- AP Psychology

World Language

- AP Spanish Language
- AP Spanish Literature

Career Tech

- AP Business
- AP Computer Science A
- AP Computer Science Principles

Fine Arts

- AP Music Theory

AP Classes: 26

Honors Classes: 6

In Forsyth County Schools, AP Precalculus is intended for students who will then matriculate to AP Calculus. For students who do not intend to study AP Precalculus, the district offers College Readiness Mathematics, which is aligned to the CLEP College Algebra test (for which students can then earn 3 hours of College Algebra credit). The district also offers AP Statistics as a 4th math option for students who want to attempt to earn college credit based on their AP exam score.

Dual Enrollment

Georgia's Dual Enrollment Program provides Georgia students the opportunity to earn high school and college credit at a participating eligible postsecondary institution in Georgia with classes approved through their Course Directory.

Beginning with the Summer 2026 term, the state of Georgia revised the eligibility requirements for Dual Enrollment funding. New funding eligibility requirements include meeting U.S. citizenship or eligible non-citizen status requirements, as well as satisfying the postsecondary institution's Georgia residency requirements. The postsecondary institution is responsible for determining a student's funding eligibility and communicating that determination directly to the student. As a result of these changes, a student's opportunity to participate in Dual Enrollment courses may be impacted.

Career Tech Pathways

Audio & Video Technology

- Audio & Video I
- Audio & Video II
- Audio & Video III

Computer Science

- Intro to Software Tech
- AP Computer Science Prin
- AP Computer Science A

Web Development

- Intro to Software Tech
- AP Computer Science Prin
- Web Development

- Marketing Management

Marketing: Promotions

- Marketing Principles
- Promotional/Digital Marketing
- Integrated Comm Marketing

Veterinary Science

- Basic Agriculture Science
- Animal Science & Biotechnology
- Veterinary Science

12 CTAE Pathways

Students have the opportunity to explore a wide range of Career and Technical Education (CTAE) pathways. By completing three courses in the same pathway, students become pathway completers and are eligible to take the End of Pathway Assessment, which may lead to an industry-recognized certification. These pathways give students valuable hands-on experience and preparation for future careers.

Fine Art Pathways

Arts

- Visual Arts
- Ceramics
- Photography

Chorus

- Music Theory
- Chorus

Band

- Music Technology
- Guitar
- Instrumental Ensemble
