Organizational Chart
2026-2027

July 2026

Woodstock District 200 Strategic Plan (2026-2027)	
MISSION	Empower and inspire learners to strive for educational and personal excellence while becoming contributing members of society.
MOTTO	Changing the Future Through Education
CORE VALUES/ COMMITMENTS	We believe all students can learn and achieve personal success when provided high-quality instruction. *We will set high expectations for growth and achievement utilizing data to provide a flexible, engaging, and differentiated learning environment to support the skills necessary for academic and personal success.* We believe every student and all families benefit from an active partnership with the school community. *We will provide clear, transparent and frequent communication to foster collaboration and engagement with all families.* We believe partnerships with the community are mutually beneficial. *We will actively build collaborative community partnerships to enrich students' learning experiences.* We believe talented staff and educators are key to a positive and lasting impact on student outcomes. *We will recruit, develop and retain an effective, diverse workforce committed to collaboration and continuous improvement.* We believe that developing the social and emotional skills of students and staff promotes a healthy educational environment. *We will provide resources, build skills, and support mental health education so that our students and staff are able to self regulate, advocate and demonstrate respect for all members of the school community.* We believe the safety of our students and staff is paramount. *We will model, monitor and ensure that student and adult behaviors contribute to a safe, orderly and positive learning environment in secure facilities.* We believe sound fiscal management builds trust, respect and support. *We will be good stewards of our community resources and ensure sound business practices.*

GOAL ONE: Student Growth & Achievement
Propel student growth and achievement through innovative instruction and active engagement.
Strategy 1: We will provide a rigorous curriculum with clarity and consistency in all subject areas and utilize reliable assessment data and feedback to guide practice and instruction.
Strategy 2: We will provide differentiated instruction, interventions, and equip students with the necessary skills to meet each student's needs.

KEY INDICATORS	MEASURES
Student Growth **Grade Level Readiness**	The goal for the 2026-2027 school year is for the District to raise our percentage of students meeting or exceeding the state benchmark by 2% over the 2025-2026 school year. The District will report to the Board once scores are available on overall student performance compared to last school year.
Close Achievement Gaps	The percentage of Hispanic students in the 8th grade performing below their non-Hispanic peers as measured by the reading score on the District Growth Model will be less than it was when those same students were in 3rd grade.
Advanced Placement and Dual Credit Classes	The percentage of students (based on enrollment) who complete an Advanced Placement or Dual Credit class will increase by 2% during the 2026-2027 school year. The District will provide the Board with a report on the progress of the "12 in 200" initiative including the number of students graduating with 12 college credits.
College and Career Pathways	The District will provide the Board with a report on current and new College and Career Pathways.

Dual Degree Program	The District will provide the Board with a report on the progress of the Dual Degree Program, the number of graduates in the program, and the number of students enrolled in the program throughout both high schools.
Post High School Education Enrollment	The annual report on post-high school student pursuits will be published on the District website after a presentation to the Board of Education.
Artificial Intelligence Committee (AI)	The District will provide the Board with a report on the progress of the AI committee, AI professional development, and future AI plans.

GOAL TWO: Family/Community Engagement

Actively engage and support all families and the community.

Strategy 3: We will work with our families in a collaborative partnership to enable them to participate and be advocates for their student's learning from birth through high school.

KEY INDICATORS	MEASURES
Attendance	Each building will have a plan to work with chronically absent students to increase their school attendance.
Family Engagement in Education	During the 2026-2027 school year, each school will hold activities to engage parents in specific areas of student engagement, student achievement, and/or student social/emotional well-being.
Challenger Learning Center	During the 2026-2027 school year, the Board will be updated on the Challenger Learning Center and the District's long term plan for programming.
Family Satisfaction Survey	The 5 Essentials Survey will be administered to assess family satisfaction with District 200 during the 2026-2027 school year and results will be reported to the Board of Education.
Family Engagement Events	During the 2026-2027 school year, the District will host a community engagement event at various locations across the District.
Transportation/School Start Time Study	The District will provide the Board with a survey for parents on potential changes to school start times for the 2027-2028 school year.

GOAL THREE: Learning Environment
Cultivate a safe environment for students and staff alike.
Strategy 4: We will take responsibility to ensure an emotionally and physically safe environment for our students and staff.

KEY INDICATORS	MEASURES
Sustainability	Continue the Sustainability Committee and share with the Board an updated District 200 sustainability plan that will include all District 200 Schools. This committee will look at the practices of the District in regards to reducing our total plastic usage both in lunch and general purchasing and our use of local foods in our school lunches along with a follow up of the processes agreed upon with the waste and recycling provider.
Student Voice	Each building will conduct principal advisory committee meetings with students to give students a voice in the culture of the school.
Family Satisfaction Survey	The 5 Essentials Survey will be administered to assess family satisfaction with District 200 during the 2026-2027 school year and results will be reported to the Board of Education.
Student Satisfaction Survey	The 5 Essentials Survey will be administered to assess student satisfaction with District 200 during the 2026-2027 school year and results will be reported to the Board of Education.
Student Social Emotional Health	Students will be screened regarding their social-emotional health and results will be shared with the Board of Education.
Staff Wellness	During the 2026-2027 school year, workplace wellness programming will be provided to all staff.

GOAL FOUR: Exemplary Employees
Foster a positive school community that attracts, develops and retains a diverse, high-quality staff.
Strategy 5: We will attract, retain, and empower a diverse, highly qualified staff to serve our students and our community.

KEY INDICATORS	MEASURES
Substitute Recruitment and Retention	During the 2026-2027 school year the District will implement several activities to support the recruitment and retention of district substitutes.
Micro Credential	During the 2026-2027 school year the District will review the micro credentialing course offerings and identify areas to expand course opportunities for staff. The plan will be shared with the Board during the school year.
Staff Voice	The Superintendent will visit each building during the 2026-2027 school year to have dedicated time for staff to discuss district and building issues.
Staff Satisfaction	The 5 Essentials Survey will be administered to assess staff satisfaction with District 200 during the 2026-2027 school year and results will be reported to the Board of Education.
Staff Retention	A report will be given to the Board of Education on staff retention during the 2026-2027 school year to monitor ongoing staff retention.
Staff Demographics Including Diversity, Licensure, Endorsements, Professional Degrees	A report will be made to the Board of Education on the number of staff members who have professional degrees, licensure, and endorsements during the 2026-2027 school year.
Professional Development Evaluations	An evaluation tool for professional development activities will be given and the results reported to the Board of Education during the 2026-2027 school year.

GOAL FIVE: Essential Resources

Ensure effective stewardship of district financial and physical resources.

Strategy 6: We will be proactive in forecasting and allocating financial resources to ensure the best possible educational program for our students while being mindful of our taxpayers.

KEY INDICATORS	MEASURES
Audit Findings	Report audit findings to the Board of Education and any remedies to be implemented that are necessitated by the findings during the 2026-2027 school year.
Bond Rating	Maintain the S&P rating of AA with a stable outlook for the 2026-2027 school year as measured by S&P.
Expenditures to Revenue Ratio	Maintain a positive expenditure to revenue ratio for the 2026-2027 school year.
Reserves (Cash on Hand)	Maintain a minimum of 25% cash on hand for the 2026-2027 school year.
Illinois Recognition for Financial Reporting	Maintain the financial recognition status from ISBE and improve long term debt indicator during the 2026-2027 school year.
Percent of Long-Term Debt Remaining	Continue to systematically decrease the long term debt and not issue any new debt except in an emergency situation during the 2026-2027 school year.

THE DISTRICT ENTITY

Legal Autonomy

Illinois public schools are established and governed by the State of Illinois under the guidelines of The School Code of Illinois.

The present boundaries of the Community Unit School District No. 200 (District 200) and its Board of Education were legally established on July 19, 1969, after successful passage of a referendum that merged City of Woodstock District No. 72, Woodstock High School District No. 152, and Rural Woodstock District No. 10.

Fiscal Independence

Illinois schools are fiscally independent and have legal authority to levy taxes, issue bonds, and incur debt. The School Code of Illinois requires school districts to adopt an annual budget before or during the first quarter of each fiscal year. Each school district is also required to certify annually on or before the last Tuesday in December, its certificate of tax levy with the respective county clerk.

District Size and Scope

District 200 is located in northeastern Illinois, approximately 65 miles northwest of Chicago. The District covers over 110 square miles and serves the City of Woodstock, Village of Wonder Lake, Village of Bull Valley, Village of Greenwood, and portions of unincorporated McHenry County. The largest population included in District 200's boundaries is the City of Woodstock, whose 2020 census population was 25,630 residents.

District 200 provides educational services for students in Pre-Kindergarten through age twenty-one. September 1st enrollment is 43 students lower than last year. Although we continue the recovery from the 288-student decrease during COVID19 and remote learning for all students, we expect this number to increase noting that **these numbers are very preliminary as of the printing of this document**. Official enrollment will be available on October 1, 2026.

School	Grade Level	2025-2026	2026-27	Change
Bright Beginnings			10	10
Clay Academy	1-12	65	63	(2)
Verda Dierzen Early Learning Ctr	PreK-K	672	598	(74)
Dean St. Elementary School	1-5	289	306	17
Mary Endres Elementary School	1-5	424	437	13
Greenwood Elementary School	1-5	294	273	(21)
Olson Elementary School	1-5	442	425	(17)

Woodstock North High School	9-12	874	861	(13)
Special Education	18-21 Learners	20	19	(1)
Outsourced/Early Intervention		41	63	22
Total Enrollment		**6,126**	**6,083**	**(43)**

The District provides a full range of programs and services for all students. These programs include elementary and secondary course offerings, including general, vocational, and college preparatory curriculum. An extensive array of co-curricular and athletic activities are also offered to enhance the students' educational experience. The District provides a Therapeutic Day School via Clay Academy and this year Bright Beginnings opened, a school focused on students with autism. These schools are in addition to districtwide special educational services, gifted education, and an integrated technology education.

District 200 began offering its Dual Language program in 2004. The Dual Language program integrates native English and native Spanish speaking students for academic instruction, which is presented in both languages. The goal of dual language is for students to become bi-lingual, bi-cultural, and bi-literate. In the 2015-16 school year, the first class of District students, who completed the dual language program, graduated. The Dual Language program serves over 2,610 students, or approximately 43% of the student population.

At the high school level, the district continues to offer Advanced Placement (AP) and Dual Credit (DC) classes to all students while encouraging and supporting underrepresented students to take part in AP/DC coursework. Starting in the 2019-20 school year District 200 expanded the partnership with McHenry County College (MCC) to offer additional dual credit courses and began its first cohort of students in the Dual Degree Program. This program and the "12 in 200" initiative encourages students to earn college course credit through AP/DC courses while enrolled in high school. As of the 2026-27 school year, District 200 offers 26 AP courses and 37 DC courses.

Since the 2018-19 school year the following initiatives have been implemented:

- All sixth, seventh, and eighth graders have begun using the *Collections Literacy Series* at the Middle School level. This program combines the study of literature with the development of reading skills. In the 2019-20 school year a supplemental writing program, *Units of Study* was integrated to provide added writing instruction throughout the course of the school year.

- The implementation of the Everyone Reads Program for second and third graders reading at below grade level. Everyone Reads is a reading intervention held for one-hour after school four days per week to improve and strengthen reading skills.

- Elementary schools utilize Benchmark Advance as their digital literacy curriculum. A focus on phonics instruction at the K through 3rd grade levels was implemented for the 2020-21 school year, with interventions in place to support students not at grade level, including the Everyone Reads program.

- In 2021-22 District 200 implemented blended learning instruction in specific courses at each high school. Blended learning is a style of education that combines online and face-to-face instruction to allow students some control over the path, place, and pace of learning.

- A social-emotional curriculum called Second Step is taught at all elementary schools. A social emotional curriculum called Wayfinder is utilized at both middle

schools. These curriculums helps to provide and create safe and supportive learning environments. For the 2023-24 school year, a bullying prevention curriculum has also been introduced at all levels.

- A new elementary math curriculum, Eureka Math^2, was implemented at all elementary schools beginning with school year 2023-24. The program is aligned with rigorous math standards and utilizes updated instructional practices for teaching math which encompasses computations, numeracy skills, and real-life modeling of math.

- Students in grades K-5 receive WIN (What I Need) time 30 minutes daily. Students receive intervention, enrichment, or challenge corps depending on their individual needs.

- In 2023-24, the high schools implemented a high school transition and mentoring program called LINK Crews. In 2024-25, the middle schools will implement a middle school transition and mentoring program called WEB (Where Everyone Belongs).

- A new college and career readiness software platform called SchooLinks was implemented in the 2023-24 school year. This program helps students and their families create individualized roadmaps to serve each student's unique skills, interests, and goals for the future.

- In 2025-26 brings a new middle school science curriculum called Lab-Aids. This curriculum is a hands-on inquiry-based program aligned with the Next Generation Science Standards (NGSS).

- In 2025-26, the high schools implemented an Internship and Micro-Internship program to provide students with the opportunity to explore career opportunities. These programs connect students will professionals in the Woodstock community and provide students with an experiential learning opportunity.

BASIS OF ACCOUNTING FOR FINANCIAL REPORTING

Basis of Accounting

Basis of accounting refers to the timing of recognition of revenues and expenditures in the accounts and in the financial statements. The District's budget is prepared, and the District's books are maintained on the cash basis of accounting. Under this basis, certain revenues and related assets are recognized when received rather than when susceptible to accrual or earned, and certain expenditures are recognized when disbursed as determined by the date of the check rather than when the obligation is incurred. This is an acceptable method in accordance with Chapter 122, Paragraph 17-1 of the Illinois Revised Statutes.

The accounting policies of the District are in conformity with Generally Accepted Accounting Principles (GAAP) of the United States of America as applicable to local

education agencies. The accounting system is organized and operated on the basis of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures as appropriate. The accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The district maintains individual funds required by the Illinois State Board of Education (ISBE).

These funds are grouped as required for reports filed with the ISBE. District resources are allocated and accounted for in individual funds based upon the purposes for which they are to be spent and means by which spending activities are controlled. The following summarizes the fund types and account groups used by the District:

Governmental Fund Types
Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the District's governmental fund types:

General Fund – The General Fund consists of the *Educational Fund,* the *Operations & Maintenance Fund,* and the *Working Cash Fund*. These three funds are used to account for the revenues and expenditures which are used in providing education in the District. The General Fund accounts for all financial resources except those required to be accounted for in other funds. Included in the *Educational Fund* is the District's food service operation, Kids Club operation, and Challenger Center operation. All three of these funds' operations are self-supporting activities; however, measurement of profit and loss is not an objective. The *Educational Fund* also includes the *Grants Fund* which is separated to specifically account for local, state, and federal grants and new for the 2020-21 school year is the Activity Funds' Fund which accounts for funds managed by a student body under the direction of a staff member.

Special Revenue Funds – Special Revenue Funds, which includes the *Transportation Fund,* the *Municipal Retirement Fund*, and the *Tort Immunity Fund* are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for those specified purposes. The *Municipal Retirement Fund* also includes the *Social Security/Medicare Fund* which is separated to more accurately account for each fund's unique expenditures.

Debt Service Fund – The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. Since there are no legal requirements on bond indentures which mandate that a separate fund be established for each bond issue, the District maintains one Debt Service Fund for all bond issues. However, each of the District's separate bond issues are accounted for separately within the Debt Service Fund and have their own fund balance.

Capital Projects Funds – Capital Project Funds accounts for financial resources to be used for the acquisition or construction of major capital facilities. There are three independent funds that make up the Capital Projects Funds -- the *Capital Projects Fund* used to account for any construction or renovation projects; the *Developer Impact Fees Fund* used to account for all developer impact fees received from new home developments; and the *Fire Prevention & Safety Fund* used to account for financial resources to be used for authorized fire prevention and safety construction projects.

Fiduciary Fund Types

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals or private organizations.

System of Classifying Revenues and Expenditures

Revenues for the District are classified by source within a fund. Revenues are grouped into major categories. The categories, with examples of major revenue sources are:

Local: Property Taxes
Corporate Personal Property Replacement Taxes (CPPRT)
Tuition
Admissions/Fees
Interest
Food Services Sales

State: General State Aid/Evidence Based Funding
Special Education Categoricals (Reimbursements)
Grants

Federal: Grants

Expenditures are classified by fund, function, object, location, and program as per the Illinois Program Accounting Manual for Local Education Agencies. The following describes each classification:

Function – the action or purpose for which a person or thing is used or exists. The function number includes the activities or actions which are performed to accomplish the objectives of the school district. There are six broad function categories, each of which can be further subdivided into sub-functions:

1000's – Instruction
2000's – Support Services
3000's – Community Services
4000's – Non-Program Services
5000's – Debt Services
6000's – Contingency

Object – the product or service obtained as the result of a specific expenditure. There are eight object categories, each of which can be further subdivided into sub-objects:

1000's – Salaries
2000's – Employee Benefits
3000's – Purchased Services

4000's – Supplies and Materials
5000's – Capital Equipment
6000's – Dues & Fees, Other
7000's – Transfers
8000's – Tuition

The District maintains fifteen individual, self-balancing funds. During the 2026-2027 fiscal year all of these funds will be utilized. The primary presentation of expenditures in this document is by function and/or object. Supplemental expenditure information is also presented throughout this document.

MANAGEMENT OF THE BUDGET

The budget serves many purposes. It is a prerequisite for spending funds and provides financial information for the district's use as well as the local community and state and federal government agencies. It justifies the levy of property taxes and classifies revenues and expenditures. **First, a budget is a spending plan, not a commitment to spend.** It must be flexible during the year to accommodate unforeseen increased/decreased expenditures and/or increased/decreased revenues from those used in the preparation of the budget. A budget is prepared at a point in time utilizing the best information available at that time and is subject to change with the passage of time. As time passes, it will be logical to make changes in the parameters and assumptions used in the development of the budget. Changes do not necessarily mean that errors were made previously, but rather that with the passage of time better information is available and changes may be necessary.

School districts in Illinois have a fiscal year of July 1 through June 30. **This means a budget which is prepared on a cash basis of accounting is to include the revenues and expenditures that are expected to occur from July 1 of one year through June 30th of the following year.** The 2026-2027 school year is referred to as fiscal year 2027 (FY27) because the fiscal year will end on June 30, 2027.

The preparation of a budget is ongoing and is not a static process. The closer the date comes to the point in time when the budget is finally adopted, per State law by September 30th, the more accurate the information can be. District 200 Board Policy controls the budget development process that begins in December the year prior to the September 30th adoption of a final budget. The 2026-27 preliminary budget began in December 2025 and was presented to the Board of Education in August 2026 for final adoption on September 22, 2026.

The following budget and fiscal management policies of the Board of Education guide the preparation and administration of the District's 2026-2027 budget.

Budget Management Policy

The Superintendent is responsible for the District's fiscal and business management. The Superintendents' executive limitations regarding budget management are contained within the Board of Education Policy. This responsibility includes budgeting in any fiscal year shall not deviate materially from Board priorities, risk fiscal jeopardy, or fail to be derived from a multi-year plan.

Accordingly, the Superintendent may not cause or knowingly condone budgeting which:

A. Contains too little information to enable credible projection of revenues and expenses, cash flow, and disclosure of planning parameters and assumptions.
B. Plans the expenditure in any fiscal year of more funds than are conservatively projected to be available in that period.
C. Endangers the fiscal soundness of future years or ignores the building of organizational capability sufficient to achieve ends in future years.
D. Does not include a contingency amount in each of the three operating funds.

Budget Development Process

The budget development process is a leadership, planning and communication tool for the school board and administration. It is an annual opportunity to bring together the district's instructional and support programs with the resources available to underwrite them and make decisions to increase or decrease resources to specific programs and services. Per Board of Education Policy 4:10, the budget development process begins with the preparation of a budget calendar. This calendar may be revised periodically throughout the year to adjust for new information relative to revenues and/or expenditures and Board of Education meeting availability.

