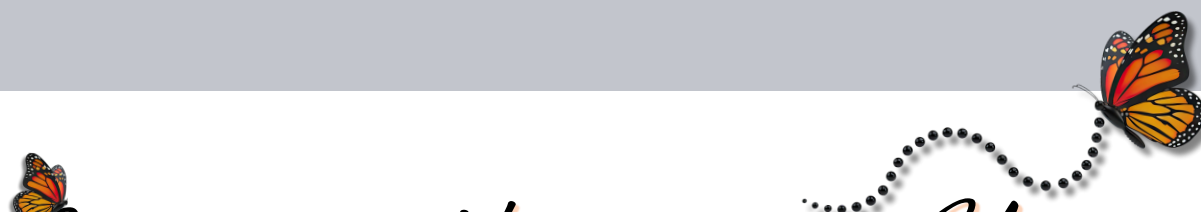

Testing the Scientific Method

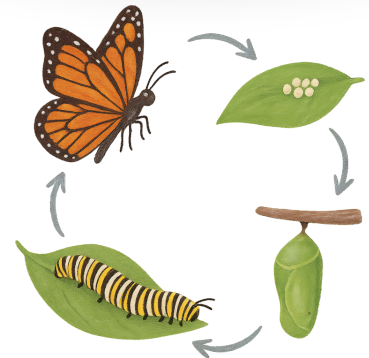

Mr. Whitesell's 8th grade class took learning to new heights as students explored the scientific method using paper airplanes! Students developed hypotheses, tested different designs, observed the results, and used their findings to draw conclusions. Through this hands-on activity, students saw firsthand how the scientific method can be used to investigate questions, test ideas, and learn from the results. It was a fun way to put science into action!

Watching Metamorphosis Unfold

In *Mrs. Terry's room* students observed the life cycle of Monarch butterflies. Students were able to watch caterpillars grow into adults and form their chrysalis'. The use of flashlights were key to observing the metamorphosis happening inside the chrysalis. It was exciting for all to see the final emergence of the butterfly. Students watched butterflies expand and dry their wings. When the butterflies were ready, students were able to release them outside and watch them soar!

Ag 7 Students Start the Year Strong!

Our *Ag 7 students* have started the school year strong as they explore what it means to take Agriculture in school—and discover that you don't have to be involved in agriculture as a career to get something valuable out of the class!

Students recently reflected on the many ways agriculture connects to each of our lives. Whether we live on a farm or have never stepped foot on one, **we all have ties to agriculture...because we all eat!**

We are now diving into the history of the National FFA Organization. Students are learning about important events in FFA history, **working our way through the FFA timeline together**, and discovering fun facts about the organization—including the meaning behind our iconic blue and gold colors (corn gold and national blue to be exact!)

One surprising piece of history especially caught the attention of our students: **girls were not officially allowed to join FFA until 1969!** Today, female members make up a majority of the organization, making that piece of history particularly eye-opening for our students.

We are excited for a year filled with hands-on learning, new experiences, FFA opportunities, and plenty of fun with our Ag 7 students. We can't wait to see where this year takes them!

Ag 8 Students Focus on Leadership and Growth!

Our *Ag 8 students* have kicked off the school year by exploring **effective communication and what it truly means to be a leader**. One of our biggest takeaways has been that before we can effectively lead others, **we must first learn to lead ourselves**.

To help students better understand their own strengths and areas for growth, each student completed a personal **SWOT analysis**. SWOT stands for **Strengths, Weaknesses, Opportunities for Growth, and Threats to Success**. This activity encouraged students to take an honest look at where they are today, identify areas where they can improve, and think about where they want to go moving forward.

It was an incredible opportunity for students to practice self-reflection and recognize that leadership is not just about guiding others—it begins with understanding and challenging yourself.

We are excited to watch our Ag 8 students continue to develop their communication skills, confidence, and leadership abilities throughout the year!

Horticulture Class Takes Root!

With our greenhouse project well underway, we are excited to introduce a new class to the Ag room this year: **Horticulture!** This hands-on course will take the lead in managing our greenhouse while giving students the opportunity to put their agricultural and horticultural knowledge into practice.

Our students have already hit the ground running as they begin planning for the growing season ahead. They have taken inventory of our current supplies, reflected on last year's growing season, discussed the types of plants they would like to grow, and begun identifying the supplies and resources we will need to make this year a success.

There are so many exciting ideas being discussed, and we can't wait to bring them to life—and share the journey with you along the way!

We are looking forward to another great year of **learning...and growing!**

FFA STATE OFFICER TOUR

J-T FFA members traveled to the Penn Yan FFA Chapter to participate in the NY FFA State Officer Tour. Thirty-one members took advantage of this opportunity to meet State and National officers, explore effective leadership qualities, develop personal SMART goals, and prepare “soup in a jar” meals to be donated to a local food pantry.

It was a meaningful experience that provided members with opportunities to grow, lead, and serve. We are grateful to the state leaders and officers, Penn Yan FFA Chapter, J-T Transportation Department, and our parents for supporting our students and their involvement in agriculture and FFA.

