

Satellite Center

285 Judge Edward Dufresne Parkway | Luling, LA 70070 | 985-785-2080

The Satellite Center is a unique and authentic educational experience for high school students in St. Charles Parish Public Schools. The center provides a focus on college and career readiness with students concentrating on specific content related to their courses in addition to future-ready skills such as collaboration, critical thinking, communication skills, and work ethic. A strong partnership with business and industry provides our students the opportunity to interact with industry experts as they use their skills and experiences to make important contributions to the world, solving problems and making an impact in their community as they move to the next phase of their lives.

MISSION

We will immerse all team members in a learning environment that fosters personal growth and future success through authentic, real-world experiences.

VISION

The Satellite Center provides a unique educational experience that prepares team members for their futures.

GUIDING PRINCIPLES

- ▶ **Integrity**...our commitment to quality services and honest, forthright, and respectful professional relationships.
- ▶ **Respect**...for individuals who are associated with St. Charles Parish Public Schools' Satellite Center including team members, facilitators, staff, business partners, community members, and families.
- ▶ **Responsibility**...makes us accountable for our behavior and accepting of the consequences. We perform our duties honestly and efficiently.
- ▶ **Excellence**...we strive for the best, setting high expectations for ourselves and our team members in the pursuit of improvement.

OUR COMMITMENT TO OUR TEAM MEMBERS

- ▶ To provide a progressive and unique approach to teaching and learning that directly reflects the St. Charles Parish Public School System's dedication to develop lifelong learners
- ▶ To create high-quality, intellectually demanding work that intrigues and challenges team members to reach their individual potential
- ▶ To test the boundaries of traditional classrooms and teaching while engaging team members in challenging projects which prepare them for their future careers