The next step is to discuss and approve the budget parameters and assumptions to be used in developing the budget. These assumptions and parameters are the heart of the budget. The assumptions used will drive the numbers reported in the budget for both revenues and expenditures. The parameters and assumptions are not static and change as time passes and new information becomes available from the county and the State. Many of the revenues are not within direct control of the District. The Board and administration make rational assumptions based upon past practice, current conditions, conversations with local and state agencies and general economic conditions in the State and country.

Once the property tax levy has been approved in December, meetings with the Administrative Leadership Team commence in order to prioritize programs and their subsequent costs. These meetings typically last through February and include discussions on staffing levels and available grant funding. Changes in staffing levels are extremely important to the budget development process since over 88% of all operating costs are staff related. In addition, State laws require notifications of Reduction In Force (RIF) to take place at least 30-60 days prior to the end of the school year. Consequently, the preliminary budget must be finalized in early March to meet State mandated requirements.

A Budget Workshop can be scheduled in the spring when a Preliminary Budget is presented to the school board. The Board may request changes to the Preliminary Budget. Once any changes are made, the Preliminary Budget becomes the basis for the Tentative Budget. Changes to the Preliminary Budget usually occur between April and August based on updated information received on projected revenues, enrollment changes, benefit changes, and expenditures. These changes are reported to the school board at the Tentative Budget presentation. Only minimal changes occur between the August Tentative Budget presentation and the Final Budget adoption in September. District 200 uses a three-stage process to develop the budget:

1. A Preliminary Budget – prepared and presented in the Spring.

2. A Tentative Budget – prepared and presented in August.

3. A Final Budget – prepared and presented in September.

2026-2027 BUDGET DEVELOPMENT CALENDAR		
DATE	**GROUP**	**PURPOSE**
11/18/25	BOE	Determine 2025 tax levy
12/09/25	BOE	Approve 2025 tax levy. Approve 2026-27 budget development calendar, budget parameters and assumptions for 2026-27 through 2028-29, and a resolution designating individuals responsible to prepare the tentative FY27 budget
08/11/26	BOE	Budget update on all funds and approve tentative budget, place budget on public display and schedule public hearing
08/19/26	Publication	Public notice for budget hearing at least 30 days prior to 9/22/26 Board meeting.
09/22/26	BOE	Discuss final budget, conduct public hearing, and approve final budget.

Budget Adoption Process

The Board of Education is required to annually adopt a budget for the operation of the District before or during the first quarter of each fiscal year (September 30). The Board is also required by law to conduct a public hearing to receive input from its citizenry regarding the budget. The hearing date, place, and time must be published in the local newspaper at least 30 days prior to the hearing. The proposed budget shall be available for public inspection at least 30 days before the time of the budget hearing. At the public hearing, the proposed budget shall be reviewed, and the public shall be invited to comment and/or question the Board of Education.

The adoption of the budget shall be by roll call vote. The resolution adopting the budget shall be incorporated into the meeting's official minutes. The certified copy of the budget resolution (ISBE School District Budget Form 50-36) and an estimate of revenues by source anticipated to be received in the following year (certified by the District's Chief School Business Official) must be filed with the county clerk within 30 days of the adoption of the budget. In addition, Parts III and IV of ISBE Form 50-36 must be filed with the Regional Office of Education by October 15. The Board of Education may amend the budget by the same procedure as provided for in the original adoption.

Budget Implementation

Once the budget is adopted, it becomes the fiscal management tool for administering and controlling expenditures. The Board of Education expects its administrative staff to operate the school district within the established budget. The Superintendent is responsible for implementing the District's budget and shall provide the Board of Education with a monthly financial report and a quarterly review of the budget. Budgeted amounts can be transferred to other line items within the same fund. These transfers can be made up to 10% of the total of that fund. The total amount budgeted as an expenditure in each fund is the maximum amount which may be expended.

The Board of Education shall act on:

- All expenditures;
- All transfers from one fund to another; and
- All expenditures which are to be charged to a contingency account.

The Administrative Leadership Council, comprised of central office administrators and building principals, are the budget managers in District 200. They are accountable for the management of the financial resources assigned to them. Each of the budget managers are authorized to approve the expenditure of funds within their respective responsibility area, provided that funds are expended in accordance with District purchasing procedures and all legal requirements.

All purchase orders are forwarded to the Business Office to verify availability of funds, proper account coding, and compliance with legal purchasing procedures. All bid awards and contracts must be approved by the Board of Education prior to commitment of any expenditure. The Business Office monitors the budget to actual expenditures in order to control costs and to insure against overspending.

Another important component in the District's financial control and reporting system is the utilization of encumbrances. Encumbrances are obligations in the form of purchase orders, contracts, and other commitments for the expenditure of monies. The purpose of an encumbrance is to recognize obligations as soon as commitments are made. Encumbrances prevent over-expenditures and help to control the budget. For budgetary purposes, appropriations lapse at the end of the fiscal year and any outstanding encumbrances are rolled forward and paid from the new fiscal year appropriation.

Capital Budget Development Process

Each year Administration reviews the Long-Range Facilities Plan, a comprehensive report of interior needs, exterior needs, and past accomplishments for each district-owned building. Discussions and meetings with the Director of Buildings and Grounds, maintenance staff, principals, and central office administrators are held before the fiscal year ends in order to determine the district's most urgent needs. The Long-Range Facilities Plan is then re-prioritized and updated in order to best meet the needs of the district. This report drives the repairs and maintenance projects for the current school year.

Unfortunately, funding for all of the items listed in the Long-Range Facilities Plan is not always available. Small repair and maintenance work can usually be accommodated out of the Operations & Maintenance Fund budget. More expensive items require the need to borrow funds, develop and seek state approval of life safety amendments, or find grants that can be used for such purposes. Each year it is a juggling act to provide for the necessary maintenance to keep the District's buildings in good repair and to fund these projects. Many times the maintenance work is deferred until funds become available.

Large-scale projects or major renovations require extensive study by the Board of Education and community. These projects can take from two to five years to accomplish and are contingent upon community referendum approval to issue debt to pay for these projects. The District will adhere to the following guidelines for all capital improvement projects:

- The District will budget for major capital projects in accordance with the priorities of the Board of Education.

- The District will coordinate development of all capital improvement budgets with development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budgets.

- The District will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to the Board for approval.

- The District will determine the least costly financing method for all new projects.

- The District will monitor monthly the financial activity of the capital projects comparing the budgeted funds to reduce cost overruns.

- The District will restrict any new or replacement construction to be consistent with state guidelines for school building utilization.

Accounting and Auditing

The accounting system will follow Generally Accepted Accounting Principles (GAAP) as established by the Governmental Accounting Standards Board (GASB). All reporting formats used for the Annual Financial Report (AFR) and the Annual Budget will be consistent with the Illinois Program Accounting Manual for Local Educational Agencies.

At the end of each fiscal year, an independent certified public accounting firm will perform an audit of the District's books and will issue their opinion on the District's financial statements. A complete and detailed written audit report will be provided to each Board of Education member and to the Superintendent. On or before October 15th the audit report will be submitted to the Regional Office of Education in accordance with legal requirements.

On an annual basis, the District will seek to receive a Certificate of Excellence in Financial Reporting from the Association of School Business Officials International. Thus far the District has received the Certificate of Excellence in Financial Reporting for the school years ending June 30, 2000 through June 30, 2025.

Debt Management Policies

The Chief Financial Officer shall provide notice to the Board of Education of the District's need to borrow money, i.e., tax anticipation warrants, working cash fund bonds, health life safety bonds, construction bonds, refunding bonds, and other evidence of indebtedness.

When making recommendations, the Chief Financial Officer shall utilize the following practices:

- The District will confine long-term borrowing to capital projects and purchases of equipment, as required by law.

- The District will not use long-term debt for current operations.

- The District will meet all debt service obligations when due.

- The District will maintain communication with bond rating agencies regarding its financial condition and seek to obtain the most favorable rating.

- The District will follow a policy of full disclosure in every financial report and official statement.

- The District will provide to the capital markets ongoing disclosure of annual financial information and material events that may affect the District's financial strength.

- The District will continually evaluate outstanding debt to determine if refunding of older issues would be more favorable.

In addition to long-term debt, the District periodically enters into capital lease/installment purchases of equipment. Currently the District is making such payments on photocopiers and a piece of maintenance equipment.

Fund Balance and Reserves

To maintain and protect the long-term financial capacity of the district, the Board of Education will not adopt budgets where expenditures exceed the combination of revenues and fund balance. Board Policy 4:20 seeks to maintain year-end fund balances no less than the range of 20%-25% of the annual expenditures in each fund. As of July 1, 2026, the District has a fund balance of over $34 million in the three operating funds, the working cash fund, and the IMRF/Social Security funds (after early taxes are removed) resulting in a 30% fund balance to revenues ratio. The goal of the District is to avoid deficit spending and to maintain positive fund balances and reserves.

Personnel Budget

Approximately 85% of all 2026-2027 operating fund expenditures are attributable to employee salaries and benefits. The allocation of certificated teaching staff in schools is determined by trying to maintain the targets for class size at various grade levels as established by the Board of Education. The number of teacher associates is determined by program instructional needs and to meet Individualized Educational Plans (IEP) of special education students. Changes in staffing levels occur annually based upon student need, available funding, and curriculum and programmatic needs.

Revenue and Investments

The Chief Financial Officer is responsible for making all claims for property tax revenue, state aid, special education reimbursements, special state funds for specific programs, and federal funds. In addition, the Chief Financial Officer is responsible for collecting all local fees and payments.

Funds not required for current operations will be invested. Investments will be made under the supervision of the Chief Financial Officer and in accordance with Board of Education policies and state laws. District 200 currently utilizes the services of the PMA Financial Network, Inc. to competitively place its investments.

The District's investment activities are governed by Board of Education Policy 4:30 as follows:

- **Safety of Principal** – Every investment is made with safety as the primary and over-riding concern. Each investment transaction shall ensure that capital loss, whether from credit or market risk, is avoided.

- **Liquidity** – The investment portfolio shall provide sufficient liquidity to pay district obligations as they become due. In this regard, the maturity and marketability of investments shall be considered.

- **Rate of Return** – The highest return on investments is sought, consistent with the preservation of principal and prudent investment principles.

- **Diversification** – The investment portfolio is diversified as to materials and investments, as appropriate to the nature, purpose, and amount of the funds.

The Chief Financial Officer shall submit to the Board of Education and the Superintendent a monthly investment report which shall include information regarding securities in the portfolio by class or type, book value, income earned, and market values as of the report date. Generally accepted accounting principles shall be used for valuation purposes. The report shall indicate any areas of policy concern and planned revision of investment strategies.

Risk Management

District 200 has purchased insurance through risk pools. Risks covered include general liability, workers' compensation, and others. On July 1, 2001, the District joined the Collective Liability Insurance Cooperative (CLIC) for the District's property and casualty insurance, and educators' legal liability insurance coverage. CLIC was established in 1983 and is a cooperative specializing in school district risk management programs for 191 property/casualty members and 147 workers' compensation members.

On July 1, 2003 the District joined CLIC's workers' compensation pool. Each member district has a financial responsibility for annual membership contributions, which are calculated to provide for administrative expenses, specific and aggregate excess insurance coverage, and the funding of a portion of anticipated losses and loss adjustment expenses which will be borne directly by the membership. The losses and loss adjustment expenses to be borne by the membership are those that must be incurred prior to the attachment of excess insurance coverage.

The District also operates a self-insurance program for medical and dental coverage for employees. The plan is funded through District and employee contributions, and expenditures are incurred when claims are paid. The District liability will not exceed $125,000 per employee as provided by stop loss provisions from private insurance companies.

Transfer of Funds

Interfund loans and transfers within funds shall be made only with Board of Education approval and in compliance with Illinois School Code. The Board of Education shall be informed of the repayment of all such interfund loans and transfers.

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

THE CONCEPT OF FUND ACCOUNTING

Illinois school districts are required to use the Illinois Program Accounting Manual for Local Education Agencies as issued by the Illinois State Board of Education. This document establishes the common means to be used by school districts for their accounting systems in order to standardize the reporting of information to the Illinois State Board of Education. Standardization of accounting and reporting facilitates the comparison between and among school districts in the state. These requirements make the accounting systems for schools unique and somewhat different from regular business accounting.

There are multiple funds that must be used in the accounting system. Specifically stated, a fund is an independent fiscal and accounting entity, requiring its own set of self-balancing books, in accordance with special regulations, restrictions and limitations that earmark each fund for specific activity or for attaining certain objectives. One can think of the multiple funds of a school district as if they were individual subsidiary corporations owned by a parent corporation. Each fund must operate on its own and keep its accounting records separate from each other.

In a school district, the loaning of funds from one fund to another is allowed between some of the funds but not among all funds. This can facilitate the internal borrowing of money in order to meet cash flow needs, interest free, before the district has to borrow from outside sources incurring interest cost. However, just as in a business, what is loaned must be repaid eventually.

The Illinois Program Accounting Manual for Local Education Agencies provides for a maximum of nine separate funds. These funds are the educational fund, the operations and maintenance fund, the debt service fund, the transportation fund, the municipal retirement/social security fund, the capital projects fund, the working cash fund, the tort immunity/judgment fund and the fire prevention and safety fund.

In order to provide more detail, control, and separation of data, District 200 further differentiates the Educational Fund into five additional funds for local accounting purposes. These four funds are combined into the Educational Fund when reporting information to the Illinois State Board of Education. District 200 uses Fund 12 to account for the Food Services program, Fund 14 to account for all Grant financial activity, Fund 16 to account for the before and after school Kids Club program, Fund 17 to account for the Challenger Center, and Fund 11 to account for the newly required student Activity Funds of the district.

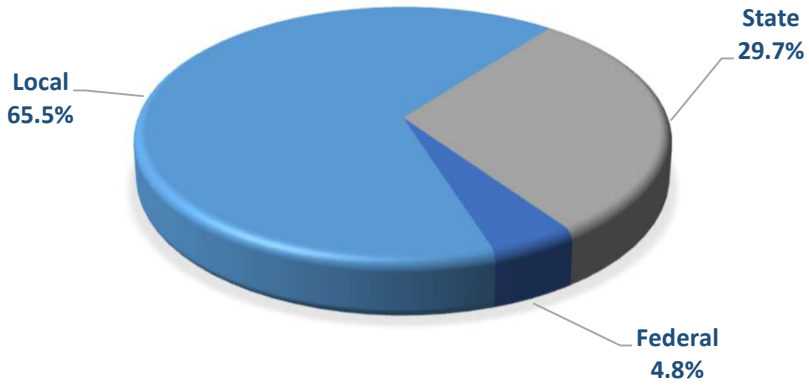

District 200 separates Fund 50 into two funds. This allows the district to account for all transactions associated with federally required payroll deductions for Social Security and Medicare separately from transactions associated with the Illinois Municipal Retirement Fund (IMRF), as per IMRF's recommendation.

District 200 uses Fund 61 to account for all transactions associated with Developer Impact Fees. This fund is combined with the Capital Projects Fund, Fund 60, for state reporting purposes and the official budget.

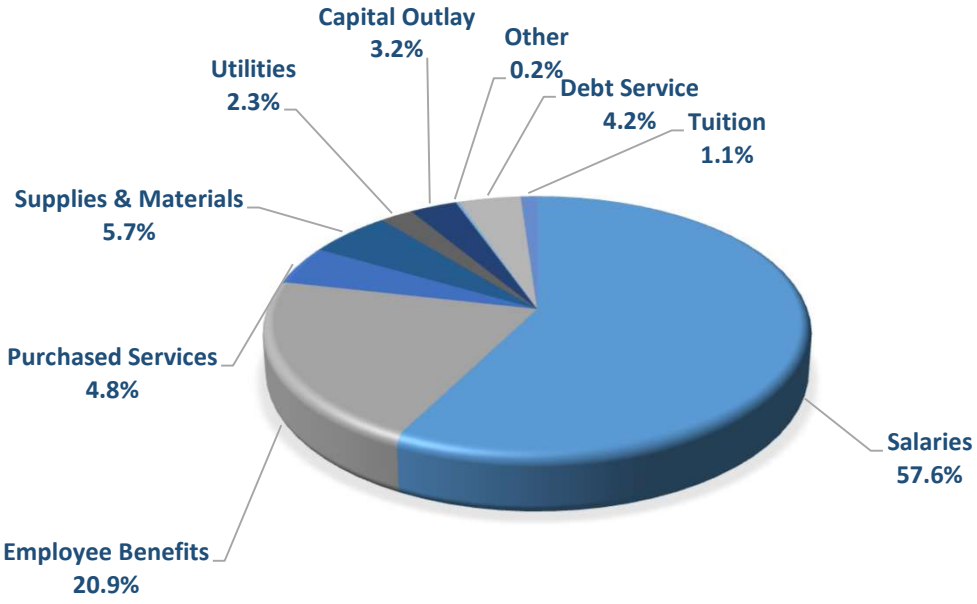

The definition and explanation of the funds are described at the beginning of each fund's financial data. In addition, charts indicating each funds' revenues, expenditures, and fund balances are included for the past four years and the current budget. These charts help to show financial trends and the overall health of each fund independently.

NOTE:
School District 200 subtracts taxes received in May and/or June of the prior fiscal year from the ending fund balance in order to have a more concise picture of how each year's tax levy is used. For example the 2025 tax levy, payable in 2026 (usually two installments due in June and September), is used to fund the 2026-27 school year. If any taxes are received prior to the beginning of the 2026-27 school year (July 1, 2026), these taxes are subtracted from the ending fund balance in this document only. The actual ending fund balance amounts are not adjusted in the computerized financial system since District 200 is on the cash basis of accounting. However, District 200 has a long-standing practice of subtracting these early taxes out of the fund balances in order to more precisely monitor its finances.

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

OPERATING FUNDS
Educational Fund, Operations & Maintenance Fund, & Transportation Fund

The three operating funds consist of the Educational Fund, the Operations & Maintenance Fund (O & M) and the Transportation Fund. These three funds focus on the day-to-day operating needs of the district. The foundation of the Operating Funds' budget is to ensure that there are sufficient funds to maintain the continued operations of the district, and that those funds are distributed in the most cost-efficient manner possible.

The Operating Funds' budget is the District's plan for the receipt and expenditure of monies used for all instructional activities; student support services; building maintenance, repairs and utilities; and transportation services. As with any type of budget, the operating funds' budget may be adapted or otherwise amended as necessary. If local or state revenues are less than estimated, or delayed for any reason, the district will have to modify its expenditures.

The 2026-27 Operating Funds' revenue budget totals $102,994,283 and the expenditure budget totals $104,230,539. The majority of its revenues come from local sources, 65.9%, (primarily property taxes) with approximately 33.1% coming from State sources and the balance coming from Federal sources. The greatest expenditure in the Operating Funds is for salaries and benefits of all the staff that make up the three funds. Salaries and benefits comprise over 86.5% of the total expenditure budget. The remaining 13.5% pays for purchased services, supplies and materials, utilities, capital equipment needs, and tuition costs.

During the 2017-18 school year, Illinois passed a new school funding formula (Evidence-Based Funding - EBF) that ties school funding to an evidence-based best practices formula. Each school district is treated individually, with an Adequacy Target based on the needs of its student body. The new formula will calculate how adequately each district is funded from local and state revenues to educate the district's specific student population for regular education, special education, poverty, and English language learners. The greater the student need, the more funding a district will receive.

For the 2026-27 school year the expected EBF budget amount is $29,734,848 of which the Operations & Maintenance Fund receives $700,000 and the Educational Fund receives the balance. This amount is significantly more from the State of Illinois than seen in past years because the new EBF combines General State Aid, the Bilingual Grant, Special Ed Personnel Reimbursement, Special Ed Funding for Children Requiring Special Education Services Reimbursement, and the Special Ed Summer School Claim into one amount.

