

White Pigeon Community Schools

"Every Student—Every Day"

Dear White Pigeon Families,

I would like to begin by thanking our families and community for the support you have shown White Pigeon Community Schools over the years. Because of that support, we have been able to complete many important improvements throughout our district, including roof replacements, parking lot upgrades, new classroom and hallway ceilings and lighting, improved security, updated mechanical and water systems, stadium improvements, and increased accessibility at our athletic facilities.

On November 3, 2026, voters will consider replacing the district's existing 3-mill Sinking Fund for another five years. This replacement would not increase the current millage rate. Sinking Fund dollars can be used for building repairs and improvements, school security, technology, and the purchase of school buses. These funds cannot be used for employee salaries.

I encourage everyone to learn more about the proposal and remember to vote by November 3.

We will also be holding two District-Wide Open Houses:

- Monday, September 28, at 5:00 p.m.
- Monday, October 5, at 1:00 p.m.

Both events will begin in the Jr./Sr. High School Media Center. Families and community members will have the opportunity to tour both buildings, see the improvements that have been completed, and learn more about the Sinking Fund.

As a White Pigeon graduate, a parent of two White Pigeon graduates, and your superintendent, I am very proud of our schools and grateful for the continued involvement of our families and community. Please feel free to contact me at (269) 483-7676 or smcbride@wpcschools.org with any questions.

Our Schools. Our Community. Our Future.

With Chief Pride,

Shelly McBride
Superintendent
White Pigeon Community Schools
