Access ClassLink from Home

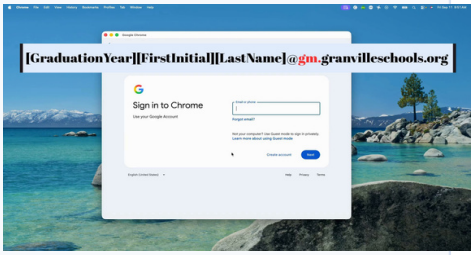

Follow these steps on a home computer using Google Chrome.

1. Download Google Chrome
If you don't already have **Google Chrome** on your device, download and install it before you begin.

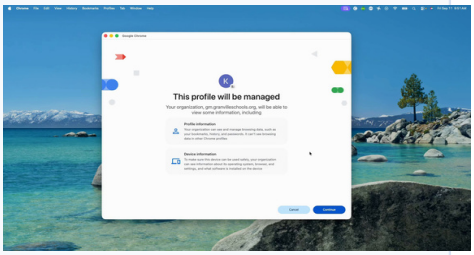

2. Open Google Chrome
Open **Google Chrome**. If Chrome asks you to set up a new profile, choose **Sign in**.

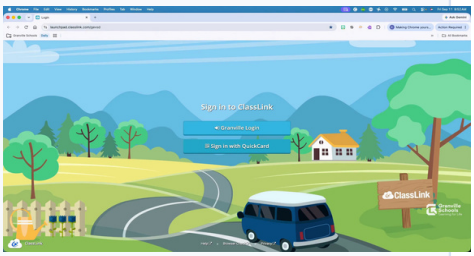

3. Sign in to your school Google account
Enter your school Google account: **[Graduation Year][First Initial][Last Name]@gm.granvilleschools.org** and select **Next**.

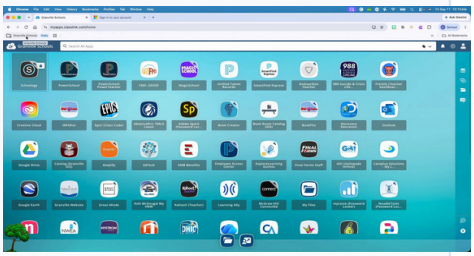

4. Finish setting up Chrome
If you see “This profile will be managed,” select **Continue** to finish signing in.

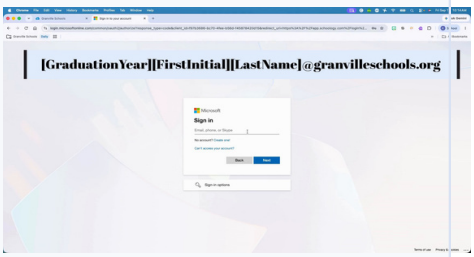

5. Go to ClassLink
Go to the **ClassLink** sign-in page.

6. Open the app you need
After ClassLink loads, you will see your school apps. Click the app you want to use, such as **Schoology**.

7. Sign in if prompted
When accessing Schoology for the first time, you will be asked to sign in. Use your email address without the gm to sign in. You should only need to do this the first time.

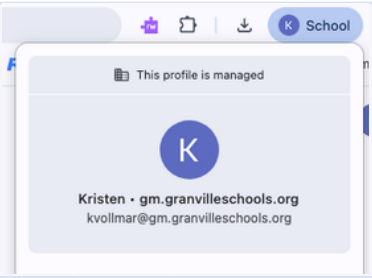

Need help? If you are having trouble signing in or have a question, check in with your teacher.

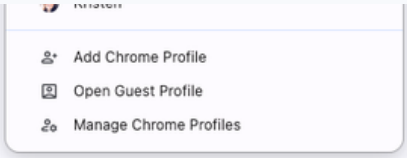

Switching Between Multiple Chrome Profiles

Follow these steps on a home computer to switch users if needed.

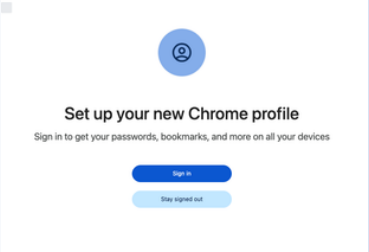

1. Open Profile Settings
Click your Profile Icon in the top-right corner of the Chrome window.

2.Add a Profile:
Scroll to the bottom of the pop-up menu and select + Add Chrome Profile

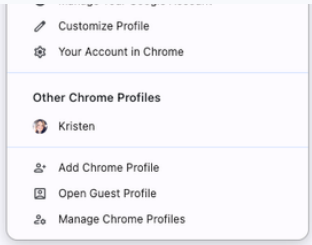

3.Sign In:
Choose Sign in to log into an different Google Account.

To switch between accounts after adding:

- **Click your Profile Icon in the top-right corner of the Chrome window.**
- **Choose the profile you want to switch to.**

Need help? If you are having trouble signing in or have a question, check in with your teacher.
