I have added the scores for the 2025-2026 school year below last year. Findings: CES is better than the state average in all but two categories, and even with the state in those two for the 2025-26 School Year. We again rocked the Science ISAT.

★ **ISIP Reading Scores** - We have started testing AMIRA, Benchmarking, and there are several challenges with this test being on computers.

★ **ISIP Math Scores** - We will be benchmark testing math as we finish the AMIRA test.

★ IXL Overall Growth

★ WIDA Testing:

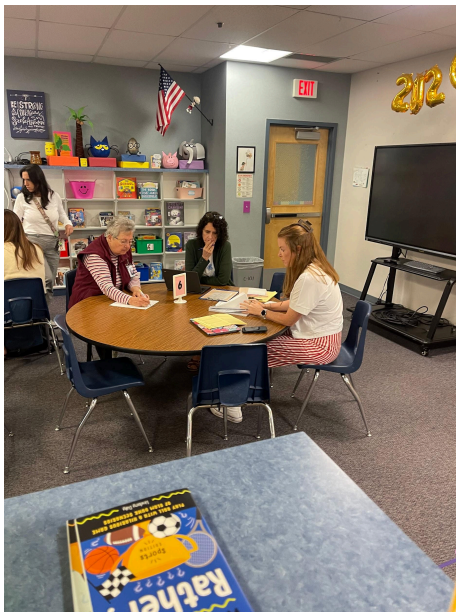

★ **Behavioral/PBIS Updates** -

★ **Staff Highlight Certified/Classified**

We added 3 special education paraprofessionals this last week and a half. Elizabeth Smith has been with us in the past and has been able to come back to Carberry. She is working on becoming a special education teacher and will hopefully be student teaching in the next year or so.

We also added Victoria "Vikii" Oxley to our 2nd - 5th grade Extended Resource room staff, and she is fitting right in as she is great with students. Catherine "Cat" Pressley was also recently added and is working with our K-1st grade Extended Resource room staff and learning the ropes from our great team of paras and teachers.

Below are pictures of our staff on Tuesday morning working in their Professional Learning Team (PLT/grade level team) and with the Title and SpEd paras and teachers to meet the needs of ALL our students. We used to meet in classrooms, but that limited collaboration.

⇒ Back to School Night, August 13, 5-7 pm, was well attended, and students have jumped right into the Learning Journey. Stop by and see our theme decorations throughout the hallways.

⇒ We are still working through the challenges of new schedules and giving and taking time. Most of the teachers have been very positive about the changes and are now able to have conversations with students during recess, unlike before when they were on duty. We are trying to find balance and allow for time to see how we can solve the little problems.

⇒ Our Community School Action Plan has the opportunity to work in an Early Learning Grant of \$20,000, and we are working with Shannon Anderson and the other elementary principals to find ways to connect with parents to support the 0-5 year olds and their families. We are looking at Play to Learn option, which has been successful in Caldwell and American Falls. We are also looking at how we can include a Ready for Kindergarten or Kindergarten Boot Camp for next summer. We are always looking at ways to get our students and families involved to help them make great transitions into school.

Please see the Carberry Newsletter for other information going out to our families.
