Title I School Parent and Family Engagement Policy

School Year 2026-2027 | ESSA Section 1116(b)-(f)

This policy tells how Main Street School will work with parents and families. Our goal is to help every student learn. Families helped write this policy. We will review it with families each year. We will share it with all Title I families and the public.

Our Promise to Families

- We will make school news clear and easy to read. When we can, we will share it in the language each family uses.
- We will ask families to help plan and improve this policy and the Title I program. Families may share ideas at meetings, at conferences, or in surveys. (ESSA 1116(b)(1))
- We will hold an Annual Title I Meeting at a time that works for families. We will explain Title I and family rights. We will invite all Title I families. (ESSA 1116(c)(1))
- We will hold meetings at different times. When we can, we will offer morning and evening times. Meetings may include Back-to-School Night, conferences, family summits, PTO meetings, and workshops. (ESSA 1116(c)(2))

Families Help Make Decisions

Families will help plan and improve Title I work and family events. We will ask for ideas early enough to use them. (ESSA 1116(c)(3))

Program information

We will share Title I news and services on time. We may use meetings, email, school news, and the school website. (ESSA 1116(c)(4)(A))

Learning and progress

We will explain what students learn and how tests measure growth. We will also explain State learning goals and student progress. We may do this at meetings, conferences, and in school messages. (ESSA 1116(c)(4)(B))

Questions and ideas

Families may ask for a meeting. They may share ideas and help make choices about their child's learning. We will answer as soon as we can. (ESSA 1116(c)(4)(C))

Schoolwide plan

Families may help write and improve the Schoolwide Program Plan. If families do not agree with the plan, we will send their written comments to the District with the plan. (ESSA 1116(c)(5))

School-Parent Compact

The school and families will write a compact each year. It will show what the school, families, and students will do to support learning. (ESSA 1116(d))

- The school will give strong teaching in a safe and caring setting.
- Families will support learning, help make choices, and join school events when they can.
- The school will give regular reports on student progress.
- Families may meet with staff. They may also volunteer, take part, and visit classes under District rules.
- Families and staff will talk often and listen to each other. When we can, we will use the language each family knows best.

Helping Families Support Learning

Main Street School will:

- Help families understand learning goals, tests, and student growth. We will show families how to work with teachers. (ESSA 1116(e)(1))
- Give families tools and training to support learning at home. Topics may include reading and safe, lawful use of technology. (ESSA 1116(e)(2))
- Train staff with help from families. Staff will learn to listen, work with families as equal partners, and build trust. (ESSA 1116(e)(3))
- Link family events with other school, District, and community programs when we can. (ESSA 1116(e)(4))
- Share meeting and event news in a clear way. When we can, we will use the language each family knows best. (ESSA 1116(e)(5))

Access for Every Family

We want every family to take part. This includes families who use another language. It also includes families of children with disabilities and migratory children. When we can, we will translate school news or give it in a form the family can use. (ESSA 1116(f))

Contact Us

To ask a question or request a meeting, call Principal Christina Edmondson at 610-447-3685 ext. 3331 or email cedmondson@chesteruplandsd.org. Families may ask for language or disability support. They may also ask to join a planning group.
