New Business	• District's decrease in enrollment- financial impact ○ There has been a significant decrease in enrollment this year. Our school has lost enough kids to fill one classroom. So to combat this, the district has put focus on attendance and efforts to increase it. ○ Renee Nicholson and Sarah Gunderson are working on tracking and monitoring those who are often absent or late to school. These students tend to have the

	biggest impact on attendance. • Show Income Verification % - financial impact ○ Our income verification is usually due by December. This year the due date has been moved to September 30th, 2026. ○ 60% of students must report to qualify for our title 1 funds. Accuracy of reporting matters too. It can affect our funding if families aren't reporting correct income amounts. ○ We rely heavily on our title 1 funding to help support our students and families. ○ Our goal is to have 90% income verifications submitted. We're currently at 76%. ○ Paula Anderson and Rosselyn Salinas Garcia are both pushing and cold calling families to hopefully hit that 90% goal. ○ Submitting by paper also takes longer to input than through the QR code or income verification link sent in the monthly newsletter. • Share Parent Compact ○ The share parent compact is a title 1 requirement. This compact explains how all involved (students, teachers and parent/guardian) are working as a team towards student growth and giving back to our families. ○ This must be filled out to be in compliance with title 1 funding. ○ It will be presented to families to sign at parent/teacher conferences in November.
Public Comment	Nellie Darnell: She brought up the upcoming election for school board representative in November 2026. She suggested we look at Moe(Murad) Sarama.
Future Business	Next School Site Council Meeting: 10/19/26
