

Dear Parent/Guardian:

Township High School District 211 is committed to ensuring that every student has access to a high-quality educational experience and the support needed to be successful.

We are writing to inform you that Hoffman Estates High School, Palatine High School, and Higgins Educational Center have been designated as schools receiving federal Title I, Part A funds for the 2026-2027 school year.

What is Title I?

Title I, Part A is a federally funded program that provides additional resources to schools to help ensure that all students have meaningful opportunities to meet challenging academic standards and experience academic success. The federal program is intended to support equitable, high-quality educational opportunities and help close achievement gaps.

A Title I school may use these additional resources to strengthen teaching and learning and provide academic supports that address the needs of students.

Your Right to Know

Federal law gives parents and guardians of students attending Title I schools the right to request information about the professional qualifications of their child's classroom teachers and, when applicable, paraprofessionals who provide services to their child.

You may request information regarding:

- Whether your child's teacher has met Illinois qualification and licensing requirements for the grade level and subject area in which the teacher provides instruction;
- Whether your child's teacher is teaching under an emergency or provisional status through which State qualification or licensing requirements have been waived;
- Whether your child's teacher is teaching in the field or discipline of the teacher's certification; and
- Whether your child receives services from a paraprofessional and, if so, information regarding the paraprofessional's qualifications.
