September Focus: Finding Our Direction

Benefits of the New True North Site • Students can attend PRRTA during every period, making it easier to follow a PRRTA career pathway. • Students can take Art and Physical Education classes at Emmett High School. • True North now has its own campus.	Community School Update Tanja Castello continues to serve as a resource for students, staff, and parents. August accomplishments included the start of school, Open House, and generous community donations. The September newsletter also encourages hydration, reading or games on unplugged Mondays, and time to relax. tcastello@isd221.net
