Athletic Placement Process
Parent/Guardian Information

Dear Parent/Guardian,

Grand Island Central Schools takes part in a program offered by the NYS Education Department that permits highly skilled and exceptionally talented 7th and 8th grade students to try out for and perhaps compete on the JV or Varsity level prior to reaching high school.

The intent of the Athletic Placement Process (APP) is to provide safe and suitable participation for selecting and classifying students for interscholastic athletics. It focuses on determining a student's physical readiness for interscholastic competition.

The Process:

- A signed parent consent "Google Form" and invitation from the Dean of Athletics are required to participate in the APP process or to "play up".

- Invitations will be based on:
  - Modified team performance (where applicable), and/or
  - Evidence of exceptional athletic ability submitted through the APP Invitation Request Form.
- Beginning this season, parents who believe their child may qualify to play up from the modified level are required to complete the **APP google form on the athletic website**.
  - Based on the information provided in the invitation request form and a review by the Dean of Athletics and coaches of that program, you will be notified of approval for participation in tryouts at the higher level

Student-athletes considered for <u>APP</u> should:

- Demonstrate **athletic ability at the desired level** and **mature personal and social responsibility.**
- Possess skills comparable to the **stronger players at the level they intend to try out for**.
- Have the potential to be a **significant contributor** in competitive contests at the higher level.

Important Notes to Consider:

*Submission of the request form **does not guarantee participation** in the higher level tryout. Requests will be reviewed by the sport specific coach and the Dean of Athletics to determine whether the student meets criteria for consideration. You will **ONLY** receive an email from the athletic department if your child requires more detailed information or is **NOT** being considered for the higher level team.*

- The **APP Invitation Request Google Form will close on November 16**. Requests submitted after that date may not be considered for the upcoming season.

- If invited to try out by the school coach, students will need to demonstrate, **during team selection**, sufficient personal and social responsibility, sport-specific skill development, knowledge of the game, and physical fitness to be eligible to make the team.

- If your child successfully meets the requirements of the APP, he/she will be allowed to try out for competitive HS athletics during 7th and 8th grade. A student athlete is only eligible to compete in high school level sports for four consecutive seasons beginning in 9th grade, the APP allows a student athlete to compete for 5 or 6 consecutive seasons (depending on whether they begin competition in 7th or 8th grade).

- Once the requirements are met and your Grand Island VCMS student is accepted as a member of the team, **there is no return to a lower level team in that sport for that season.** Your child will be competing with older students, and with that comes challenges both during competition and practice, as well as a social atmosphere that is more mature. JV and Varsity teams typically practice and compete 6 days a week; it's important to take into account your student's ability to handle additional demands.

Feel free to contact me regarding this program or any aspect of athletic placement. If you would like your child to be considered for participation in this program, please complete the **APP google form on the athletic website**.

Sincerely,

Brian Willats