The fund balance of the three operating funds on June 30, 2026, was $59,213,612 before early taxes are backed out. Of these funds, only $276,412 is classified as nonspendable. This is the amount that the district has expended on the high school building trades vocational program. After two years of hard work, students completed one house in spring 2025. The house sold in August 2025. The students are now in the process of constructing a new house which is expected to be completed in spring 2027. This house is being built on a district owned lot. All remaining funds in the Educational Fund, the Operations & Maintenance Fund and the Transportation Fund are classified as unrestricted.

EDUCATIONAL FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

EDUCATIONAL FUND

The greatest variety and the largest volume of transactions are recorded in the Educational Fund. The Educational Fund expenditure budget for the 2026-27 school year is $86.9 million and covers transactions that are not specifically covered in other funds. The Educational Fund pays the salaries and benefits of all educational professional and support staff. Some of the positions covered are:

- Regular Education Teachers & Associates
- Special Education Teachers & Associates
- Bilingual Teachers & Associates
- Art/Music/PE Teachers
- Counselors
- Library/Media Specialists
- Social Workers
- Speech & Language Pathologists
- Psychologists
- Nurses
- Coaches
- Principals
- Central Office Administrators & Secretaries

In addition, costs for textbooks, consumable supplies, purchased services, tuition to other school district's offering specialized programs and private placement facilities, and equipment for the district's classrooms and offices are paid from the Educational Fund.

The majority of the district's revenue is also recorded in the Educational Fund. For the 2026-27 school year the Educational Fund's revenue are balanced with expenditures. This reflects the conservative estimates for revenues and expenses. However, historically, actual revenues have exceeded expenses. The fund will be monitored closely throughout the year. The ending fund balance at June 30, 2027, is projected to exceed the Board policy of 25% of expenditures.

Revenues come from four sources – 1. Local, 2.State, 3.Federal, and 4.Other. Revenue categories include the following:

- Property Taxes
- Tuition
- Interest
- Activities
- Fees
- Other Local Revenues
- General State Aid
- Special Education Categoricals
- Federal Reimbursments for E-Rate & Medicaid

The District ended the last nine school years with surpluses (revenues exceeding expenditures or greater than budgeted). These budget surpluses can be attributed to several items:

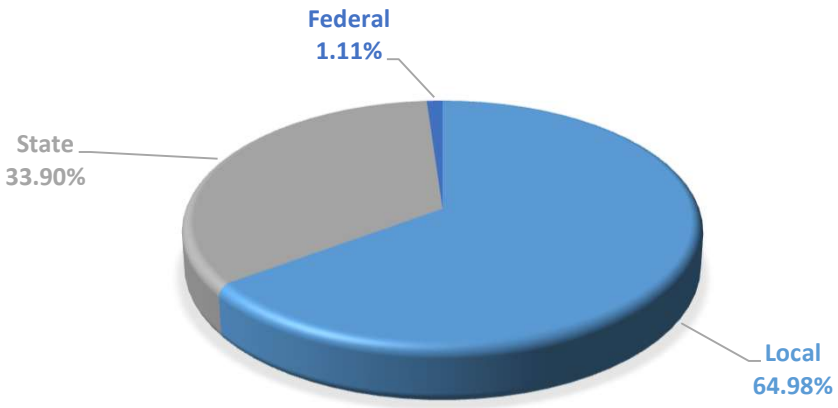

- Spending less than anticipated
- Receiving State payments on time
- The new Illinois Evidence-Based Funding formula which has increased the district's state allocation each year,
- Increases in federal revenues from e-rate, Medicaid, and room and board reimbursement
- Better than expected property tax collection rates
- Improved return on investments

Total revenues for 2026-27 are up 4% over last year's budget primarily from increased property tax revenues, tuition revenues, and slightly increased general state aid. The property tax levy was increased in the Educational Fund to cover contractual obligations for salaries and wages. Expenditures are 3.4% more than last year's budget and this increase can primarily be attributed to contractual salary increases and related benefits. Salary increases are based upon negotiated contracts with all employee groups.

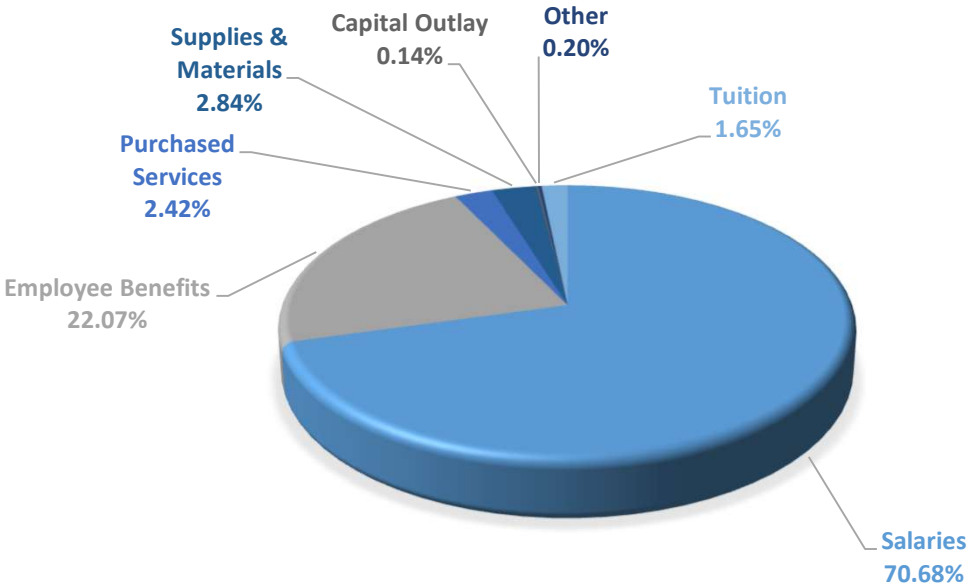

The District is starting the 2026-27 school year with $22.4 million in reserves in the Educational Fund, after backing out early taxes. With the change in the General State Aid funding formula to the Evidence Based Funding Model, and the new formula's inclusion of most of the mandated categorical revenues, State revenues have become more predictable compared to previous years therefore allowing the District to stabilize reserve balances.

NOTE:
Total Revenues and Expenditures are more than seen on previous statements in this document. The reason for this variance is to account for the State of Illinois TRS employer pension contributions made "on-behalf" of District 200. The 2023-24 estimated amount is $24,066,230 and equates to the State's proportionate share of the net pension liability associated with District 200. This amount is simply a flow-through where revenues equal expenditures and has no impact on the day-to-day operating budget.

Assumptions for Projected Years:

* Property Tax revenues will increase 3.0% in FY27, FY28, & FY29.
* Tuition and Other Local revenues will remain relatively static.
* General State Aid increased based on the EBF formula and Tier 2 status and will go up 1.5% in FY27, FY28, & FY29
* State Categorical Reimbursements are estimated to increase 1.025% year over year. Federal Revenues will remain static.
* Current employee contracts expire at end of FY29. Salaries will increase 4.25%, 3.25% each year after.
* Benefits will increase 6% in FY27, FY28, & FY29.
* Purchased Services and Supplies will increase 2% annually for the next three years.
* Capital Oulay and Other will remain static for the next three years
* Tuition costs will increase 6.5% for the next three years.
* Transfers Out stop after FY26. No longer needed for debt service as will be levied for in the Debt Service Fund.
* The projected years' budget is for informational purposes only and will change as time elapses.

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

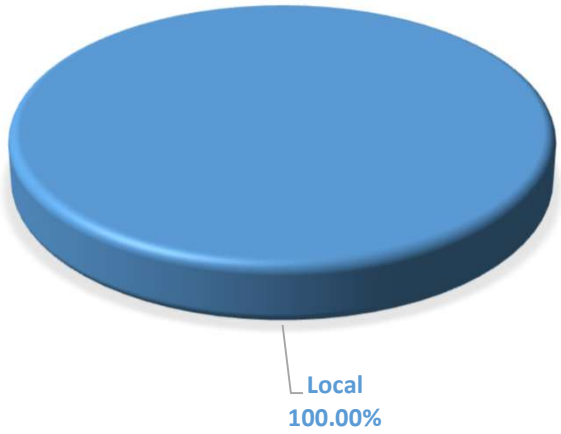

ACTIVITY FUNDS' FUND

Beginning with the 2020-21 school year the Illinois State Board of Education and GASB 84 required all school districts to report Student Activity Funds – funds owned, operated, and managed by an organization, club, or an association within the student body under direction of one or more staff members for educational, recreational, or cultural purposes – within the Educational Fund. Hence, the Activity Funds' Fund was established as a sub-fund of the Educational Fund.

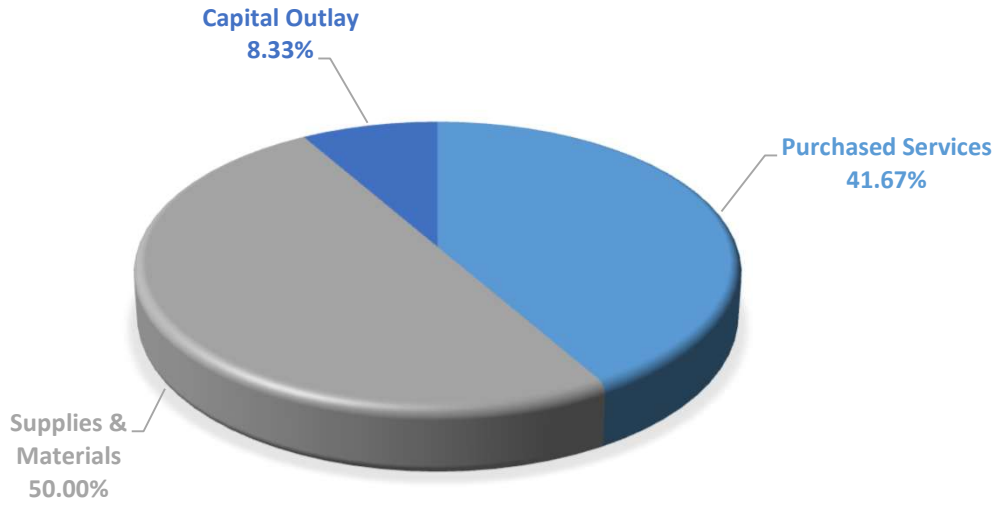

As of June 30, 2026, all the district's Activity Funds combined had a fund balance of $1,056,710. It is estimated that these funds will bring in and spend $1.2 million each year. Consequently, the revenue and expenditure budget for this fund is $1.2 million, respectively.

FOOD SERVICES FUND
Sub-Fund of the Educational Fund
2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

FOOD SERVICES FUND

This school year's total revenue and expenditure budget for the Food Services Fund is $2,933,657. District 200 offers a comprehensive food service program including cold breakfast, hot and cold lunch and catering. All of the district's twelve schools participate in the food services program.

At the start of the 2026-27 school year, the percentage of meals being served that qualify for Free & Reduced is approximately 44.6%. In order to qualify a household with a family of four must make less than $61,050 for reduced food and less than $42,900 for free food.

The cost for a school breakfast for the 2026-27 school year is $2.85, the cost for the elementary school lunch is $3.75, and the cost for a middle/high school lunch is $3.85. Reduced price is $.30 for a school breakfast and $.40 for a school lunch. The district has recently increased these prices by $.20 from last year to keep up with increasing food costs.

District 200 Food and Nutrition Services is focused on providing healthy, safe meals for students. All Food Service employees are encouraged to take the ServSafe Food Service Sanitation Manager Certification course. Food Service managers are required to earn the certification.

During the 2026-27 school year, the Food and Nutrition team will investigate new initiatives including an interactive menu for families to use in choosing school lunches for their students. The new menu format allows students and parents to view nutritional information when making meal choices. This menu will also allow for improved allergen awareness to help families recognize and avoid foods with potentially harmful side effects for students who have allergies.

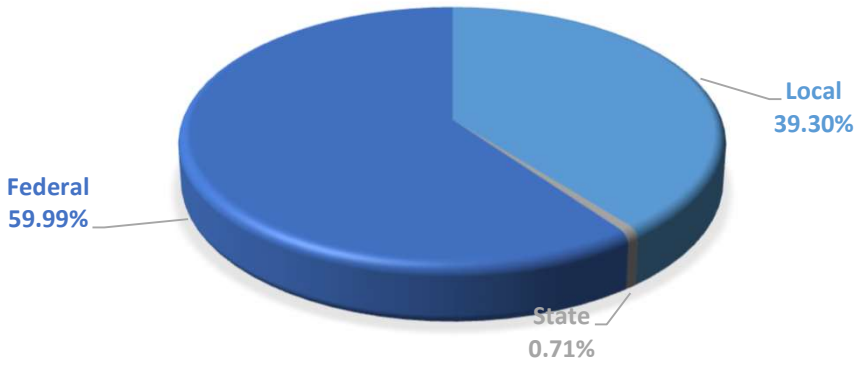

Expenditures for the 2026-27 school year include the salaries and benefits of the food service employees, the purchase of food and beverages for resale, and all other related costs associated with operating the food service program. The Food Services program includes the following personnel:

- Director of Food Services – 1.0
- Assistant Director of Food Services – 1.0
- Secretary to the Director – 1.0
- Food Service Managers – 9.0
- Food Service Supervisors – 1.0
- Food Service Workers – 37.0

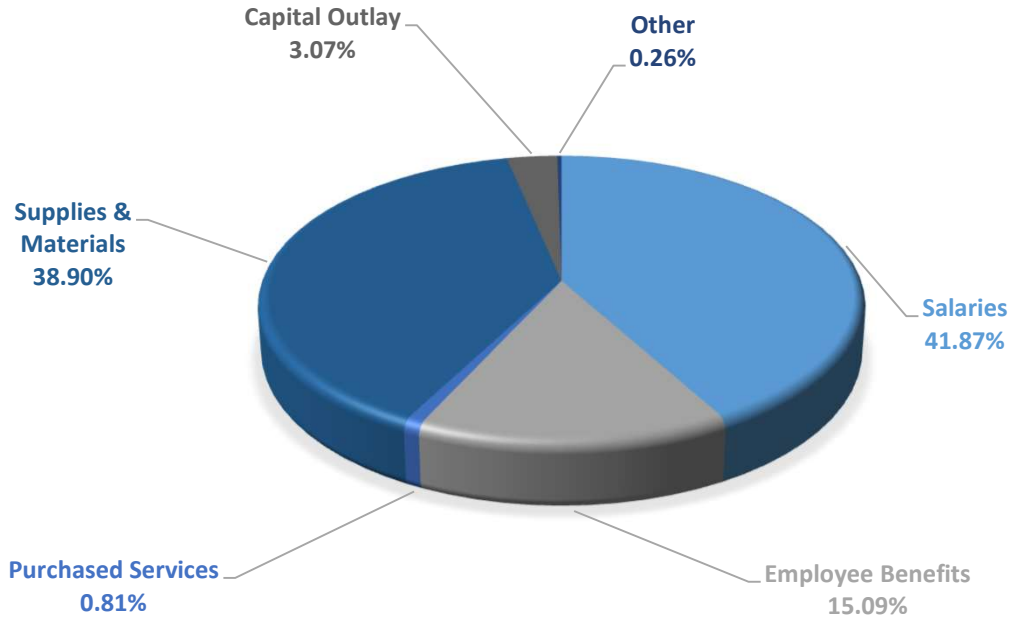

The fund balance of the Food Service Fund on June 30, 2026, was $183,409. These funds are classified as assigned since they will only be used for the food service activities of the district.

GRANTS FUND
Sub-Fund of the Educational Fund
2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

GRANTS FUND

District 200 aggressively pursues grants to enhance and expand educational programs for students. For the 2026-27 school year the Grant Fund has budgeted revenues and expenditures of $6.8 million. Approximately half of these funds, $3.4 million, come from Federal sources – most from Title I and IDEA Federal Entitlement grants. The Federal entitlement grant funds come from competitive grants offered primarily through the federal Department of Education in Washington, DC and some from federal entitlements offered to all school districts based on formulas established under federal legislation. The formulas are usually based on such factors as population, enrollment, per-capita income, or a specific need.

Federal Entitlement Grants include the following:

- Title I – Helping Disadvantaged Children
- IDEA – Individuals with Disabilities Education Act
- Language Instruction Programs for LEP Students (LIPLEPS)
- Perkins IIC – Career & Technical

State grants can also be competitive or entitlements. This year District 200 expects to receive over $2.1 million in Early Childhood Education funds. These funds will be used to enhance and expand the Early Childhood program at Verda Dierzen Early Learning Center. In addition, District 200 expects to receive State grants for the following programs:

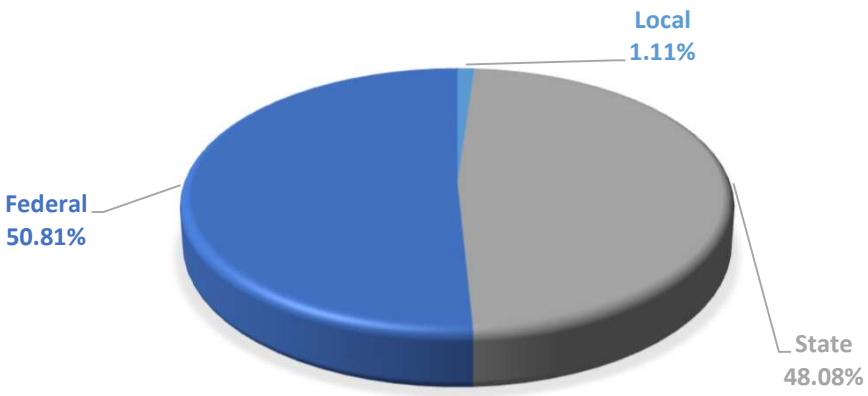

- Career & Technical Education
- Illinois State Library
- Drive a Cleaner Illinois Program

District 200 also receives minimal funds from local organizations and foundations. This year the district expects to receive approximately $75,385 in local funds.

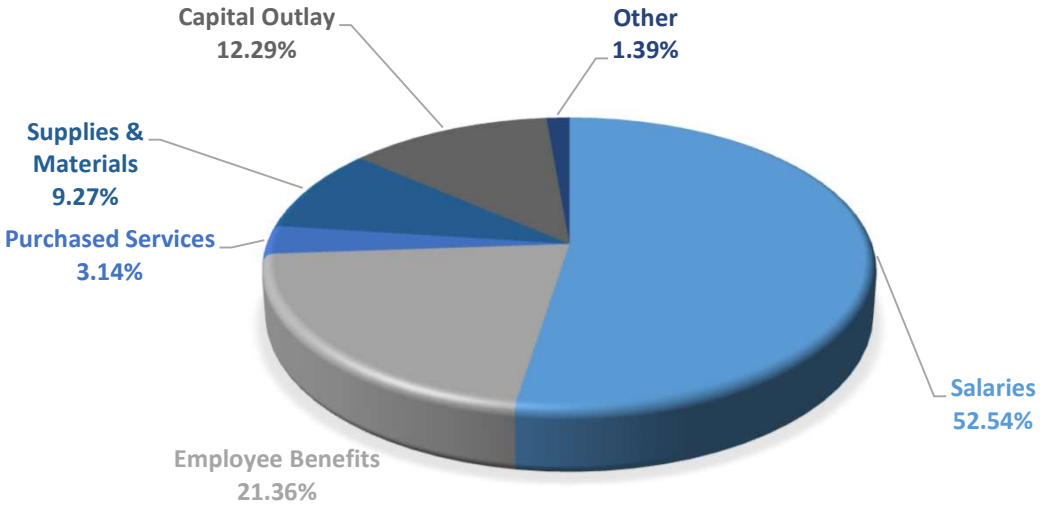

Expenditures include salaries and benefits of any person employed directly as a result of a specific grant, the purchase of supplies/materials, professional services, staff development, and all other related costs associated with grants. The fund balance of the Grants Fund on June 30, 2026, was ($441,501). This negative balance is primarily a result of the State of Illinois delaying payments to the district. This fund has consistently had a negative fund balance due to the timing of when expenditures occur and when state and federal reimbursements are received. For audit purposes the Grant Fund is combined with the Educational Fund and is classified as restricted.

