CROSS REF.: AC, Nondiscrimination Policy Including Harassment and Retaliation

SEXUAL HARASSMENT

The Avon School Committee and Avon Public Schools are committed to maintaining an education and work environment for all school community members. that is free from all forms of harassment, including sexual harassment. The members of the school community include the School Committee, employees, administration, faculty, staff, students, volunteers in the schools, and parties contracted to perform work for the Avon Public Schools.

Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion. Massachusetts General Laws Ch. 119, Section 51 A, requires that public schools report cases of suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences; and,
- Discussion of one's sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment.

Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

The complainant does not have to be the person at whom the unwelcome sexual conduct is directed. The complainant, regardless of gender, may be a witness to and personally offended by such conduct.

NOTICE OF SEXUAL HARASSMENT

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

DUE PROCESS PROTECTIONS

Due process protections include the following:

- 1) A presumption of innocence throughout the grievance process, with the burden of proof on the school;
- 2) A prohibition of the single investigator model, instead requiring a decision-maker separate from the Title IX Coordinator or investigator;
- 3) The clear and convincing evidence or preponderance of the evidence, subject to limitations;
- 4) The opportunity to test the credibility of parties and witnesses through cross examination, subject to “rape shield” protections;
- 5) Written notice of allegations and an equal opportunity to review the evidence;
- 6) Title IX Coordinators, investigators, and decision-makers must be free from bias or conflict of interest;
- 7) Equal opportunity for parties to appeal, where schools offer appeals;
- 8) Upon filing a formal complaint the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. For K-12 schools a hearing is optional but the parties must be allowed to submit written questions to challenge each other’s credibility before the decision-maker makes a determination. After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying either the preponderance of the evidence or the clear and convincing standard; however, a school can use the lower preponderance standards only if it uses that standard for conduct code violations that do not involve sexual harassment but carry the same maximum disciplinary sanction. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

A district may establish an informal investigation process that may, upon the request of the complainant be followed by a formal process.

The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The investigating officer may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the complaint recipient will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.

RECORD KEEPING REQUIREMENTS

Schools must create and maintain records documenting every Title IX sexual harassment complaint. This could include mediation, restorative justice, or other models of alternative dispute resolution. Schools must keep records regarding the school's response to every report of sexual harassment of which it becomes aware even if no formal complaint was filed, including documentation of supportive matters offered and implemented for the complainant.

This policy, or a summary thereof that contain the essential policy elements shall be distributed by the Avon School District to its students and employees and each parent or guardian shall sign that they have received and understand the policy.

List the name and phone number of the District's Title IX Coordinator

List the appropriate party by name and phone number to receive a complaint in each District School

NONDISCRIMINATION ON THE BASIS OF DISABILITY

Title II of the Americans With Disabilities Act of 1992 requires that no qualified individual with a disability shall, because the District's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, and activities of the District or be subject to discrimination. Nor shall the District exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association.

Definition: A "qualified individual with a disability" is an individual with a disability who, with or without reasonable accommodation to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Accommodation: The District shall make reasonable accommodation in policies, practices, or procedures when the accommodations are necessary to avoid discrimination on the basis of disability, unless the District can demonstrate that making the accommodations would fundamentally alter the nature of the service, program, or activity.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities.

Auxiliary Aids and Services: "Auxiliary aids and services" includes (1) qualified interpreters, note takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or accommodation of equipment or devices and (4) other similar services and actions.

Limits of Required Accommodation: The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the School Committee after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Notice: The District shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provisions of Title II of the American with Disabilities Act (ADA) and its applicability to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA.

Compliance Coordinator: The District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title II of ADA, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under ADA. The District shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA. The school district receives federal financial assistance and must comply with the above requirements. Additionally, the School Committee is of the general view that:

1. Discrimination against a qualified disabled person solely on the basis of disability is unfair; and
2. To the extent possible, qualified disabled persons should be in the mainstream of life in the school community. Accordingly, employees of the school district will comply with the above requirements of the law and policy statements of this Committee to ensure nondiscrimination on the basis of disability.
