

Boundary Committee Meeting #7

Meadowdale MS Library (5:00 – 6:30 PM)
September 14, 2026

Boundary Committee Agenda

- Review current scenarios and alternatives
- Determine Final Recommendation and list of additional considerations for Superintendent Miner.

Boundary Committee Meeting - Norms & Mindsets

Norms & Mindsets:	Looks like...
1. Keep the needs of students at the center of this work.	● Asking what's best for children ● Helping refocus conversations around students and their future
2. Be fully present.	● Monotasking with your focus on this session ● Minimizing technology distractions ● Engaging by computer with video for full participation
3. Respect one another, our time frames, our shared airspace, and our process.	● Monitoring your own talk time ● Speaking your truth and speaking for yourself ● Being succinct and listening to learn and understand ● Assuming colleagues' positive intent and equal effort
4. Stay in a solution mindset and remember that we are all in this together.	● Engaging with generosity of spirit ● Asking "what if" and considering new ways of doing things
5. Remember! This is a PROCESS.	● Being ok with the discomfort of not having all the answers. ● Sometimes there will be more questions than answers

Attendance Area Boundary Study - Parameters

Parameters:

As a result of sixth grade moving to middle schools, current elementary school boundaries must be adjusted to ensure that all elementary schools are utilized equitably according to district policy.

Likewise, a new middle school boundary must be created and boundaries for existing middle schools must be adjusted to again ensure equitable utilization at all middle schools as this grade reconfiguration is implemented in the fall of 2028.

Guiding Principles

Key values serve as guiding principles for the boundary review committee throughout the boundary review process. These are developed from District Policies, insights gained from community surveys, and student enrollment forecasting. A student is required to attend the school serving his/her place of residence, the “neighborhood school” (Board Policy 3131). Exceptions to this policy are also listed in Board Policy 3131.

When considering boundary revisions the committee will consider, to the extent possible, the following guiding principles:

- Take a District-wide perspective by considering individual school capacities and student population projections to balance enrollment and alleviate overcrowding and underutilization of schools across the school district.
- Take a District-wide perspective considering growth trends and enrollment projections
- Make efforts to keep neighborhoods and communities together
- Maximize proximity to home/safe walking routes (e.g., not having to cross busy streets, railroad tracks, and consider natural boundaries)
- Consider transportation impacts, and work towards limiting the amount of time required on a bus