NOTE:

The Grants Fund was established as a "sub-fund" of the Educational Fund in 2004-05. The Illinois State Board of Education does not require that a separate fund be maintained. However, District 200's financial practices provide greater detail than most Illinois School Districts. The District has found that this practice provides a greater accounting of grants and of the Educational Fund for planning and budgeting purposes.

KIDS CLUB FUND
Sub-Fund of the Educational Fund
2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

KIDS CLUB FUND

District 200 offers a self-funded before-school and after-school enrichment childcare program for children in grades K to 5. Kids Club was started in 1996 with eight children and at the start of the 2026-27 school year over 182 students were enrolled. The programs are held at Mary Endres Elementary and Westwood Elementary Schools.

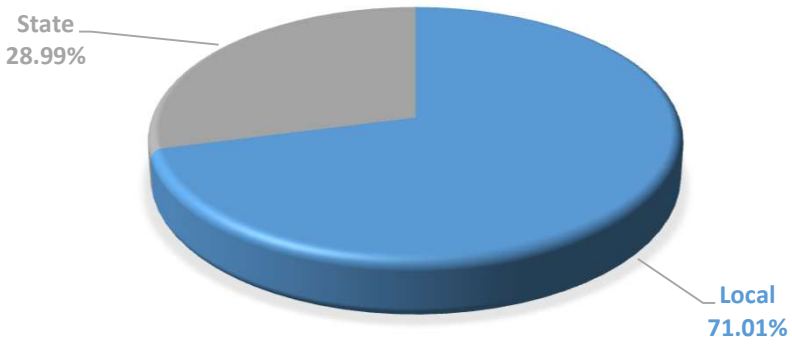

Staff members' credentials include Bachelor's Degree om Early Childhood Education, Associates Degrees in Early Childhood Education, Food Safety Handler, CPR and First Aid certification. Staff members are required to take 15 hours of continuing education annually.

Kids Club is offered year-round, including during Winter and Spring Breaks and during the Summer.

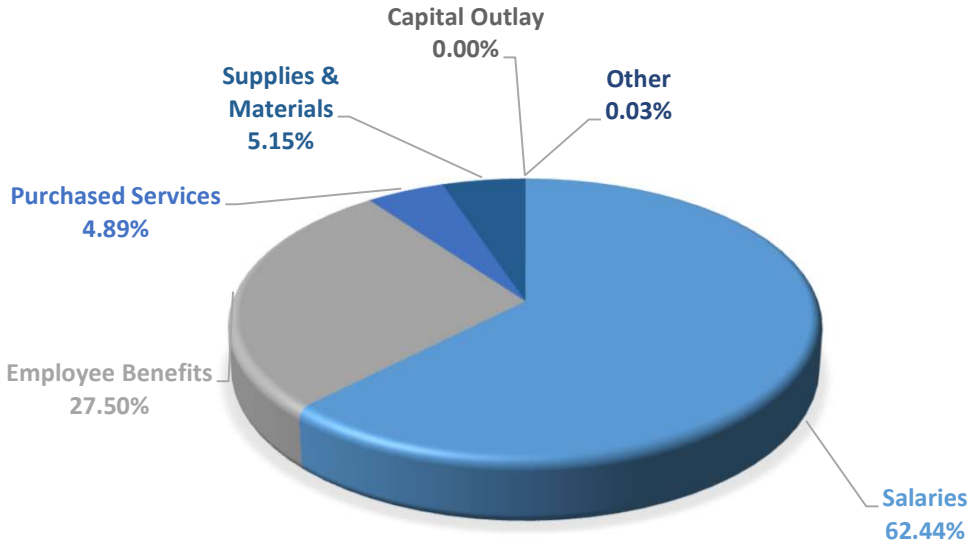

Revenues for Kids Club expenditures come from fees assessed to parents who wish to participate in the before and/or after school day care program. Expenditures consist of salaries and benefits paid to employees to staff the program, as well as supplies, food, and equipment to fully operate the program. The fund balance of the Kids Club Fund on June 30, 2026, was $722,107. This is a significant turnaround from the deficit fund balance during the pandemic. As of August 24, 2026, there are 182 students enrolled with 46 students on a wait list while additional staff are trained and space needs are addressed. Kids Club funds are classified as assigned since they will only be used for the before and after kids club program of the district.

CHALLENGER CENTER FUND
Sub-Fund of the Educational Fund
2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

CHALLENGER CENTER FUND

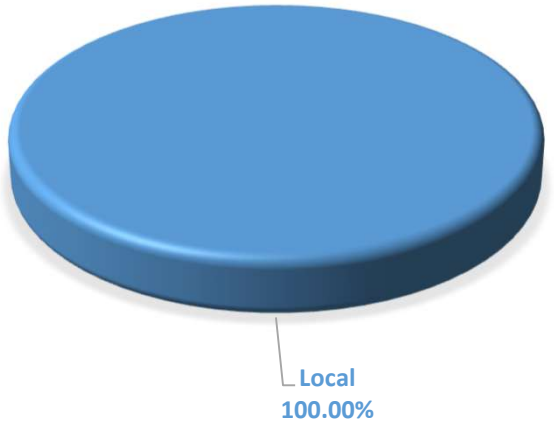

District 200 acquired the Challenger Learning Center from Aurora University of Woodstock in July 2019. The Challenger Learning Center provides STEM-based programs for students and families. Currently, 5th-8th grade students become astronauts for a day in the Mission Control and Spacecraft simulators. During their simulated space mission, students are exposed to biology, math, engineering, and many other scientific disciplines.

To keep funds associated with the Challenger Learning Center separate and distinct from District 200 funds, a new fund was established to account for all transactions related to the Challenger Center. Revenue during 2019-20, the first year, came from a transfer of funds from Aurora University ($350,000) and from other regional foundation grants, as well as user fees and interest income. Currently revenues come from user fees. Expenditures consist of salaries and benefits of staff; fees to the National Challenger Learning Center in Washington, DC; supplies and materials.

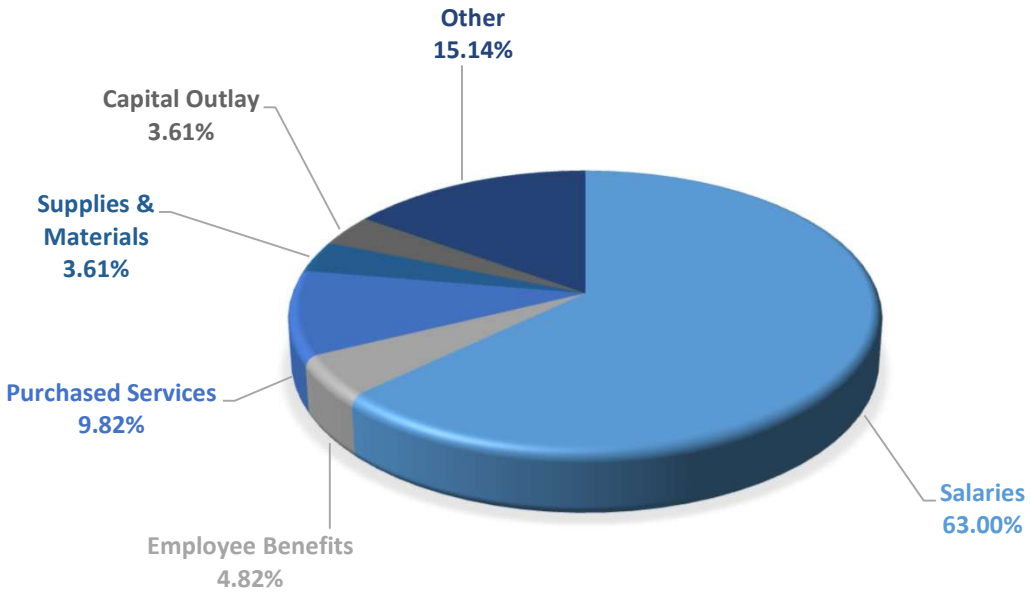

For the 2026-27 school year revenue is budgeted at $138,678 from center user fees. Expenses total $138,678 with the hope that revenues will continue to exceed expenditures. FY26 was the first year that the Challenger Learning Center was able to generate a profit covering all expenses and finish the year with a positive fund balance. This demonstrates that the center is operating self sufficiently.

OPERATIONS & MAINTENANCE FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

OPERATIONS & MAINTENANCE FUND

The Buildings & Grounds Department cleans and maintains twelve school buildings with a total square footage of 1,333,850. In addition, the District is responsible for maintaining 317.4 acres of land, including school sites, athletic fields and two pioneer cemeteries inherited by the district when it consolidated in 1969. Keys to keeping the district's facilities in tip-top shape are:

- Regular Inspections
- Comprehensive Preventive Maintenance Program
- Cleaning Standards – Using Green Cleaning Methods
- High Quality Staff
- Reliable Equipment & Tools

The staffing necessary to achieve these standards are:

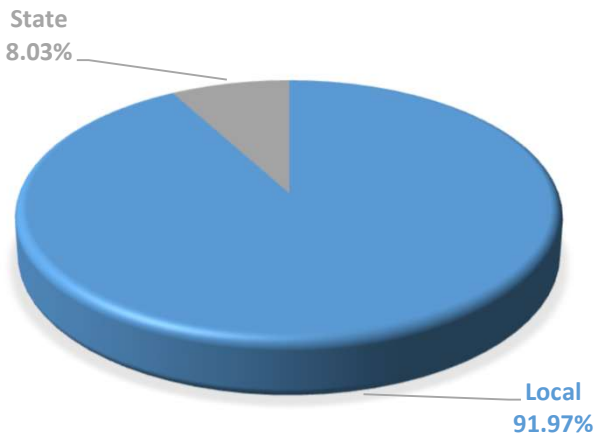

- 1.0 Director of Buildings & Grounds
- 1.0 Secretary to the Director of Buildings & Grounds
- 1.0 Assistant Director of Buildings and Grounds
- 12.0 Head Custodians
- 32.0 Custodians
- 1.0 Head of Grounds
- 3.0 Grounds Workers
- 1.0 Courier
- 1.0 Head of Maintenance
- 4.0 Maintenance Workers

This school year's total revenue and expenditure budget for the Operations & Maintenance Fund is $9,894,359 respectively. The expenditure budget includes all costs for the above staff and for maintaining, improving, or repairing school buildings and property, utilities ($2.9 million), and paying premiums for insurance on school buildings.

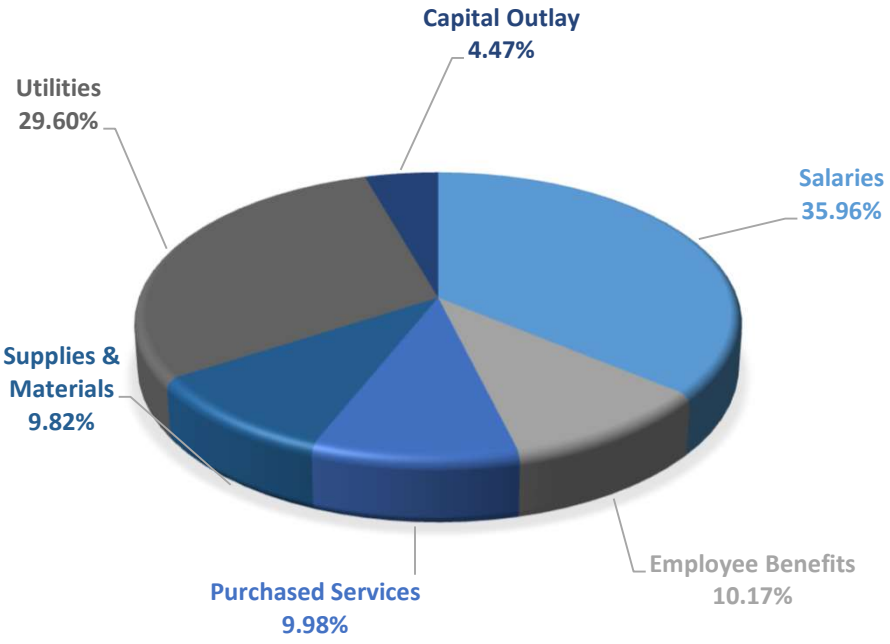

District 200 takes pride in the cleanliness of its schools and grounds and wants to retain the progress that has been made on the overall maintenance and repair of its facilities. Utilities continue to be a large cost to the Operations & Maintenance Fund budget. The District has taken great strides in managing these costs and has locked in natural gas and electricity rates when the market is down in order to realize savings. Additionally, in February 2026, the District activated it's new solar array on Raffel Road. This will help power the Woodstock North High School campus. Nonetheless, utility costs are very difficult to predict with accuracy due to unknown variables of economic issues, consumption/usage, and weather extremes.

Assumptions for Projected Years:

* Property Tax revenues will increase 3% in FY26, FY27 & FY28.
* CPPRT will remit $200,000 to O&M Fund as needed to balance the budget.
* Interest, Parking Fees, Building Rentals, & Other will remain stable for the next three years.
* All State Funds will remain static.
* Employee contracts expire at end of FY29. For budget forecasting purposes only, salaries will increase 4.5%, 4.25%, and 3.25% in FY26, FY27, & FY28
* Benefits will increase 7% per year
* Purchased Services & Supplies will increase 2% for the remaining three years.
* Utilities will increase 1.4% each year.
* Capital Outlay will remain stable however a transfer to the capital fund will be expected to cover MEES chiller replacement and other expenditures.
* The projected years' budget is for informational purposes only and will change as time elapses.

DEBT SERVICE FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

DEBT SERVICE FUND

The 2026-27 budget includes $5.4 million in principal and interest payments on long-term debt. The district has five outstanding general obligation bonds totaling $55.3 million in principal payments and $13.5 million in interest payments. The majority of the District's debt is attributable to the March 2006 $105 million school building referendum that authorized the construction of a new elementary school, a new middle school, a new high school, an addition to the Early Learning Center, and the conversion of Olson Middle School to an elementary school. In March of 2010, Life Safety bonds were issued to complete over $10.0 million in health/life safety projects identified in the district's Long-Range Facilities Plan. The remaining outstanding bond issues are refunding bonds.

In the past, the District issued refunding bonds to reduce interest payments and to help manage (lower) the debt service tax rate with a then declining Equalized Assessed Valuation (EAV). The District also abated, or reduced, the amount of property taxes requested to make bond payments. The chart below illustrates the tax rate abatement history since levy year 2010, or school year 2011-12. Note that the Bond Series 2006B was paid off and retired with the 2024 Levy or 2025-26 school year.

Levy YR	Bond Series	Scheduled Bond Payment	Abatement	Revised P&I	Tax Rate w/o Abate	Tax Rate w/Abate	Tax Rate Reduction

2025	2006B	0	n/a	0	.3790	n/a	0.0000

The District has taken advantage of opportunities to refinance the debt and reduce interest expense:

- In the 2014-15 school year the district refunded, or refinanced, the remaining 2006A Building Bonds for interest savings of over $4.6 million. This was accomplished by interest rates going from an average of 6.17% to 2.5% without extending the repayment schedule beyond 2023. During the 2018-19 school year the district refunded the 2010A and 2010C bonds for interest savings of over $2.1 million

- Beginning in levy year 2020 and school year 2021-22, the district's principal and interest payments were scheduled to increase substantially. Administration and the Board of Education worked with its financial advisors, PMA Securities, Inc. (PMA), to address this spike in payments. Additionally, the Board developed a survey for staff, parents and the

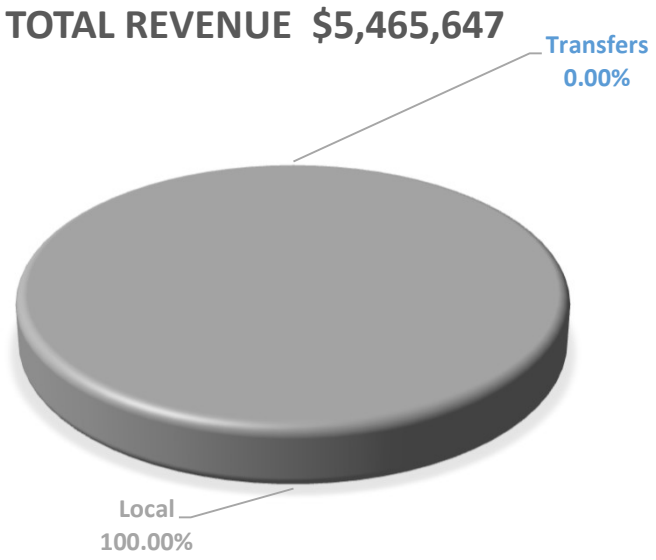

community to get feedback on how the district should manage this increase. Options included using reserves, reducing expenditures, refunding the debt and extending it out to future years, or a combination of all three options. After reviewing the feedback, the Board determined appropriate action to manage the higher debt payments.

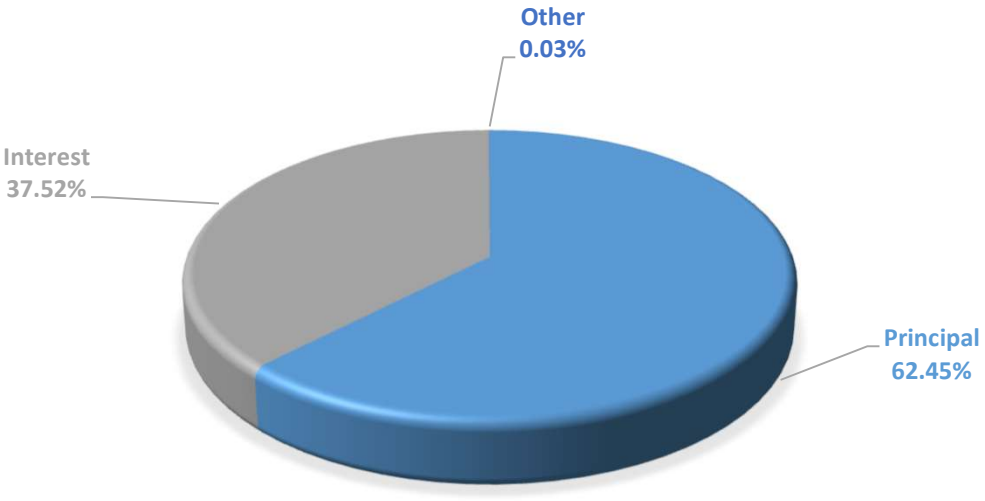

- In November 2020, the Board passed a resolution providing for the issuance of General Obligation Refunding School bonds not to exceed $48,000,000 for the purpose of refunding certain outstanding bonds and restructuring the outstanding debt. Issuance of these bonds resulted in refunding series 2021A and 2021B bonds, extending the repayment term of outstanding bonds, reducing the interest rate, and saving the district $1.44 million.

- During the 2023-24 school year, due to reduced interest rates, the district again had the opportunity to refinance bonds saving the district slightly over $1 million without changing the payment term of the outstanding debt. The Series 2014 General Obligation Refunding School Bonds were refunded with Series 2023 General Obligation Refunding School Bonds.

Taxes are levied to provide cash to retire these bonds and to pay the interest on them. To protect the bondholders, these tax collections must be accounted for in the Debt Service Fund and cannot be co-mingled with other funds. The fund balance of the Debt Service Fund on June 30, 2026, was $3,690,271. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

TRANSPORTATION FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

TRANSPORTATION FUND

School District 200 provides transportation as mandated to any child residing more than 1.5 miles from their assigned school. For the 2026-27 school year over 5,200 out of 6,000 plus students will be eligible for transportation. Consequently, the District's bus fleet consists of eighty 51-78 passenger buses, fourteen 18-48 passenger buses, and two transit vans. Approximately 5,500 miles are driven daily and on average 500 bus driver hours are logged daily. Annually buses travel over 1,200,000 miles.

