

Providence Christian School of Texas

Application for Alternative Sports Program Classes Six, Seven, and Eight

The Alternative Sports (A.S.) program allows students to gain credit for their off-campus sports and to have an early release at 1:45 p.m. in lieu of their regularly scheduled class. All A.S. students must qualify under the following regulations:

1. No athlete may substitute a sport offered by Providence in season with the same sport. Students will be allowed to participate in a select sport while competing in a Providence sport, but the focus and loyalty must be with the Providence in-season sport.
2. The student must practice or play in competition for a minimum of six hours per week (must be Monday through Friday) for Middle School credit. This **does not** include travel to and from practices and games. **These hours MUST START accumulating the week of November 2 and run through the week of February 12.**
3. The student must be coached and participate in an organized SPORT. Parents **cannot** be the coach.
4. The student must provide documentation for at least four separate competitions (for example a copy of an event registration).
5. If approved to participate in A.S., the student contract must be signed by the parent, student, and coach, then returned to Providence. The coach (not the parent) will be responsible for turning in the A.S. monthly verification form to Providence in order for the student to get his or her P.E. credit.
 - Failure to turn in the completed forms by the coach will result in a multiple point deduction from the student's grade and possible removal from A.S. program.
 - Failure to meet the weekly six hours of competition time will result in a grade deduction.
 - Failure to meet the season requirement of four competitions (games, meets, recitals, etc.) will result in a grade deduction.
6. The Director of Athletics may check in on a practice or game at any time during the athletic season. Students not complying with the agreement will be dropped from the Alternate Sports Program and enrolled in the Providence Strength and Conditioning class.
7. If approved for the A.S. program, parents will be responsible for picking up their child at 1:45 p.m. every day. No study hall will be provided. (Classes Seven and Eight have classes until 2:35 p.m. every Thursday and Friday).
