

CNA

VS.

CMA

CERTIFIED NURSING ASSISTANT

CERTIFIED MEDICAL ASSISTANT

Different Roles.
Same Goal.
Better Care! ❤️

WHAT A CNA DOES

- Helps with daily activities
bathing, dressing, grooming,
toileting, eating
- Assists with mobility
walking, transferring,
repositioning
- Monitors and records
vital signs, intake & output,
health changes
- Provides comfort
and support
emotional support and
compassionate care

WHAT A CMA DOES

- Takes vital signs
blood pressure, pulse,
temperature, etc.
- Performs clinical tasks
EKGs, phlebotomy (blood draws),
injections, wound care
- Assists with administrative
duties
scheduling, patient records,
insurance, billing
- Prepares patients
for exams
updates charts, explains
procedures, ensures comfort

TWO IMPORTANT ROLES.
**ONE AMAZING
HEALTHCARE TEAM!**

WORKING TOGETHER FOR PATIENTS

CNAs and CMAs have different duties, but we
work as a team to provide safe, quality care
and make a difference every day!

DIFFERENT JOBS.
SAME MISSION:
**CARE WITH
COMPASSION!**

Both CNA and CMA require that students have taken
Intro of Healthcare AND have taken or are currently
enrolled in **Essentials of Healthcare**

The CNA program is
completed in only ONE
semester!

16+

You must be at LEAST 16 to
begin the CNA program

Students who complete the
CNA program are eligible to
take the **Patient Care Tech**
program during the Spring
semester of their SENIOR year

The CMA program is a full year
commitment, with final
certification testing in the Spring.

CMA is ONLY for high school
SENIORS

Both CNA and CMA are open by **APPLICATION ONLY**