The District provides in-district special education transportation accommodations that include 25 wheelchair/strollers and 100 restraint systems. In addition, the 18-22 year-old program requires transportation to the local community college in Crystal Lake, Illinois and to daily work programs and community outings. District 200 also provides transportation for homeless students within a 50 mile radius.

All new drivers are required to have a background check, pass three written tests, complete 25 hours of behind-the-wheel training, pass a physical and drug test, pass an 8-hour class provided by the Secretary of State and overseen by the Regional Office of Education, and complete a final behind-the-wheel test held at the Secretary of State's office. Veteran drivers must annually pass a physical/drug test, participate in random drug testing, and must attend two safety classes each year and complete a two-hour refresher class each year.

This school year's total revenue budget for the Transportation Fund is $5,954,419 and the expenditure budget is $7,440,675. Expenditures exceed revenues by $1,486,256. The District will spend down some of the Transportation Fund's reserves so that the fund balance is more in line with the District's policy of having 25% of revenues on hand. These funds will be used to continue to maintain the bus fleet.

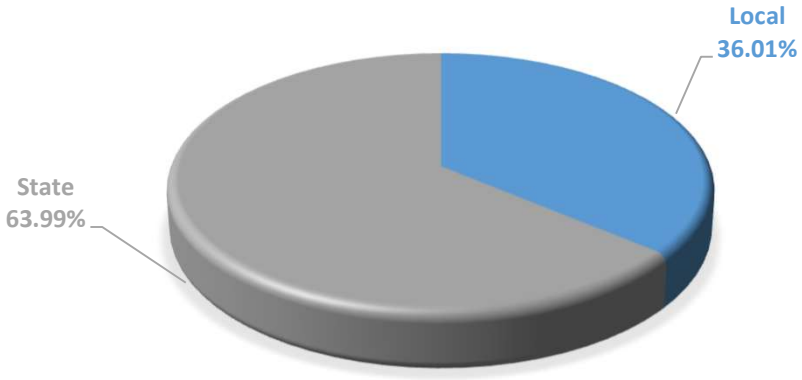

Approximately 36.0% of revenues come from local sources, primarily property taxes; and the remaining 64.0% comes from State sources in the form of reimbursement. Expenditures in the Transportation Fund consist of salaries and benefits for the following staff:

- 1.0 Director
- 1.0 Coordinator
- 1.0 Route Supervisor
- 1.0 Secretary
- 2.0 Dispatchers
- 3.0 Mechanics
- 91.0 Drivers (including Sub Drivers)
- 17.0 Bus Associates

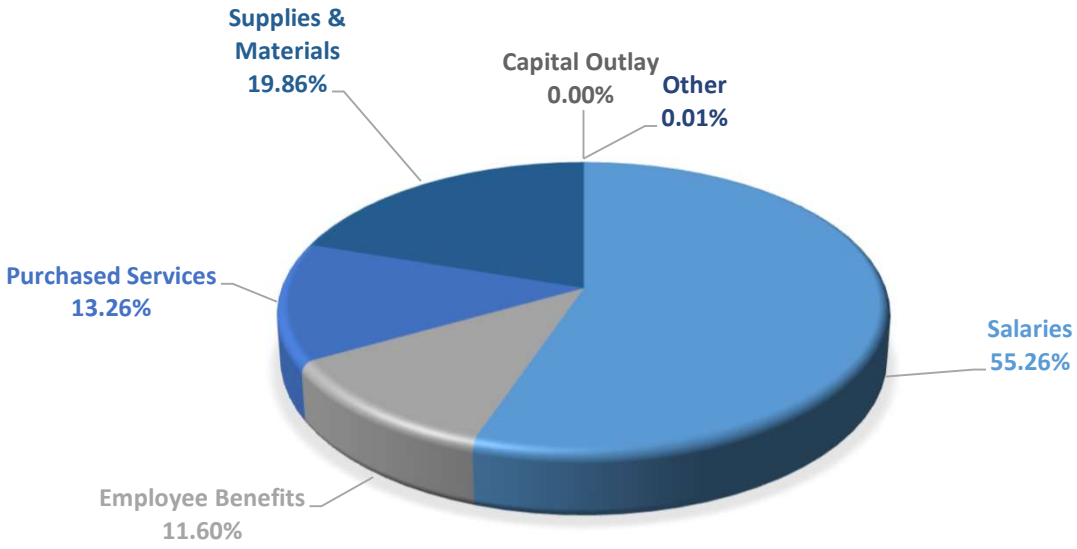

In addition, District 200 pays for bus repairs and supply parts, fuel, and equipment. The fund balance of the Transportation Fund on June 30, 2026 was $2,226,312. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

Assumptions for Projected Years:

* Property Tax revenues will increase 15.0% for FY28, FY29, & FY30.
* Interest and Fees and Other revenues will decrease
* Fees increase with billing and collection of McKinney Vento cost from other districts
* Current employee contracts expire at end of FY29. Salaries are scheduled to increase 3.25% each year
* Benefits will increase 6%-7% each year over 2026 actual.
* Purchased Services & Supplies will increase 1% for the next three years.
* Capital Outlay for bus purchases will curtail for the next three years.
* The projected years' budget is for informational purposes only and will change as time elapses.

MUNICIPAL RETIREMENT FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

ILLINOIS MUNICIPAL RETIREMENT FUND

The Illinois Municipal Retirement Fund (IMRF) is a State of Illinois sponsored pension plan that was created by Illinois law and that all Illinois school districts, except Chicago, are required to participate in. Since District 200 is required to participate in this pension plan, a separate IMRF Fund is created, and a separate tax is levied for the purpose of providing resources to pay District 200's share of retirement benefits for covered employees. Covered employees consist of all non-certified staff projected to work 600 hours or more per calendar year. Staff included in this category are:

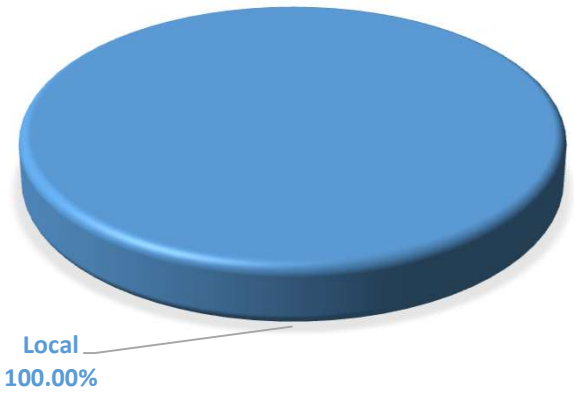

- Secretaries
- Custodians
- Non-Certified Administrators
- Bus Drivers
- Mechanics
- Classroom Associates
- Food Service Workers

For the 2026-27 school year total budgeted revenues and expenditures are $1,625,098 and $1,625,287, respectively. Revenue comes only from local sources, primarily property taxes and Corporate Personal Property Replacement Taxes (CPPRT). Expenditures are for District 200's payments made to the IMRF. The employee is required to contribute 4.5% of their gross salary and the Board of Education is required to contribute a formula-driven rate that changes annually. For calendar year 2026, District 200 must contribute 9.32%. This rate will change on January 1, 2027, based on updated current and future costs of District 200's population participating in the IMRF plan. The fund balance of the IMRF Fund on June 30, 2026, was $160,925. The district has spent down some of the fund balance to meet district standards of 25% of annual expenditures. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

SOCIAL SECURITY/MEDICARE FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

SOCIAL SECURITY/MEDICARE FUND

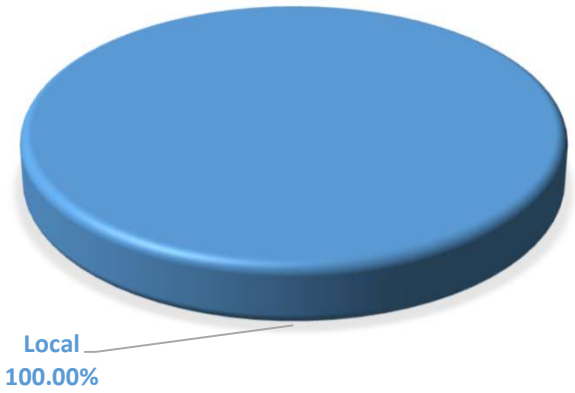

District 200 is required to withhold taxes on all earnings for Social Security and Medicare for eligible employees. In addition, the District must match these withholdings and submit both the employee and employer amounts to the federal government. The current rate for Social Security is 6.2% and the current rate for Medicare is 1.45%. These costs are accounted for in the Social Security/Medicare Fund.

Teachers and other employees eligible to participate in the Illinois Teacher Retirement System (TRS) are not required to make contributions to Social Security and do not draw any retirement benefits from this federal plan unless they qualify due to prior employment. However, TRS eligible employees must contribute 1.45% to Medicare. All non-TRS employees are required to participate in both Social Security and Medicare and District 200 is mandated by law to make the necessary deductions and matching contributions.

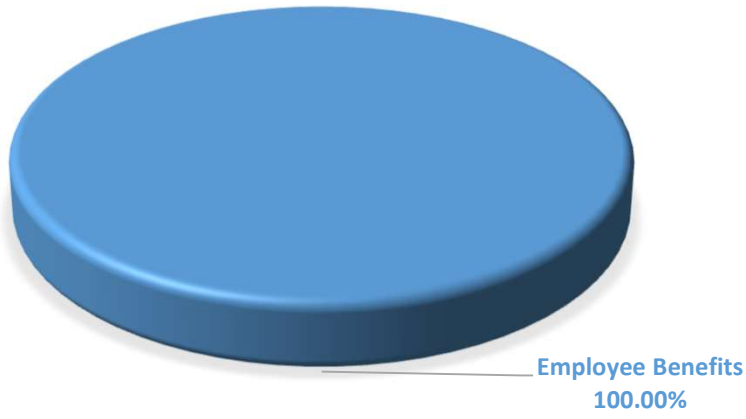

Beginning with the 2011-12 school year, revenues and expenditures attributable to Social Security and Medicare were accounted for in a separate, sub-fund – Fund 51. For the 2026-27 school year total budgeted revenues and expenditures are $2,179,753 and $2,151,935, respectively. Revenue comes only from local sources, primarily property taxes and Corporate Personal Property Replacement Taxes (CPPRT). Expenditures are for District 200's employer contributions. The fund balance of the Social Security/Medicare Fund on June 30, 2026, was $842,601. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

CAPITAL PROJECTS FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for any construction or renovation projects. Bond proceeds of any construction bond issues are accounted for in the Capital Projects Fund in order to separate these special monies from operating monies. The bond proceeds may only be spent for the purposes specified in the bond indenture and, if applicable, on the ballot. Besides actual construction costs, expenditures may include acquisition of land, utility connections, equipment, fidelity insurance, architect's fees, legal fees, and other items directly related to the construction project.

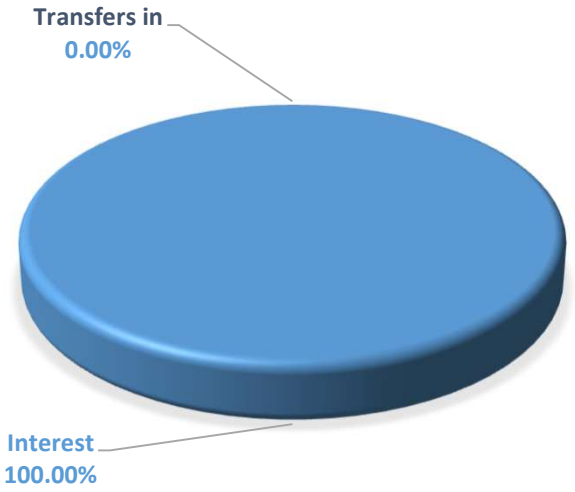

A separate fund should be established for each project or financing source but aggregated for reporting purposes. District 200 will not issue any construction bonds for the foreseeable future. The FY25 Budget included plans to construct a solar field on the north side of Woodstock North High School. The funds to complete the solar field were transferred to this fund from Fund 20 – Operations and Maintenance so the construction can be segregated and tracked. An additional $1 million was transferred from Fund 20 in FY25 to cover the construction of the solar array.

Throughout FY26, the District has used funds in the Capital Projects Fund to replace the parking lot at Prairiewood Elementary and Creekside Middle School as well as begin work to replace the chiller at Mary Endres Elementary School. The fund balance of the Capital Projects Fund on June 30, 2026, was $858,400. This is adequate to cover the completion of both projects.
These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

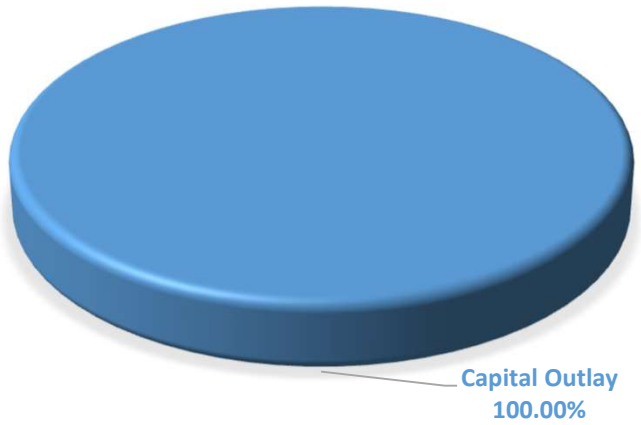

Fund 61 has also been established as a sub-fund of the Capital Projects Fund to account for all Developer Impact Fees.

DEVELOPER IMPACT FUND
Sub-Fund of the Capital Projects Fund
2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

DEVELOPER IMPACT FEES FUND

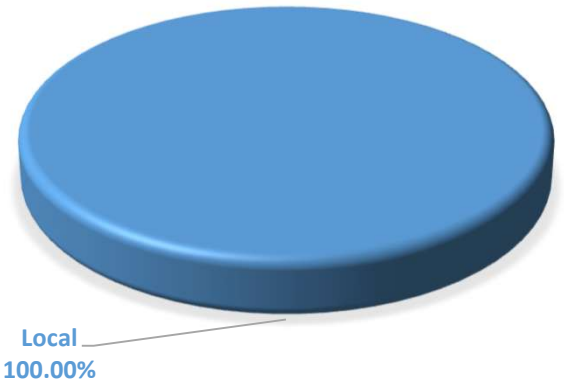

Revenues for the Developer Impact Fund come from payments made by developers and builders of new residential buildings and houses as stated in the various municipal ordinances on behalf of District 200. Expenditures from the Developer Impact Fund can be used for the purchase of land or capital improvement construction as required to meet the additional needs of the students generated by the new developments.

For the 2026-27 school year revenues have been budgeted at $60,000; $50,000 of which is from new developments in Woodstock with the remainder from interest income.

No expenditures have been budgeted for the 2026-27 school year. IN the past the District has transferred funds to the Debt Service Fund to contribute to debt service payments. This is a possibility in the future if the balance in this fund increases. The fund balance of the Developer Impact Fees Fund on June 30, 2026, was $154,821 reflecting the excess revenues received over transfers out to the debt service fund. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

WORKING CASH FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

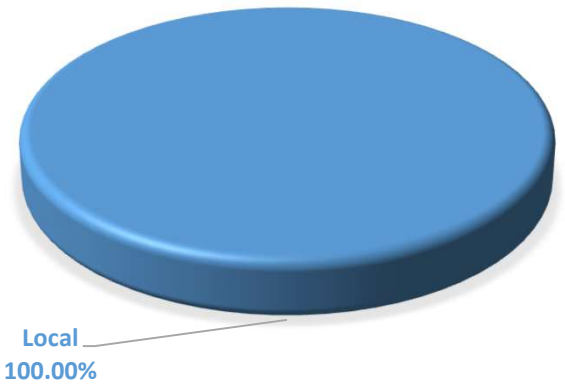

WORKING CASH FUND

Illinois school districts are able to borrow from themselves through the Working Cash Fund, thereby avoiding interest costs. If a separate tax is levied for working cash purposes or if bonds are sold for this purpose, the Working Cash Fund is used.

These funds are used to make interfund loans from the Working Cash Fund to any fund for which taxes are levied. No interfund loans have been necessary out of the Working Cash Fund since May of 2004. For the 2026-27 school year $371,730 has been budgeted for revenue from property taxes and interest income with no expenditures. The fund balance of the Working Cash Fund on June 30, 2026, was $6,743,365. These funds are classified as unrestricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

TORT IMMUNITY FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

TORT IMMUNITY FUND

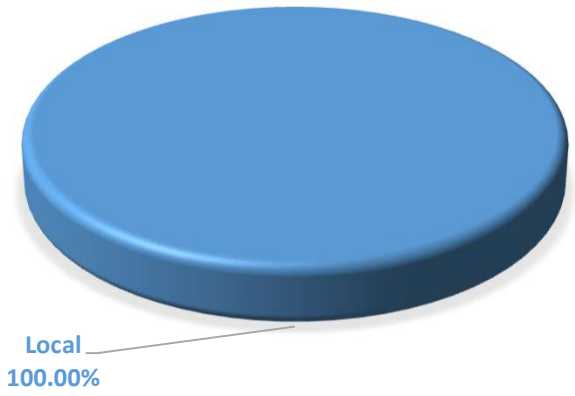

Revenues for Tort Immunity expenditures are from either a separate tax levy or the sale of Insurance Reserve Fund bonds. Eligible expenditures include workers' compensation insurance premiums, unemployment insurance premiums or direct reimbursement to the State of Illinois, and the liability portion of the insurance premiums for policies covering vehicles, property, boilers, errors and omissions, and umbrella liability.

District 200 did not levy taxes for Tort Immunity costs for many years, but instead issued bonds as needed to replenish the fund. During the 2010-11 school year, the Board approved the issuance of up to $1.0 million in tort immunity bonds but only issued $455,500. During the 2011-12 school year the Board approved the issuance of $445,000 in tort immunity bonds. The bond proceeds from both years were completely spent on allowable costs leaving a deficit fund balance of $41,469 in fiscal year 2012.

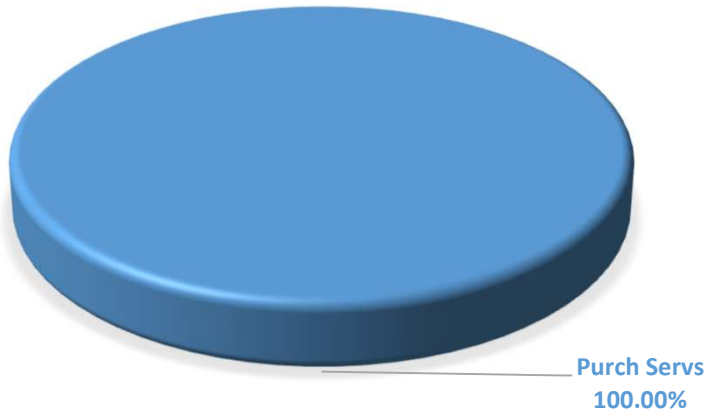

Since the Tort Fund had a deficit fund balance, and there was no further ability to issue tort bonds due to debt constraints, the Educational Fund was forced to pay all tort immunity costs during the 2012-13 school year. Consequently, beginning with the 2012 tax levy, property taxes are being collected to fund tort immunity expenditures. For the 2026-27 school year, budgeted revenues are $1,344,880 and expenditures equal $1,344,880. The fund balance of the Tort Immunity Fund on June 30, 2026, was $842,985. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

FIRE PREVENTION & LIFE SAFETY FUND

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200

WOODSTOCK, ILLINOIS

FIRE PREVENTION & SAFETY FUND

A Fire Prevention and Safety Fund shall be created when a tax is levied or bonds issued for fire prevention, safety, energy conservation or school security purposes. The money received from the levy or the proceeds of the bond issue may only be used for the purposes stipulated in the Illinois State Board of Education's life safety amendment form.

