ACADEMIC PROGRAM

Class Schedule: The school calendar is divided into two semesters. We use a block schedule and students can take up to 7 classes in a semester. A 0.5 credit is earned per semester for each class.

Rank and Grade Point Calculation: *We are a non-ranking school district.* Cumulative GPA is based on grades earned in years 9-12. All courses for which the student receives a grade are included in a student's cumulative GPA. GPA is based on a 4.0 scale with an "A" worth 4 points. For Weighted Grade (WG) courses, an "A" is worth 5 points. Weighted Grade courses include all AP level courses and any course denoted by "WG".

Honors and Advanced Placement: Lafayette offers 9 Honors/Accelerated courses and 25 College Board Advanced Placement courses. There is no restriction to the number of AP courses a student can take, however there are prerequisites that must be met before enrolling.

AP Art History
AP Art Studio I
AP Art Studio II
AP Biology
AP Calculus AB
AP Calculus BC
AP Chemistry
AP Computer Science
AP Economics (Macro
& Micro)

AP English Language &
Composition

Politics & AP Comparative
Government and Politics
AP Human Geography

AP Music Theory
AP Physics I
AP Physics 2
AP Advanced Physics
AP Psychology
AP Spanish Language &
Culture
AP Statistics
AP U.S. History
AP World History

Advanced/College Credit: Certain courses offered may be taken for college credit. College credit is awarded through the University of Missouri - St. Louis.

Dual Enrollment: Eligible and approved students may take college-level courses through local community colleges and universities during the regular school day. These courses will appear on the high school transcript and apply toward a student's high school graduation requirements and GPA.

Early College Partnership (ECP): ECP is a two-year, full immersion, dual enrollment partnership between the Rockwood School District and St. Louis Community College. Students will obtain an associate degree while fulfilling their high school graduation requirements. Students apply to this program as sophomores, with only 30 students being offered acceptance district-wide.

South Tech: South Technical High School provides students with career and technical education (CTE) that prepares them for continuing education and the workforce. Students participating in a South Tech program do so during their junior and senior years and attend South Tech for half of the school day.

Spark!: Spark! provides high school students in the Rockwood School District with dynamic, immersion-based student learning experiences through collaboration with business and community partnerships.

Project Interface: Project Interface is an unpaid summer internship opportunity that places students in a career area of their interest. The program is offered to qualified Rockwood students the summer leading into their senior year of high school.
