

## September Board Report

Off to a great start at EHS! Our first day back pep rally was a hit. Mr. Barrett has been a great addition at EHS, and he led things off with an exciting event. I believe the kids and the staff could feel the excitement in the building.

Open House was great, and we had a bigger turnout than we have had for several years. It was very smooth. We have great help in the building that makes this night run smoothly. Mrs. Saldana, Mrs. Sanchez, our counselors, and the tech department did a great job, and we appreciate them all so much.

This month we have our Senior Projects on the 9th. We also have Homecoming the week of the 25th. Powderpuff will be held on Wednesday the 23rd, with the bonfire to follow. We have the parade in town at noon, and we have the game that night versus Fruitland. We would love to see everyone there to support our kids. The parade this year will be a different route because of the Harvest Festival being held on Main Street. Our route will go in the reverse direction, and we will begin at the middle school, go north on John's towards the park, take a left on Main St., and we will end after Potter's.

Mrs. Hargitt has been a wonderful addition to our administrative team at the high school. She has helped oversee our instruction and the time we have allotted for PLC's. Tuesdays have been good for our teams to have time to collaborate with each other. Mrs. Hargitt and I have begun conducting observations, and we hope to have positive interactions with our teachers.

To keep encouraging a positive culture at the high school, we have ramped up Huskie Blue Thursdays, and we have included our students. We took a caffeine cart around to our employees at EHS, VPA, and True North and supplied them with a pick-me-up this last week, and everyone seemed to really appreciate that. We hope to plan more positive events for our students and staff to keep up the morale at EHS.

There is to more good to come... Thank you all for all that you do!