District 200 issued $10.47 million in Health/Life Safety Bonds and Debt Certificates in March 2010. These funds were used to address the most urgent items in the Long-Range Facilities Plan. Construction occurred during Summer 2010 and included domestic water replacement at Clay Academy, Dean Elementary School, Olson Elementary School and Verda Dierzen Early Learning Center; HVAC (Heating, Ventilation, Air Conditioning) replacement at Olson Elementary School; Upgrade of ceilings and lighting at Clay Academy; Window system replacements at Dean Elementary and Clay Academy; partial new roofs at Dean and Verda Dierzen, new asphalt driveways at seven sites, new tennis courts at Woodstock High School, and a new districtwide voice-over IP telephone system.

Residual bond proceeds were used to enclose the library and provide fire-rated walls and doors and new HVAC equipment at Dean St. School. The Dean St. School library project was completed during the first few months of the 2012-13 school year, leaving a fund balance of $35,208. These funds carried over into the 2013-14 school year and property taxes have been levied since then.

During the 2015-16 school year the District's architects performed a mandatory 10-year Health Life Safety Survey. This survey determined which items were considered urgent, required and recommended. The district approved completing approximately $1.0 million of projects classified as urgent. This work was performed during the Summer and Fall of 2016.

During the Summer of 2017 additional work was performed that cost approximately $500,000, during the Summer of 2018 required work was performed that cost approximately $810,000, during the Summer of 2019 partial roof replacements at Verda Dierzen Early Learning Center and Northwood Middle School was performed, and during Summer 2020 required work for additional roof replacement at Northwood Middle School and site improvements at various locations was performed. Additional Health Life Safety projects were undertaken in the summer 2021 including roofing work at Verda Dierzen Early Learning Center and mechanical improvements at Westwood Elementary School and Woodstock High School totaling $572,108. Based on administrative direction, remaining life safety work was completed at Clay and Dean Street schools during summer 2022 costing the district $614,080. The work completed was on doorways and windows to ensure compliance with fire code.

As there were some residual funds in the Health Life Safety Fund the district filed amendments to the plan with the State of Illinois to utilize the funds for additional health, life, and safety related projects that were not included in the original survey conducted in 2015-16. The amendments included work on Woodstock North High School showers, pool tile and outdoor patio as well as flooring replacement on the third and fourth floors at Woodstock High School. The amendments were approved, and work was completed in summer 2023. In FY24, the Board applied for amendments to the existing life safety plan for replacement of the tennis courts at both high schools. The amendments were approved by the state of Illinois and work was completed in the summer of 2024 on this $1.7 million project.

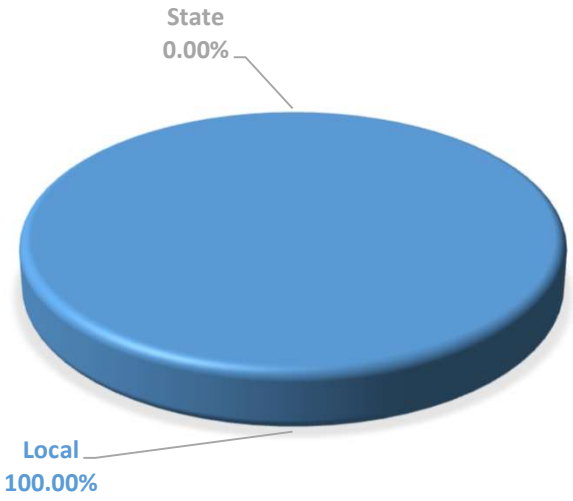

During FY25, the District also applied for and was granted an amendment to reconstruct the outdoor running track at Woodstock High School. This project was completed for a total cost of $1.2 million.

The district contracted with Wold Architects to perform the 2025 ten-year life safety survey in the fall of 2024. Based on this survey, the Board prioritized future projects to be completed during summer 2026-2027 to follow State laws regarding Health and Life Safety of students and staff. Priority “A” items totaled $284,264 and are well under way. Priority “B” items, which must be completed within 5 years of submission of the report to the State of Illinois, total $3,809,996. Bids are being drafted to begin work on these projects in summer 2027.

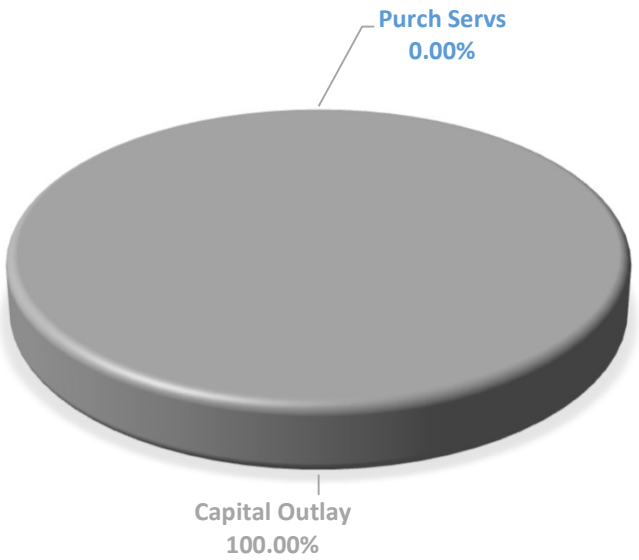

The fund balance of the Fire Prevention & Safety Fund on June 30, 2026, was $1,158,929. These funds are classified as restricted per the Governmental Accounting Standards Board (GASB) 54 Statement.

CURRENT DEBT

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200

WOODSTOCK, ILLINOIS

WOODSTOCK COMMUNITY UNIT SCHOOL DISTRICT NO. 200

LONG-TERM DEBT

School districts in Illinois are authorized to borrow money to meet cash flow needs or to finance capital projects. There are several instruments available to school districts to meet specific needs of the district. School District 200 utilizes many of these instruments to finance capital projects and to purchase/lease capital equipment items. The following is a summary of the components of long-term debt and related transactions of the District.

			Balance			Balance
			July 1, 2025	Additions	Deletions	July 1, 2026
		General Obligation Bonds				
	06/01/06	2006B Capital Appreciation Bonds	19,000,000		19,000,000	0
	01/08/13	2013 L/S Refunding Bonds	3,622,588		97,900	3,524,688

		Total General Obligation Bonds	91,224,698	-	22,448,200	68,776,498
		Total Long-Term Debt	91,224,698	-	22,448,200	68,776,498

Capital Lease/Installment Loan Obligations

The District periodically enters into capital lease/installment loans in order to obtain necessary capital equipment items such as copiers, vehicles, and computer technology equipment. The district had one capital copier lease which finalized in FY23. The district now owns the copier. The district has one operating lease for copiers and one for athletic field striping equipment. Operating leases are not classified as a capital lease since the district will not own the equipment when the lease term is complete.

Technology Loans

The district has not entered into any School Technology loans since 2014-15 and there are no plans in the immediate future to approve any new capital leases or installment loans.

General Obligation Bonds

The District's debt for new school buildings was structured to increase significantly in levy year 2020. The Board of Education developed a survey for staff, parents and the community to get feedback on how the district should manage this increase. The options included using at least $20 million of reserves, making program/budget reductions, and refunding the debt to extend the time period of repayment, or a combination of all options. Reviewing the feedback from the survey, the Board of Education concluded that a combination of actions would be most appropriate and directed staff to work with PMA to issue refunding bonds that were used to lower the District's future Debt Service tax rate.

The overall objective of any refunding bonds issued is to create a flatter and more predictable debt service for future levy years, capture lower cost of debt compared to current rates, avoid recurring restructuring issuances, and eliminate threats to the District's debt costs including tax exemption, State of Illinois downgrade influences, and Federal Reserve actions that could appreciably change the rates at which the District can issue its debt. The Internal Revenue Service regulates the timing and the frequency with which the Board may refund outstanding bonds. Based on IRS rules, opportunities existed during the 2020-21 and 2023-24 school years to refinance outstanding debt.

As a result of the refunding/restructuring School District 200 has five outstanding general obligation bonds with principal and interest payments due during the 2026-27 school year and beyond. The 2020-21 refunding resulted in retiring several bonds and issuing two new bonds allowing the District to extend the payment terms of existing bonds. It also resulted in overall savings of approximately $1.44 million in debt service due the favorable market rates. The 2023-24 refunding resulted in retiring 2014 Refunding Bonds in favor of a new bond issue with lower rate bonds while maintaining existing payoff deadlines. The 2023-24 refunding also saved the district just over $1.6 million over the life of the bonds.

Following is a brief description of each outstanding issuance:

School Capital Appreciation Bonds dated June 1, 2006 were issued by the District in the amount of $13,866,940. Principal payments are due January 15, beginning in 2023, and interest payments at a rate of 8.5% are due January 15 beginning in 2023 through 2026. These bonds were issued to partially fund the construction of a new elementary school, a new middle school, and a new high school, and to renovate Olson Middle School and to build an addition on Verda Dierzen Early Learning Center. These bonds were part of the debt restructuring in January 2021. Final payment on these bonds was made on January 15, 2026.

Life Safety Building Bonds dated January 8, 2013 were issued by the District in the amount of $3,830,000. Principal payments are due January 15, beginning in 2014, and interest payments at rates of 2% to 3.125% are due January 15 through fiscal year 2032. These bonds were issued to retire the 2010B Life Safety Debt Certificates and remain as issued.

Refunding Bonds dated December 5, 2018 were issued by the District in the amount of $13,865,000. Principal payments are due January 15, beginning in 2020, and interest payments at an average rate of 5.0% are due January 15 and July 15 through fiscal year 2030. These

bonds were issued to refund bonds from Series 2010A and 2010C in order to lower the Bond & Interest tax rate.

Taxable Restructuring Bonds Series 2021A were issued by the District in the amount of $13,720,000. Principal payments are due January 15, beginning in 2022, and interest payments at an average rate of 5.0% are due January 15 and July 15 through fiscal year 2036. These bonds were issued to refund bonds to create a flatter and more predictable debt service for levy years 2021 and beyond while capturing lower cost of debt.

Tax-exempt Restructuring Bonds Series 2021B were issued by the District in the amount of $19,295,000. Interest payments are due January 15, beginning in 2022 at an average rate of 5.0% are due January 15 and July 15 through fiscal year 2039. Like the Series 2021A Bonds, these bonds were issued to refund bonds to create a flatter and more predictable debt service for levy years 2021 and beyond while capturing lower cost of debt.

Tax Exempt General Obligation Refunding Bonds dated September 13, 2023 were issued by the District in the amount of $17,780,000. Interest payments are due January 15 and July 15, at an average rate of 3.35% through fiscal year 2034. Principal payments are due starting January 15, 2027. These bonds were issued to refund bonds from Series 2014 in order to lower the Bond & Interest tax rate.

Debt Service Extension Base (DSEB)

Districts subject to the provisions of the Property Tax Extension Limitation Law (PTELL) may issue non-referendum bonds using the debt service extension base provision (DSEB). This provision allows county clerks to continue to extend taxes for a taxing district's non-referendum bonds at the same level as 1994. **From 1994 through 2009 District 200's annual limited tax debt service extension base was $1,866,727.** Beginning with the December, 2009 levy (which uses the December, 2008 CPI) the law was changed to adjust the DSEB annually based on changes in the Consumer Price Index (CPI).

	CPI	DSEB
1994-07		1,866,727
2008	0.10%	1,868,594
2009	2.70%	1,919,046
2010	1.50%	1,947,831
2011	3.00%	2,006,266
2012	1.70%	2,040,373
2013	1.50%	2,070,979
2014	0.80%	2,087,546
2015	0.70%	2,102,159
2016	2.10%	2,146,305
2017	2.10%	2,191,377
2018	1.90%	2,233,013
2019	2.30%	2,284,372
2020	1.40%	2,316,354
2021	5.00%	2,432,171
2022	5.00%	2,553,780
2023	3.40%	2,640,608
2024	2.90%	2,717,186
2025	2.70%	2,790,550

Note: CPI rose to 7.1% and 6.5% in 2021 and 2022, respectively, but because the district is subject to PTELL, the maximum increase is 5%.

Anticipated Issuance of New Debt

The District does not have any immediate plans to issue new debt however, the Board reviews the debt service plan annually.

Long-Term Debt/Cash Flow

At July 1, 2026 the annual cash flow requirements of all long-term debt to retirement were as follows:

Fiscal Year Ending June 30	General Obligation Bonds Payable		TOTAL
	Principal	Interest	
2027	3,380,000	2,030,700	5,410,700
2028	3,655,000	1,864,800	5,519,800
Thereafter	48,260,000	9,585,998	57,845,998
	55,295,000	13,481,498	68,776,498

The legal bonded debt margin for unit school districts in the State of Illinois is 13.8% of the fair market value of the total taxable property in the district. For tax purposes primary residential property is assessed at 33 1/3% of its fair market value. The District's debt limit margin increases as debt is paid (principal is retired) and decreases when debt is issued. Further changes to the debt limit are experienced as EAV increases, and conversely, as EAV decreases. The District has been legally able to issue new debt during declines in EAV even though it has exceeded its debt limit because the debt that was issued was refunding of existing debt and was not new debt.

The District's EAV decreased 36% from tax year 2008 to 2014. In 2008 the District's total EAV was $1.128 billion. In 2014 the District's total EAV was $719 million. This decrease caused the District to exceed its debt limitation for several years. 2015 was the first year that the district saw an increase and it has been gradually increasing since then. Growth in the district's assessed value coupled with paying outstanding debt has caused the district's debt limit to no longer be negative and to be a positive 68.4%. It is estimated that the 2026 EAV will continue its upward trend and the district will pay down debt resulting in the district's debt limit growing to an estimated 73.4%.

										Estimate
	2008 EAV	2014 EAV	2018 EAV	2019 EAV	2021 EAV	2022 EAV	2023 EAV	2024 EAV	2025 EAV	2026 EAV

REVENUE SOURCES, ASSUMPTIONS & TRENDS

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

REVENUE SOURCES, ASSUMPTIONS & TRENDS

Revenues to educate School District 200 students come from four major sources: Local, State, Federal, and Other Financing Sources. Local revenues make up 65.5% of the revenue budget for the 2026-2027 school year when using all funds, and 65.9% of the revenue budget when looking at only the three main operating funds (educational fund, operations & maintenance fund, and transportation fund). State sources of revenue make up 29.7% of the revenue budget for all funds and 33.2% of the operating funds' revenue. Federal sources of revenue make up 4.8% of the revenue budget for all funds and .94% of the operating funds' revenue. Lastly, this year's budget includes other revenue sources that are made up of legally authorized transfers between different funds.

Local sources of revenue are primarily made up of **real estate taxes** that homeowners and businesses pay on their properties. School District 200 property tax revenues are dependent upon the property tax cycle in McHenry County. In the Fall of the prior school year, the levy is developed based on estimated information received from the County Assessor's Office. The levy approved by the Board of Education is used to develop the budget for the upcoming school year. In this case, the 2025 levy estimates were used to fund the 2026-2027 school year.

The remaining local sources come from Corporate Personal Property Replacement Taxes (CPPRT) paid by corporations; interest earnings; student fees; and tuition. **CPPRT** revenue is a function of the State of Illinois tax collections, which relies on the health of the Illinois business economy. It can be budgeted and projected based on the trend of recent years and the current economy and is at the district's discretion on how to allocate to individual funds, except for a small amount that must be designated for the IMRF Fund. **Interest** is earned from investment of idle school funds until they must be expended. The CFO must develop a cash flow analysis of expected revenues and expenditures to determine a strategy that assures that funds are available when needed while maximizing safety and interest yield. **Student fees** are collected from parents to help pay for books and materials used in the classroom. Fees may also be collected for participation in extracurricular activities, sports, and music groups. These fees are established on an annual basis by the Board of Education to help pay for the costs of these supplementary programs. These fees may be waived by State law for parents who cannot afford them. Finally, **tuition** is collected by the District for non-resident students who attend District 200. The tuition rate is established by the Illinois State Board of Education (ISBE) based on the District's actual expenditures for the previous year.

State sources of revenue are in the form of General State Aid (GSA), special education and transportation categorical claims/reimbursements, and grants. In August 2017, the State legislature passed a new school funding formula that ties GSA to an evidence-based, best-practices formula. Each school district is treated individually, with an Adequacy Target based on the needs of its student body. The formula calculates how adequately each district is funded from local and state

revenues to educate the district's specific student population for regular education, special education, poverty, and English language learners. The greater the student need, the more funding a district will receive.

New dollars will go to the neediest districts first – those furthest from 100% of the Adequacy Target. Districts furthest from their Adequacy Target will receive the greatest share of new state dollars based on a Tier System.

- Tier 1 – below 90% Adequacy – receive 50% of all new dollars allocated to the least well-funded districts in the State. The top of Tier 1 is determined by how far 50% of the appropriation will go to fill 30% of the Tier 1 gap.
- Tier 2 – below 90% Adequacy – receive 49% of all new dollars spread proportionately across the entire Tier 2.
- Tier 3 – between 90% and 100% Adequacy – receive 0.9% of all new dollars.
- Tier 4 – 100% or above Adequacy – receive 0.1% of all new dollars.

The starting point of the new formula is a district's Base Funding Minimum (BFM). The BFM is calculated by adding the amount of funding the district received during 2016-17 for GSA, its Bilingual Grant, its Special Education Personnel Claim, its Special Education Funding for Children Requiring Special Education Services reimbursement, and its Special Education Summer School Claim. District 200's starting point, or Base Funding Minimum, by combining these five revenue sources is $18,918,359. District 200 was classified as a Tier 2 school district was later reclassified as a Tier 1 district at 69% adequacy and recently was reclassified back to a Tier 2 District for FY26 and FY27. Since the origination of the new formula, the district has received $1.2 million in additional Tier 2 funding and $9.9 million in additional Tier 1 funding. After a 9.8% increase in the prior year in overall general state aid, (due to Tier 1 classification), State aid for the 2026-27 school year is expected to have minimal increases in Tier 2 distributions.

State **special education and transportation categorical funding** is received to help offset the costs of mandated programs. Most of these funds provide only partial reimbursement for the programs they support. These amounts may vary from year to year, depending on the number of children in need of services and on the health of the state economy. Actual appropriations are made annually by the legislature. For many years, the State of Illinois was delinquent in sending these funds to local schools. This can create cash flow difficulties and the need to have a solid reserve due to the unpredictability of these vital revenues. It is unknown at this time how much the 2026-27 state reimbursements will be, if they will be pro-rated, or if they will be delayed.

District 200 also receives **state and federal grant funding** to enhance and improve course offerings and programs that the District would otherwise be unable to afford. Some of these grants are considered entitlements and are received based on student populations of poverty, non-English speaking, handicapped, and preschool age. Other grants are considered competitive, and the District must compete with other districts in the state and nation for these funds. District 200 has

a very successful grant department and for the 2026-2027 school year anticipates receiving $6.8 million in state and federal grants

Other sources of revenue include proceeds from loans, bond issuances, and transfers between funds. For the 2026-2027 school year, the District will transfer funds from the Education Fund to the Food Service Fund to help offset rising food costs.

PROPERTY TAXES: RATES, EAV, & TAX BURDEN

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

PROPERTY TAXES

School District 200 is subject to the Illinois property tax cycle. The cycle has two major parts. The first is the assessment process, which results in the total property tax base of the district – called the equalized assessed valuation (EAV). The second part of the cycle converts the district's tax base into revenue. This part includes the annual Board of Education tax revenue request (the levy), the calculation by the county clerk of tax rates (the extension) and the billing, collection, and distribution of tax payments by the County Treasurer to the District.

