

9/17/26 Principal's Message

Hello Mustangs,

Building Our Foundation Together ❤️

Our Mariemont team leads as one, and this is the first year of a three-year commitment plan, we are incredibly proud of. This year is about building a strong foundation—one that will help us continue to grow academically while making sure every student feels known, supported, and ready to learn. One of our biggest opportunities of growth is math. Every TK–5 classroom is now using our new Thinking Math curriculum, which encourages students to explain their thinking, solve problems in different ways, and develop a deeper understanding of mathematics.

We are also continuing to make student wellbeing a part of everyday learning at Mariemont. Across our school, teachers are incorporating social-emotional learning routines that help students understand themselves, manage emotions, build relationships, and feel a strong sense of belonging.

Finally, our teachers are becoming more intentional about using student learning data to guide instruction. Grade-level teams regularly come together to look at student progress, celebrate growth, identify areas of need, and make adjustments to better support learners.

None of this happens in isolation. It is the result of our teachers' dedication, our students' willingness to learn and grow, and the partnership we share with our families. The work we are doing this year is creating a strong foundation for what comes next, and I am excited about where we are headed together!

Get ready to saddle up for a week of reading fun with Mustang Sally and Scholastic! The Book Fair is galloping into town, and we need your help to make it a page-turning success.

Whether you can work a shift, two, or even three, your time makes a huge difference. It's a great way to support our school, connect with other families, and help kids discover books they'll love.

[Sign up to volunteer here](#). If you'd like to volunteer when your child will be attending the book fair, the schedule is below. If the time slot during your child's class visit time is full, you are still welcome to come in and help out — we will never turn anyone away! **Also, we REALLY NEED VOLUNTEERS for setup on 10/8 & 10/9. Please considering helping if you're available!**

PTA News

Thank You Thursdays

Today was our first family hosted Thank You Thursday by the 5th grade level students. Each month, our PTA collaborates with grade level families to coordinate breakfast goodies and afternoon snacks in the staff room for Mariemont staff. It is a simple and big way to show appreciation to staff to bring delicious joy to the day.

Please Complete Your Household Income Information Form

As the school year begins, we want to remind you how important it is to provide household income information annually. This information directly impacts the amount of state and federal funding our schools receive to provide programs and staff to our students.

A variety of critical programs, grants, and funding, for ALL schools, is dependent on data related to income levels. School funding information is used to determine LCFF site funding, Title I eligibility and priority access to various programs for families. It's important for you to understand that this information is kept confidential and allows the district to provide additional resources to support all students. These **resources include enrichment, intervention, additional staff, technology and supplemental materials**.

This funding supports:

- Academic intervention
- Social-emotional well-being
- Supplemental staff
- E-rate and other programs
- Title I rankings
- Sun Bucks for eligible families

Please complete the School Funding Form **or** the Universal Benefits Application (UBA) form in the Parent Portal (Q) or use the link below.