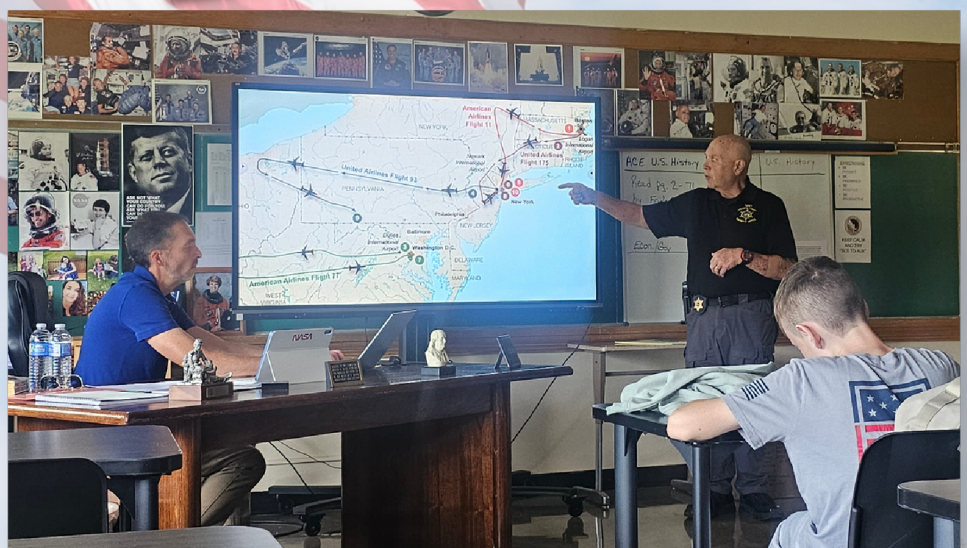

Remembering

Last week, *Mr. Mahoney* visited various classrooms to share important history surrounding September 11, 2001, along with some of his own personal experiences from that day. His stories provided students with a meaningful, firsthand perspective and helped bring this important moment in history to life. Students had the opportunity to listen, reflect, and gain a deeper understanding of the impact 9/11 had on our nation and its people.

CLASS OF 2027

Attention
CLASS OF 2027
& PARENTS/GUARDIANS OF SENIORS!

It's time to start thinking about the
2026—2027 YEARBOOK!

**SENIOR PICTURES ARE DUE
NO LATER THAN
NOVEMBER 4, 2026.**

DEADLINE:
NOVEMBER 4, 2026

SUBMIT TO:
MRS. ALDRICH
OR MRS. HAYES

Please submit your senior picture by the deadline to make sure
your picture is included in the yearbook.

Please don't wait until the last minute—
we want to make sure **EVERY SENIOR** is represented in this year's yearbook!

Class of 2027
THIS IS YOUR YEAR!

RONALD MCDONALD HOUSE CHARITIES PULL TAB PROJECT

The Class of 2027 is participating in an outreach project
collecting pull tabs for Ronald McDonald House Charities
for the 2026/27 school year.

Please send pull tabs into either the high
school or elementary building.

*Help us reach our goal. Remember, every
tab makes a difference!*

WILDCAT ATHLETICS

Jasper-Troupsburg CSD – ParentSquare FAQ

What is ParentSquare?

ParentSquare is a secure, unified communication platform designed to keep our school community connected. It replaces multiple older systems by offering a single place for messages, urgent alerts, sports communication, attendance notices, and secure document delivery.

Do I need to download the app to receive messages?

No! While the free ParentSquare app (available for iOS and Android) is highly recommended for the best experience, you can access all features through a standard web browser. Alternatively, you can simply receive updates via standard text messaging and email.

How do I log in and activate my account?

To get started, simply open the app or visit the ParentSquare website (www.parentsquare.com/signin) and enter the email address or cell phone number that you currently have on file with the district. The system will automatically link you to your child's profile.

Can I control how and when I receive messages?

Yes. ParentSquare allows you to customize your notification preferences. You can choose to receive messages instantly or have non-urgent messages conveniently bundled into a daily digest delivered at 6:00 PM. You can also select your preferred delivery method: email, text, or app push notifications.

Notification Settings	Delivery Time	Type of Messages
Digest	Bundles and delivered once daily at 6:00 pm.	General district newsletters, classroom updates, and non-urgent event reminders.
Instant	Delivered immediately upon sending.	Urgent weather delays/closures, attendance alerts, and immediate sports announcements.

Jasper-Troupsburg CSD – ParentSquare FAQ

How do attendance reminders work?

If your child is marked absent for the day, you will receive an automated alert from the district through ParentSquare, ensuring you are immediately aware of their attendance status.

What if my email or phone number is not recognized?

If ParentSquare does not recognize your contact information, it means the details we have on file in the district's student information system may be outdated. Please contact the main office to update your details.

What if I login and it has another family member's name / someone I don't know?

Parent Square uses the information tied to your account within our School System. If there was an error in typing a letter or number, this could cause conflicts within the system and link you to another person. Additionally if your number has been used multiple times (Such as a home line – or entered as one) – Two people will have the same account registration number. If this is the case please reach out to us.

Is my data secure with this system?

Parent Square is fully compliant with FERPA, Ed Law 2D and other federal regulations. Your data will not be accessed or sold to any third parties.

Where can I find more help?

Our district website has a dedicated page to all information about ParentSquare. Please visit it for more details and setup guides.

Combining accounts (for parents only)

If you have more than one ParentSquare account (for example, because your name, email, or phone number didn't match), you can combine them into one.

What to do:

- 1. Log in to your main ParentSquare account.***
- 2. Click your name in the upper right and select "Manage Account."***
- 3. Click "Combine with another account."***
- 4. If other accounts match your verified email or phone number, click "Combine Accounts."***
- 5. If the account you want doesn't show up, click "Combine Another Account" and sign in with that account.***
- 6. Choose the name you want to use, then click "Combine Accounts."***

Now you'll see all your children in one account. You can log in using any of your email addresses or phone numbers.