Each calendar year a new property tax cycle begins. The 2025 levy year property values, or EAV, reflect a three-year average of property values and are used for the levy approved in December 2025. These funds, paid by taxpayers generally in June and September, 2026, are used to fund the 2026-2027 school year.

In Illinois, state law requires that most property in McHenry County be assessed at one-third of its fair market value (FMV). All property except farm property is to be re-assessed every four years. Properties whose condition has significantly changed, or which have been incorrectly assessed may be adjusted between county-wide re-assessments. The condition of a piece of property on January 1 determines its assessed value for that tax year. It is important for budgeting purposes, to consider the date of completion of new construction. The District should not anticipate the revenue impact of new construction or property improvements too early. If the property is not completed by January 1, it will not be reflected in the assessment data until the next tax year.

Property is categorized into the following six categories each with a different assessed value procedure:

1. Residential – 1/3 its FMV
2. Commercial – 1/3 its FMV & income flow
3. Industrial – 1/3 its FMV & income flow
4. Farmland/Rural – agricultural economic value
5. Railroad – valued by Illinois Dept. of Revenue
6. Mineral – valued by Illinois Dept. of Revenue

The Board of Education must adopt an estimated levy by the last Tuesday in December each year. The levy will produce the tax revenues to be received the following June and September. District 200 classifies any tax revenues received prior to June 30th as "early taxes". These taxes are receipted as revenues in the current year and become part of the fund balance, but are used to fund the next school year's costs. For example, taxes received prior to June 30, 2026 are part of the fund balance, but are used to fund the 2026-2027 school year.

In the State of Illinois, the legislature passed the Property Tax Extension Limitation Act (tax caps), effective with the 1991 extension of taxes. The purpose of the tax cap is to control the growth of property taxes, which in turn controls the growth of expenditures by limiting the growth of a school's primary source of revenue. The tax cap limits the District's ability to increase its extension of taxes over the previous year by the lessor of 5% or the Consumer Price Index (CPI) of the preceding year. The tax cap formula does provide access to additional taxes for the increase in the District's EAV attributable to growth. However, in the following year, the additional taxes from the growth in EAV is rolled into and included under the tax cap as well.

The conceptual formula for understanding the effect of the tax cap is as follows:

Tax Revenue (TR) = prior year TR x CPI + TR from new property growth

Example:

Prior Year Tax Revenue = $50,000,000
CPI = 2.00%
New Property = 5,000,000 EAV
Tax Rate = $7.50/$100 of EAV
$51,375,000 = (50,000,000 x 1.02) + (5,000,000 x .075)

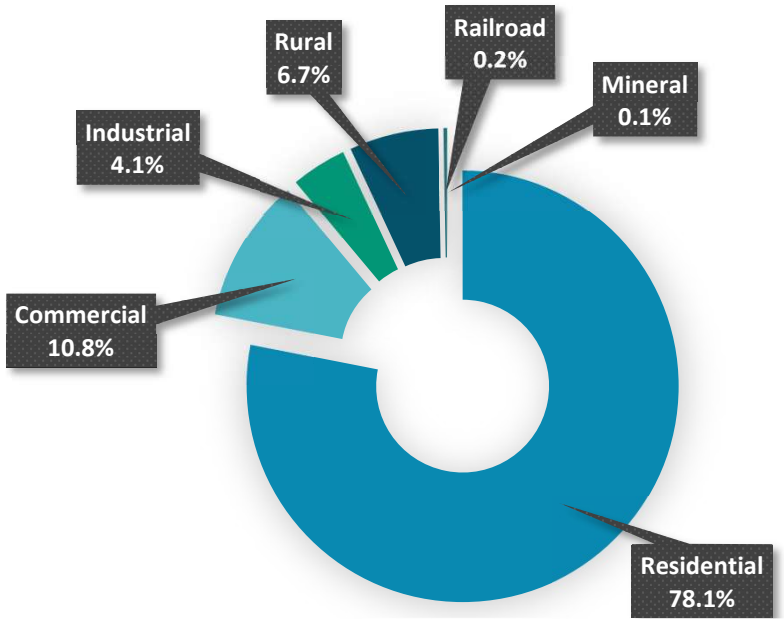

From 2001 through 2008, property assessments used in the tax cap formula increased at a rate greater than inflation every year in McHenry County. When assessments rise at a faster rate than inflation, under the tax cap formula, tax rates fall because taxing bodies are only allowed to collect the percent of inflation (CPI) more than the year before. From 2009 through 2014, as the real estate bubble burst, assessments declined 36% and tax rates rose. As a result of falling EAV, the District's tax rate increased due to a smaller base of properties available to receive taxes from.

Beginning with the 2015 levy, and for the first time in seven years, the district's EAV increased. Although the increase was minimal, .51%, it was the start to an upward EAV trend that has continued for the past eleven years. The 2016 levy EAV increased 4.81%, followed by similar increases through 2025 with an EAV increase of 9.1%. As the housing market recovers in McHenry County and property assessments begin to rise, the district's tax rate will fall. It is expected that the district's EAV will continue to increase moderately in the next few years.

WOODSTOCK COMMUNITY UNIT SCHOOL DISTRICT NO. 200
EQUALIZED ASSESSED VALUATION (EAV) AND TAX RATES

As illustrated in the chart above, District 200's Equalized Assessed Valuation (EAV) declined sharply between 2008 and 2014. In 2008 the District's total EAV was $1.128 billion. In 2014 the District's EAV fell to $719.4 million. In 2015, EAV began to gradually increase and it is estimated to be over $1.4 billion this year

These sharp declines in EAV from 2008 through 2014 caused the District's tax rate to increase due to a shrinking property tax base in which to collect taxes. However, beginning in 2015, when the district's EAV began to increase, the tax rate began to decrease. Since 2015 the tax rate has decreased $3.21, and it is estimated that the rate will decrease slightly for levy year 2026. This trend will continue as long as the district's EAV continues to increase and the Board continues to take steps to mitigate tax increases.

TAXES PAID ON

Mean Market Value of $200,000.00	$2,906	$3,104	$3,550	$4,186	$4,697	$4,984	$4,959	$4,618	$4,280	$4,074	$4,074	$3,938	$3,853	$3,710	$3,405	$3,196	$2,919

Notes:

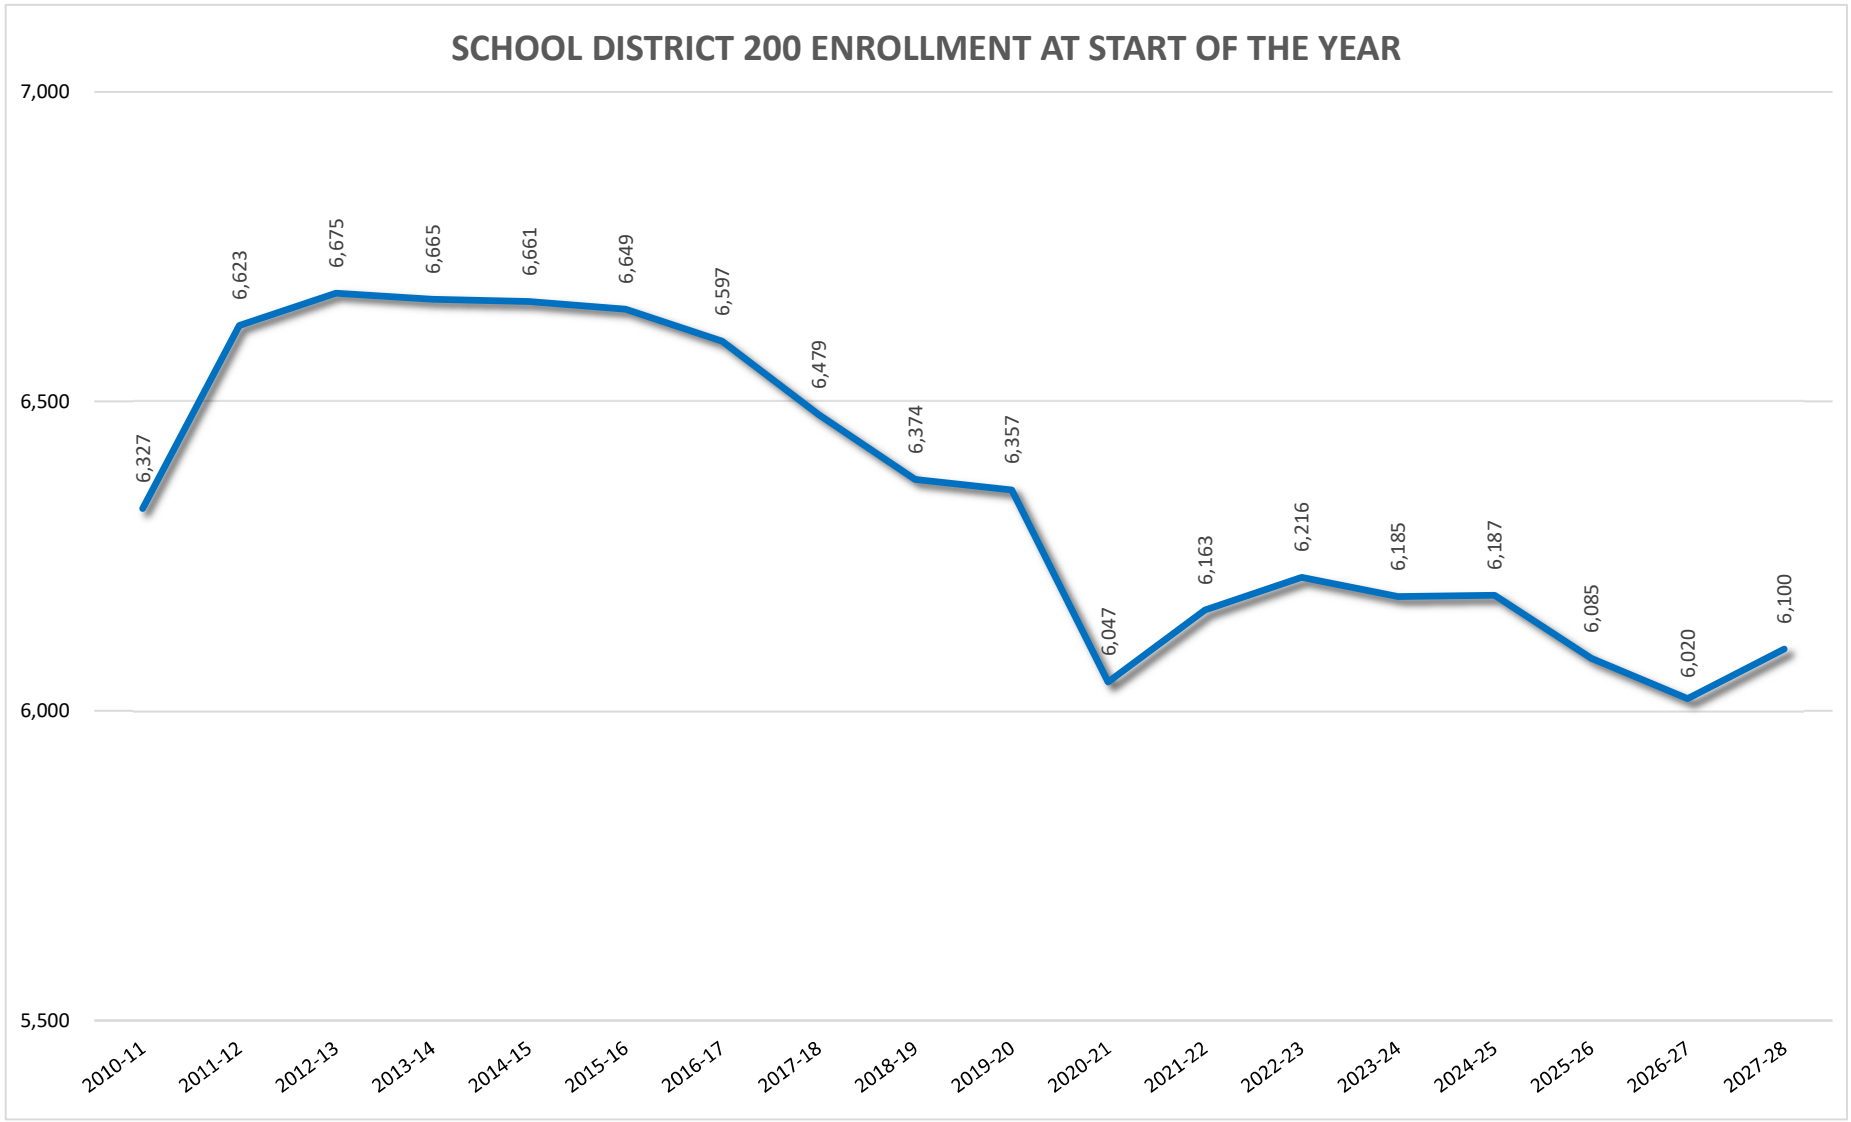

Homes are assessed at 1/3 their market value and are entitled to a homestead exemption. The homestead exemption was $3,500 for 1998 through 2003 and $5,000 for 2004 through 2007.
In 2008 the homestead exemption increased to $5,500 and in 2009 the exemption amount increased to $6,000. In 2023 the Homestead exemption increased to $8,000. The dollar amount of taxes indicated above assumes that the home value does not change and therefore the assessed value of the home remains constant.

PERSONNEL RESOURCES

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

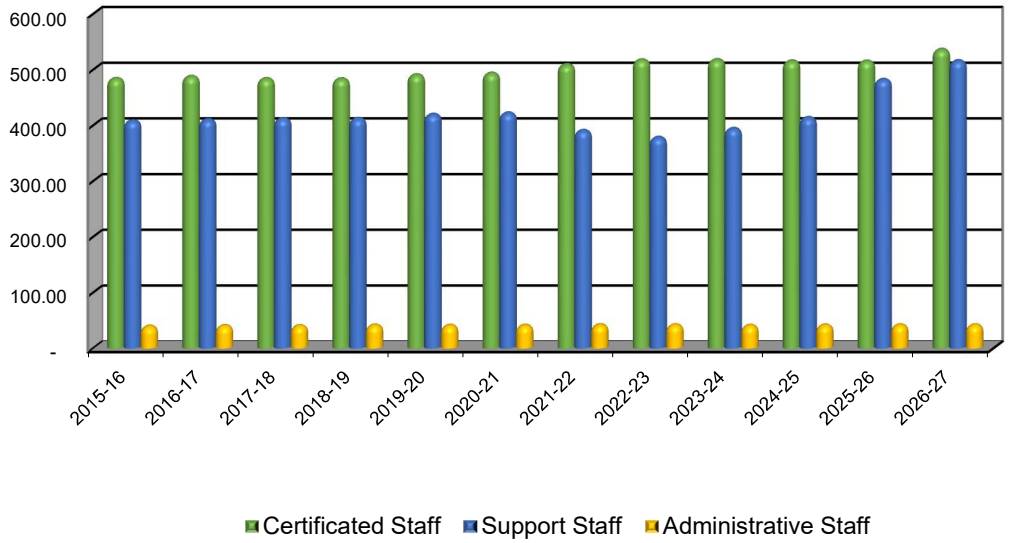

PERSONNEL RESOURCES

School District 200 assigns staff into three categories – Certificated, Support, and Administrative.

Certificated staff includes all classroom and special education teachers and all certified support staff such as counselors, social workers, psychologists, nurses, library media specialists and speech therapists.

Support staff consists of classroom associates, clerical support, custodians, food service workers, and bus drivers. All of these employees serve the district on an hourly basis, some working eight hours per day and others working as few as 1.5 hours per day or as needed. In order to find a common Full-Time Equivalent (FTE) basis to report support staff, all support staff FTE's have been calculated on a 40-hour work week.

Administrative staff includes the Superintendent of Schools, all Principals and Associate/Assistant Principals, Athletic Directors, and all Central Office Administrative staff.

The District has four employee collective bargaining groups that cover all of the above employees except for the administrative staff. The four collective bargaining groups and the employees who participate in them are listed below.

- *Woodstock Council of Teachers* (**WCT**) – covers teachers and other certificated support staff.
- *Woodstock Council of Classified Employees* (**WCCE**) – covers custodians, groundskeepers, couriers, and maintenance personnel.
- *Woodstock School Related Personnel* (**WSRP**) – covers secretaries, associates, food service workers, and the transportation department dispatchers.
- *Woodstock Transportation Employees' Council* (**WTEC**) – covers all full-time and part-time bus drivers and mechanics.

Five-year contract settlements were reached with all four unions during the 2023-24 school year. The increases for the 2024-25 school year through the 2028-29 school years are calculated at a total increase of 5%, 4.5%, and 4.25% respectively, inclusive of step and lane. The final two years salary increase of all members in a bargaining unit shall be equal to the percentage attributable to the CPI used in the Property Tax Extension Limitation Law (PTELL), except that the salary increase shall be no less than 3.25% and no more than 4.5%. The CPI for the past couple of years has been well above 4.5% until year end 2024 and 2025 when it dropped to 2.9% and 2.7%, respectively. CPI will be monitored as the relationship to salary increases comes into play in years 2027-28 and 2028-29.

	2024-25	2025-26	2026-27	2027-28	2028-29
WCT	5.00%	4.50%	4.25%	3.25%	3.25%
WCCE	5.00%	4.50%	4.25%	3.25%	3.25%
WSRP	5.00%	4.50%	4.25%	3.25%	3.25%
WTEC	5.00%	4.50%	4.25%	3.25%	3.25%

The Personnel Position History chart on the following page provides detailed FTE data on the district's staff by the three major classifications of employee. Changes in staffing levels occur annually based upon several factors:

- student need
- available funding
- new grant funds that add specific staff
- retiring grant funds that reduce specific staff.
- curriculum and programmatic changes
- turnover of staff due to retirements and attrition

In years when large deficits are projected and State funding is delayed, decisions are made to cut staffing levels to balance the budget. In years where new funding, or grant funding becomes available staffing levels are increased.

Each school year brings a unique set of circumstances that drives the staffing pattern of the district. Staffing a large, complex school district is challenging due to funding restrictions, staff availability and credentials, student body demographics, and enrollment trends. The primary objective of the district's staffing plan is to equitably distribute available human resources and to provide the most effective and efficient instructional setting possible.

BOND AMORTIZATION SCHEDULES

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

OUTSTANDING BONDS

District 200 has 5 outstanding bond issues. These bonds are attributable to new school construction, necessary life safety upgrades, and the refunding (refinancing) of this debt as explained in detail in the following narrative.

During the 2003-04 school year the Board of Education appointed a comprehensive Facilities Study Task Force to address short-term and long-term capital project needs based upon the ten-year projected growth of the district. The committee made final recommendations to the Board of Education during the 2004-05 school year after an extensive public engagement process. Initial recommendations included the need to make necessary repairs and renovations to existing buildings in order to prevent any further damage to the schools' infrastructure.

The Facilities Study Task Force also recommended the need for additional school buildings and renovations. Subsequently, a referendum was put to the voters in March of 2006 to issue school construction bonds to build three new schools – a new elementary school, a new middle school, and a new high school. In addition, the referendum asked the community to approve bonds to convert Olson Middle School to an elementary school and to remodel and build an addition to the Verda Dierzen Early Learning Center. The referendum passed in March 2006 and the District was authorized to spend $112 million on these projects, with $105 million coming from school construction bonds and $7 million coming from developer impact fees.

The new combined elementary and middle school was completed in time for opening day, September 4, 2007. The remodeling and additions to Olson Middle School and Verda Dierzen Early Learning Center which took place during Summer 2007 were also completed in time for the 2007-08 school year. During this time, the District also began construction on a new high school, Woodstock North High School (North). North was completed in time for opening day, September 2, 2008.

