“Art is an agent of change. A film, a performance, a piece of music, or a book can make a difference. It can change the world”

Alan Rickman

Our Covenants

Covenant (noun): An agreement between people.

MAGIC

Mentorship: We value and support all incoming artists and lift them up. Everyone can be a mentor, and everyone can benefit from one. We value the mentorship of our teachers, and trust they have our best interests at heart.

Accountability: We take responsibility for our behavior and maintain personal integrity. We recognize the importance of intent, but also the impact of our actions.

Growth: We never decide our performance or program is “good enough” but always strive to improve. The goal is learning, not perfection.

Inclusivity: We welcome everyone and create a safe space in our theater and theatre community.

Communication: We communicate our needs, safety issues, concerns, and successes. We communicate these things in a timely manner.
