

PA Harvest of the Month Eggs & Tomatoes

The students at New Franklin enjoyed a special Pennsylvania Harvest of the Month taste test in the cafeteria!

They had the opportunity to try a baked cheese omelet with roasted tomatoes made with local eggs and tomatoes.

The tomatoes were grown right in **our school garden** at New Franklin, and the eggs came from **Berry Blossom Farm** in Waynesboro, PA.

A big thank you to **Farmers Ben and Kelsey Barnett** of **Family Farm Direct** for supplying the eggs and helping make this experience possible. Students were especially excited to meet **Lady Knight**, one of their hens, who paid a special visit to our school!
