

3 Ways to Lower Your Drug Costs and Start Saving Now

We realize that the cost of everything is going up. As your pharmacy benefit partner, we are here to ensure that you get the prescriptions you need at the best price. And we want to provide you with some simple ways to save money on your prescriptions.

1. Consider a generic

Brand-name drugs can be up to 20x more expensive than their generic equivalents. Ask your provider if a generic is available and would be appropriate for you.

2. Take advantage of copay assistance programs

Did you know that most brand name drugs have copay assistance programs? Check the manufacturer's website to see if you qualify and sign up. It could save you a lot of money.

3. Explore the Navitus portal and app

The Navitus portal and app make it easy to make the most of your pharmacy benefit, including:

- Compare drug prices and your local and mail order pharmacies
- Check coverage details
- Access your medication history
- See your digital member ID card
