PROFILE 2026-2027

SUPERINTENDENT OF SCHOOLS
Monica Merritt

COMMUNITY

Established in 1890, the Plymouth-Canton Community School District (P-CCS) provides educational opportunities for approximately 16,000 students each year. The 54 square mile District includes Plymouth, Plymouth Township and parts of Canton, Northville, Salem and Superior townships. The District includes three high schools, five middle schools, 15 elementary schools, and an alternative education high school. Included in the District are shopping centers, modern subdivisions, industry and open farm land. The foundation allowance for the 2026-27 school year is $10,300 est. per pupil.

P-CEP

The Plymouth-Canton Educational Park (P-CEP) sits on a 305 acre site and includes three Division 1 high schools: Canton, Plymouth and Salem. As the only Educational Park in Michigan, students are randomly assigned to a high school for counseling, records, sports and graduation. The wide variety of P-CEP course offerings, which are available to all students, allows our students to challenge themselves academically. Additionally, we offer five unique academies- Arts, Business, International, STEM, and Virtual- to students who want to pursue a more focused course of study throughout their high school career. These academies have a limited enrollment and account for a small percentage of our total enrollment at the Park; currently, only 23% of seniors participate in the academies.

At P-CEP, we are proud of the academic achievements of our students and the unique setting in which they excel. There is no other environment like P-CEP in the nation that prepares students for the next level of education. The size (approximately 5,900 students) and diversity of our student body rivals that of many community colleges. Our students face challenges each day that students at other high schools do not. With classes often scheduled in multiple buildings, students must learn not only to navigate their way across campus, but also to adapt to having teachers and advisors in different locations. Our students' independence is established early on in their high school career as they acquire the skills necessary to be successful in such a large high school environment. The P-CEP experience develops students who are prepared for the challenges that await them in the future.

Diversity

American Indian/Alaska Native	<.5%
Asian/Far Eastern/Indian/Pakista	19%
Black/African American	11%
Hispanic	5%
Native Hawaiian/Pacific Islander	<.4%
White/European/Middle Eastern	64%

Curriculum

All students at the P-CEP are provided a curriculum aligned to State and National standards. Students have more than 250 educational options, including 21 Advanced Placement, 13 Honors and 18 IB Diploma Programme courses. Our students also have the opportunity to dual enroll and take course work through online learning with Michigan Virtual. P-CEP also provides an array of career and vocational courses. These curriculum offerings provide excellent preparation for college, employment, citizenship and lifelong learning in an environment based on the dignity and respect of the learner.

Academies at the Park

STEM Academy @ The Park

Students will take directed and focused steps toward competent and capable citizenship in a dynamic and technology-dependent society. The Project Lead the Way curriculum allows students to experience college preparatory-level courses and introduces them to the scope, rigor, and discipline of Engineering, Biomedicine, and Computer Science.

International Academy @ The Park

Promoting personal development and a passion for learning, the International Academy @ The Park (IA@P) provides students with the opportunity to approach their high school studies from a global perspective.

Business Academy @ The Park

Business Academy students follow a four-year, post-secondary path focusing on Business with an emphasis in Marketing. One college-level class is taken each year, and a capstone class completes the program during their senior year. A primary focus of the Academy is for students to learn how to effectively communicate, collaborate, and problem solve, all skills required for success in post-secondary educational settings and work environments.

Graduation Requirements [for the Class of 2027]

All candidates for graduation must earn a minimum of 22 approved credits which include:

English.....4.0
(English 9, American Lit/Writing required; Speech)
Mathematics.....4.0
(Algebra, Geometry, Algebra II)
Science.....3.0
(Physics, Biology and Chemistry)
Social Studies.....3.0
(U.S. History, World History and Political & Economic Systems required, Finance Education included in Economics course)
World Language.....2.0
Health.....0.5
Physical Education.....0.5
Visual, Performing or Applied Art.....1.0
Electives.....4.0
Credits Required to Graduate.....22.0

Canton Class of 2026

Total Seniors: 431 (total enrollment 1,863)
Cumulative GPA 4.0 (A) or Higher.....18%
Cumulative GPA 3.0-3.9 (B).....50%
Cumulative GPA 2.0-2.9(C).....23%

Plymouth Class of 2026

Total Seniors: 454 (total enrollment 1.825)
Cumulative GPA 4.0 (A) or Higher.....16%
Cumulative GPA 3.0-3.9 (B).....45%
Cumulative GPA 2.0-2.9 (C).....30%

Salem Class of 2026

Total Seniors: 448 (total enrollment 1,905)
Cumulative GPA 4.0 (A) or Higher.....16%
Cumulative GPA 3.0-3.9 (B).....51%
Cumulative GPA 2.0-2.9 (C).....25%

Virtual Academy

The Virtual Academy is for students wishing to earn their P-CCS diploma remotely. Virtual Academy students have the same graduation requirements as those learning in-person. All Virtual Academy students are assigned to their original P-CCS high school. Upon graduation, they will earn their diploma from their originally assigned high school.

Arts Academy @ The Park

For students who see the world from an artistic perspective, the Arts Academy @ The Park (AA@P) provides opportunities to explore a chosen arts specialty in greater depth. A Focus in performance events and community work, and a collaborative/ community-focused capstone experience.