During the 2009-10 school year the District issued $10.47 million in Life Safety Build America Bonds. The bond proceeds were used to address the most urgent items in the updated Long-Range Facilities Plan. Construction occurred during Summer 2010 and included domestic water replacement at Clay Academy, Dean Elementary School, Olson Elementary School and Verda Dierzen Early Learning Center; HVAC replacement at Olson; Upgrade of ceilings and lighting at Clay; Window system replacements at Dean and Clay; partial new roofs at Dean and Dierzen; New Asphalt driveways at seven sites; new tennis courts at Woodstock High School; and a new district-wide voice-over IP telephone system.

During the summer of 2008 and 2011 several small projects were completed with residual bond funds from the new school construction. Those projects included a new roof and a new asphalt parking lot at Olson Elementary School, the

replacement of lights, bleachers, and the track at Woodstock High School, new asphalt driveways and parking lots at Dean St. Elementary School, sealcoating and striping the parking lots at Olson, Prairiewood/Creekside, and North High School, improvements of the athletic fields at Woodstock High School including a new concession stand, an upgraded clock system at Greenwood, air conditioning of Clay Academy server room, and new carpeting in the media center at Mary Endres School.

Since the issuance of the school construction bonds in 2006 – 2008 and the issuance of life safety bonds in 2010, the district has refunded, or refinanced, its outstanding debt several times in order to lower its interest payments and to create a flatter, more predictable debt repayment schedule. The debt service (principal and interest payments) of the school district is an ongoing discussion with the Board of Education and was an important topic of analysis during the 2021-22 school year.

Since the district's Equalized Assessed Value (EAV) dropped dramatically since the school construction bonds were issued, the Debt Service tax rate increased in order to acquire the funds needed to make the bond payments. Consequently, the Board has authorized several refunding bonds as a method to reduce the tax burden on homeowners during this time of declining EAV. In addition, the refunding bonds have in many instances reduced the overall interest payments. During the 2014-15 school year refunding bonds were issued that saved the district over $4.6 million in interest payments and during the 2018-19 school year refunding bonds were issued that saved the district over $2.1 million in interest. The Board's goal and expectation of any new refunding bonds would be to see similar results in reducing overall interest payments.

Beginning in levy year 2020 and school year 2021-22, the district's principal and interest payments were scheduled to increase substantially. Administration and the Board of Education collaborated with its financial advisors, PMA Securities, Inc. (PMA), to address this spike in payments. Additionally, the Board developed a survey for staff, parents, and the community to get feedback on how the district should manage this increase. Options included using reserves, reducing expenditures, refunding the debt, and extending it out to future years, or a combination of all three options. After reviewing the feedback, the Board determined appropriate action to manage the higher debt payments.

In November 2020, the Board passed a resolution providing for the issue of not to exceed $48,000,000 General Obligation Refunding School bonds for the purpose of refunding certain outstanding bonds and restructuring the outstanding debt. This action resulted in a flattening of the debt payments while saving the district $1.44 million in interest. The next page will present the current outstanding debt and related repayment schedule for the restructured debt.

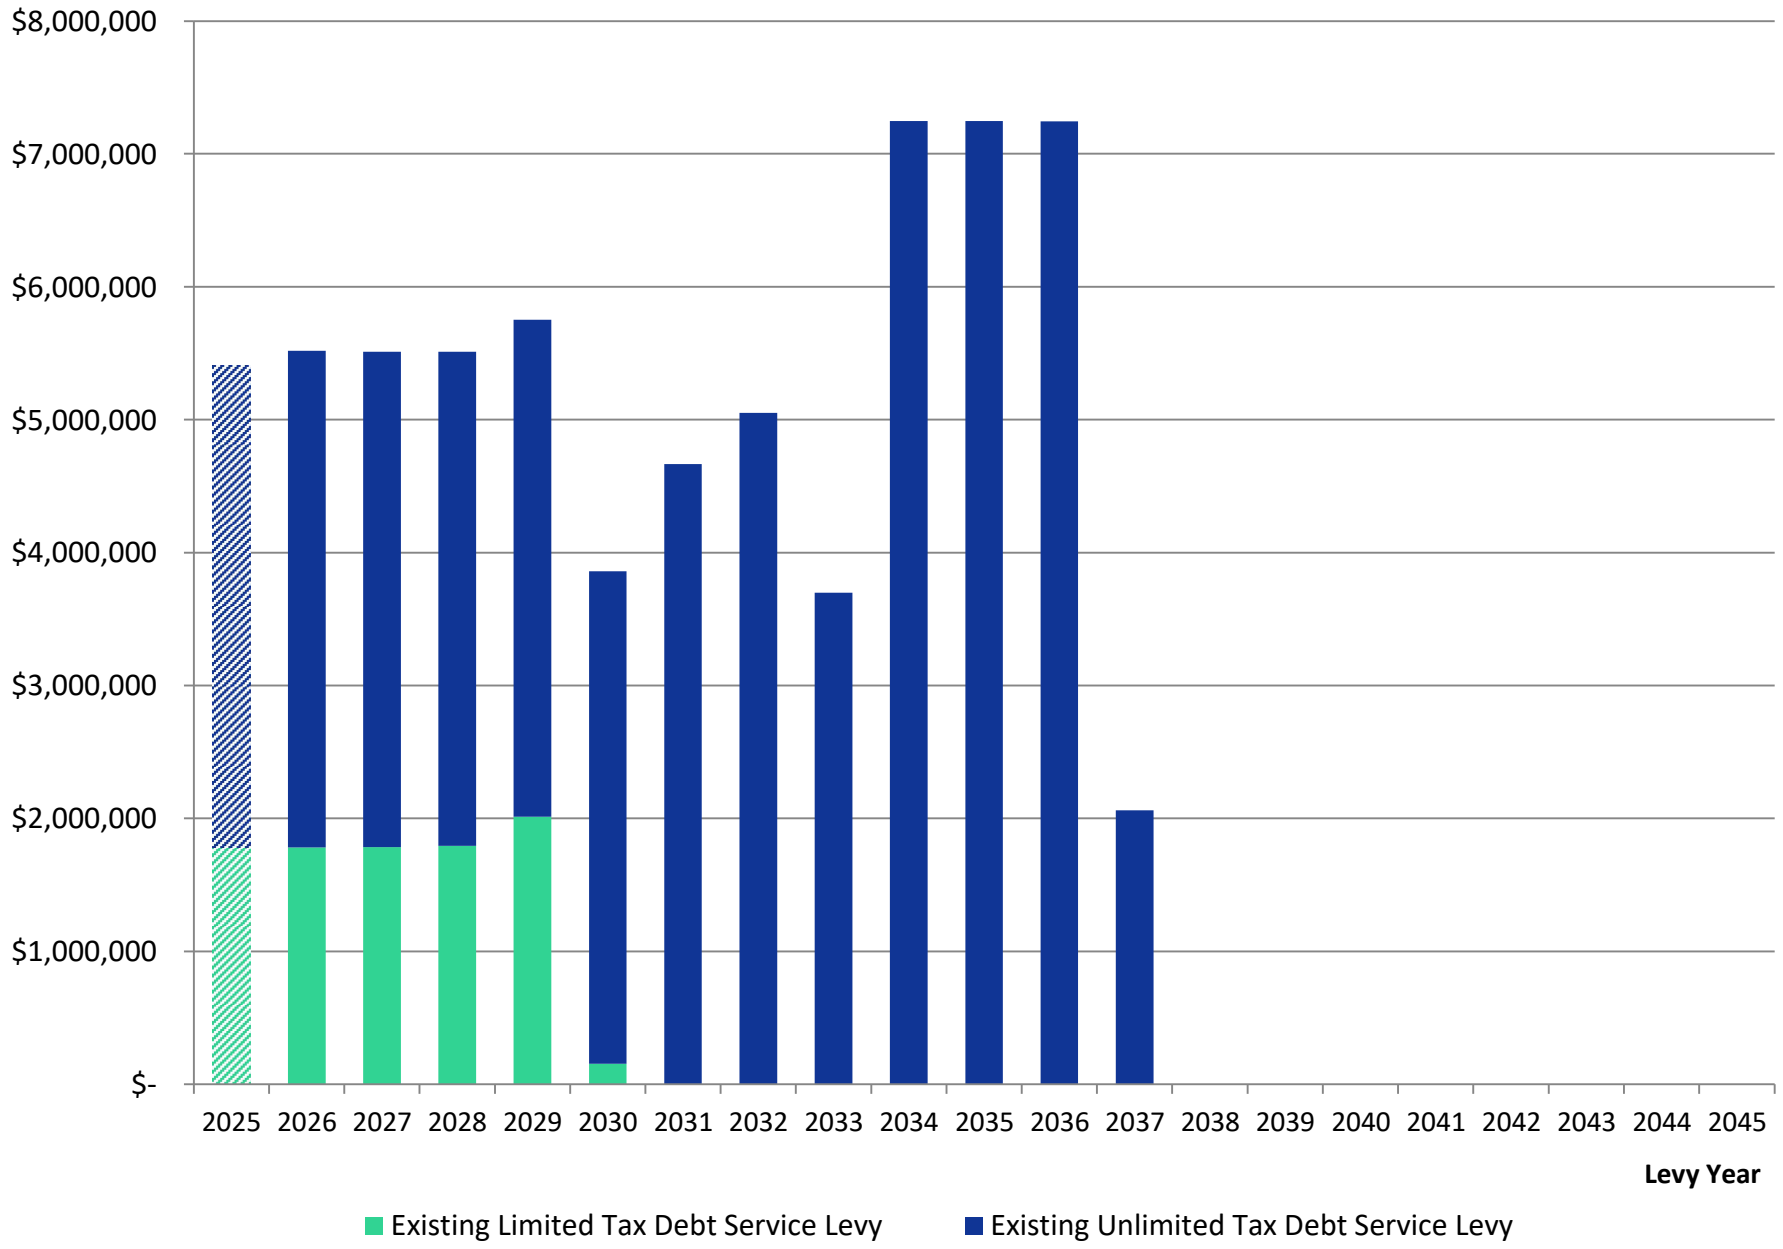

This action was taken keeping in mind that the Internal Revenue Service regulates the timing and frequency with which the Board may refund outstanding bonds.

PMA recommended waiting until 2020 to restructure a portion of the debt and provide a more manageable debt service structure.

The Board, with the help of PMA Securities, continued to analyze and review options to address forthcoming payments. This resulted in the District refunding the 2014 Bond Series and issuing Series 2023 General Obligation Refunding School Bonds which led to a reduction in interest expense of $1.3 million without expanding the payment term.

Finally, in 2025-26, the District paid off the 2006B Capital Appreciation Bonds. This issuance had two balloon payments at the end of the term. The District was able to utilize fund balance to make the final payments and retire this bond issuance.

GLOSSARY

2026 – 2027 BUDGET

COMMUNITY UNIT SCHOOL DISTRICT NO. 200
WOODSTOCK, ILLINOIS

ANNUAL FINANCIAL REPORT (AFR): Illinois School Districts are required to report their financial activities and results to the Illinois State Board of Education each year for the fiscal year of July 1 - June 30.

ADVANCED PLACEMENT: is a program in the United States, created by the College Board, which offers college-level curricula and examinations to high school students. American colleges and universities often grant **placement** and **course** credit to students who obtain high scores on the examinations.

ASSESSED VALUE: The value placed on property for tax purposes and used as a basis for division of the tax burden. This amount is subject to the state-issued equalization factor and the deduction of the homestead exemptions.

AVERAGE DAILY ATTENDANCE (ADA): The aggregate number of pupil days in attendance divided by the number of days in the regular school session. A pupil who attends school for five or more clock hours while school is in session constitutes one pupil day of attendance. The best three months average daily attendance of the prior year is used in calculating General State Aid for the current year.

BOND: a written promise, signed by the president and clerk or secretary of the board, to pay a specified sum of money (the face value) at a fixed time in the future (the date of maturity) and at a fixed rate of interest.

BONDING POWER REMAINING: The difference between the statutory debt limitation (6.9 percent of equalized assessed valuation in dual districts and 13.5% in unit districts) and the amount of long-term debt outstanding less bonds outstanding that are excluded by statute. The statutory debt limitation may be 15 percent when certain requirements are met (Section 19-1, the School Code). Special debt limitations in excess of the statutory limitations are sometimes established by law for districts that meet specific requirements.

BUILDING BONDS: Bonds sold for the purpose of acquiring or constructing school buildings and/or sites for school buildings.

CAPITAL OUTLAY: Expenditures for infrastructure, buildings, and equipment.

CATEGORICAL AID: Money from the state or federal government that is allocated to local school districts for children with special needs or for special programs.

COLLECTIVE LIABILITY INSURANCE COOPERATIVE (CLIC): Illinois school districts may join this insurance cooperative that provides group volume discounts for insurance needs such as property, automobile, legal, boiler and machinery, employee dishonesty and general liability insurance needs.

CONSUMER PRICE INDEX (CPI): A measure that examines the weighted average of prices of a basket of consumer goods and services, such as transportation, food and medical care.

CORPORATE PERSONAL PROPERTY REPLACEMENT TAXES: A state tax on the net income of corporations, partnerships and trusts and an invested capital tax on utilities were enacted in 1979 to replace the local tax on the assessed value of corporate personal property. These are taxes paid in lieu of taxes paid on 1978 and prior years' corporate personal property assessed valuation.

DEBT LIMIT: The maximum amount of gross or net debt that is legally permitted. Different limits are established based on short or long term debt and on the type of school district organization.

DEBT MARGIN: Current available debt of the district based on the total debt limit.

DEBT SERVICE: Expenditures made for principal and interest payments on long-term and short term debt during the fiscal year.

DEBT SERVICE EXTENSION BASE: an amount equal to that portion of the extension for a taxing district for the 1994 levy year for payment of principal and interest on bonds issued by the taxing district without referendum.

EDUCATIONAL CONSULTANTS AND RESEARCH ASSOCIATES (ECRA): A national consulting firm focused on assisting organizations in being more strategic in their quality improvement efforts. ECRA provides a target set of test scoring, reporting, and test development services from essay scoring to value-added growth modeling of achievement data.

EQUALIZATION: The application of a uniform percentage increase or decrease to assessed values of various areas or classes of property to bring assessment levels, on the average, to a uniform level of market value.

EQUALIZATION FACTOR (state multiplier): The factor that must be applied to local assessments to bring about the percentage increase or decrease that will result in equalized assessed valuation equal to one-third of the market value of taxable property in a jurisdiction (other than farm acreage and buildings and other than coal rights).

EQUALIZED ASSESSED VALUE: The assessed value multiplied by the state equalization factor; this gives the value of the property upon which the tax rate is calculated after deducting homestead exemptions, if applicable. For farm acreage, farm buildings, and coal rights, the final assessed value is the equalized value.

EVIDENCE-BASED FUNDING: New school funding formula passed by State of Illinois in 2017. The formula calculates how adequately a district is funded from local and state revenues to educate the district's specific student population for regular educations, special education, poverty, and English language learners. The greater the student need, the more funding a district will receive from the State.

EXEMPTION: 1) The process in which the county clerk determines the tax rate needed to raise the revenue (levy) certified by each school district in the county. 2) The actual dollar amount billed to the property taxpayers in a district.

FAIR MARKET VALUE (FMV): is an estimate of the market value of a property, based on what a knowledgeable, willing, and unpressured buyer would probably pay to a knowledgeable, willing, and unpressured seller in the market**.**

FULL TIME EQUIVALENCY (FTE): The number of employees divided by the number of hours that would be considered a full time assignment.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP): are a combination of authoritative standards (set by policy boards) and simply the commonly accepted ways of recording and reporting accounting information.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB): is the source of generally accepted accounting principles (GAAP) used by State and Local governments in the United States.

GUIDED LANGUAGE ACQUISITION DESIGN (GLAD): is a model of professional development whereby teachers are provided with research, theory, and practical, effective strategies that promote academic language, literacy, academic achievement, and cross-cultural skills.

GENERAL STATE AID: Unrestricted funds allocated by the state based on a district's average daily attendance and the district's taxing effort. State funds are generated from tax dollars based on a legislatively established foundation level. Semi-monthly payments are issued during the months of August through July.

INDIVIDUAL EDUCATIONAL PLAN (IEP): is a written plan/program developed by the schools special education team with input from the parents and specifies the student's academic goals and the method to obtain these goals.

INTERFUND LOANS: Loans between funds as authorized by Sections 10-22.33 and 20-4, the School Code.

INTERFUND TRANSFERS: Transfers of money from one fund to another without a requirement for repayment as authorized by Sections 10-22.44, 17-2A, 17-2B, and 20-5, the School Code.

ILLINOIS MUNICIPAL RETIREMENT FUND (IMRF): is a "multi-employer public pension fund" that administers a program of disability, retirement, and death benefits for employees of local governments in Illinois.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT): a test used to measure elementary and middle school students' individual student achievement relative to the Illinois Learning Standards.

ILLINOIS STATE BOARD OF EDUCATION (ISBE): provides leadership, assistance, resources and advocacy so that all students are prepared to succeed in careers and post-secondary education, and share account-ability for doing so with districts and schools.

LEVY: The amount of money a school district certifies to be raised from the property tax.

LIC: Low Income Concentration used in the State General State Aid Calculation.

LIMITED ENGLISH PROFICIENT (LEP): A student whose native language is not English and whose difficulty in speaking, reading, writing, or understanding English is an obstacle to successful learning in a classroom where English is the only language of instruction.

NATIONAL ASSOCIATION FOR THE EDUCATION OF YOUNG PEOPLE (NAEYP): has led the way toward excellence in high-quality early care and education.

OPERATING EXPENSE PER PUPIL: The gross operating cost of a school district (excepting summer school, adult education, bond principal retired, and capital expenditures) divided by the average daily attendance for the regular school term. (See Appendix H for a sample district computation.)

PROFESSIONAL LEARNING COMMUNITY (PLC): is an extended learning opportunity to foster collaborative learning among colleagues within a particular work environment or field. It is often used in schools as a way to organize teachers into working groups.

PROPERTY TAX EXTENSION LIMITATION LAW (PTELL): Enacted in 1991 for McHenry County. Its intent is to control the growth of property taxes by limiting a district's ability to increase its property tax extension over the previous year by the lesser of 5% or the CPI of the preceding year, whichever is less.

REDUCTION IN FORCE (RIF): involves a permanent cut in head count that also can be accomplished by means of attrition.

REFUNDING BONDS: The process of retiring or redeeming an outstanding bond issue at maturity by using the proceeds from a new debt issue. The new issue is almost always issued at a lower rate of interest than the refunded issue, ensuring significant reduction in interest expense for the issuer.

SITE-BASED BUDGET: Funds allocated to each school on a per student basis. Each school manages their own budget allocation and expenditures with the central business office monitoring procedures and accuracy.

STATE AID FORMULAS: The formulas legislated by the General Assembly for apportioning General State Aid and certain categorical aids.

TAX CAPS: An abbreviated way of referring to the tax increase limitations imposed by the Property Tax Extension Limitation Law, Public Act 87-17, effective October 1, 1991, as amended.

TAX RATE: The amount of tax due stated in terms of a percentage of the tax base. Example: 2.76 percent of equalized assessed valuation is a representation of a tax rate of $2.76 per one hundred dollars of equalized assessed valuation of property.

TAX-RATE LIMIT: The tax-rate limit is the maximum tax rate that the county clerk may extend. Illinois law authorizes maximum tax increase tax rates, within limits, subject to voter approval.

TEACHER RETIREMENT SYSTEM (TRS): An organization that is specifically set up for **teachers** to help with or manage **retirement** planning.

TUITION: As revenue: the amount a local school district charges a non-resident student to attend a district school. The tuition amount is based on school expenses as stipulated by School Code. As an expense: students requiring special education services which cannot be met by their local district may attend a special education facility which in turn charges their district a per-student tuition.

WORKING CASH FUND INTEREST: Monies earned as interest from investment of the Working Cash Fund may be transferred from the Working Cash Fund upon the authority of the school board.
