Campus Security and Crime Report

Under the Higher Education Act, as amended, and the Jeanne Clery Act, the school is required to inform its students and employees about the policies and procedures it follows for reporting crimes and emergencies, as well as the actions to be taken in response to these reports. The school is also required to compile and report specific crime-related statistics, which are gathered from data provided by the Nelsonville Police Department.

The following procedures should be adhered to regarding criminal or suspected criminal activity:

- Anyone observing criminal or suspected criminal activity, or who is a victim of such activity, should report this activity to the TCCC - Adult Office. Reports may be made on a voluntary and confidential basis. When such activity is reported to the TCCC - Adult Office as it occurs, the Adult Director, or another person designated by the Adult Director, shall immediately inform the appropriate law enforcement authority.
- A timely warning informational bulletin will be prepared and distributed to all students and employees whenever such activity is reported that could pose a general threat to any or all students and/or employees.
- If law enforcement officials are notified and an incident report is filed, a copy must be submitted to the Adult Center office. When an emergency is reported to the adult office, the personnel shall determine the appropriate response to take.

The school prioritizes the security of its students and employees. Generally, the campus buildings, individual classrooms, and offices are securely locked when not in use to restrict access to unauthorized personnel.

Please note that this is a public facility, and entrance to all buildings is restricted to keycard access only. However, doors may be unlocked during certain times of the day when classes are in session and custodians are on the property. Hallways and parking lots are well-lit and under video surveillance for security purposes. Visitors to the buildings are asked to check in at the front offices and receive a visitor’s badge to wear.

The Nelsonville Police Department is the law enforcement agency responsible for patrolling the campus and its surrounding area. Any reported or suspected criminal activity that requires forwarding to a law enforcement agency should be referred to the Nelsonville Police Department or reported by calling 911. New students and employees receive information about security procedures during their orientation session. The school provides lockers with combination locks for students to secure their personal belongings.

Call 911 in the event of a fire or medical emergency. Portable Automated External Defibrillators (AEDs) are in the main offices of each building. Basic first aid kits are available in every room throughout the building. Telephones are installed in every classroom, lab, and office. Dialing eight will connect you to an outside line, but it is not necessary when calling 911.

Crime Definitions

Murder/non-negligent manslaughter: the willful killing of one human being by another.

Negligent Manslaughter: the killing of another person by gross negligence.

Forcible Sex Offenses: forcible is directed at any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. There are four types of forcible sex offenses: forcible rape, forcible sodomy, sexual assault with an object, and forcible fondling.

Non-Forcible Sex Offenses: incidents of unlawful, non-forcible sexual intercourse. Only two types of offenses are included in this definition: incest and rape.

Robbery: the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and /or by putting the victim in fear.

Aggravated Assault: an unlawful attack by one person intended to inflict severe or aggravated bodily injury. This type of assault is typically accompanied by a weapon or by means likely to cause death or significant physical harm.

Burglary: the unlawful entry of a structure to commit a felony or theft.

Motor Vehicle Theft: theft or attempted theft of a motor vehicle.

Arson: willful or malicious burning or attempting to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle, aircraft, or personal property of another.

Upon written request, all victims of violent crimes will receive the results of any disciplinary hearing conducted by the institution against the accused perpetrator.

The school currently has no off-campus locations for any student organizations recognized by the school. Any occurrence or suspected occurrence of criminal activity or emergencies while a recognized student organization participates in an off-campus activity should be reported and addressed in the same way as if the incident occurred on campus. Such incidents will be reported for statistical purposes along with the on-campus figures.

Given the significant health risks linked to illicit drug and alcohol use, the school expresses concern for any student or employee who may be struggling with substance abuse. The school is committed to helping these individuals connect with community programs and services for support. Students are encouraged to contact the Student Services Supervisor. Employees should contact their Director, Supervisor, or the Superintendent's office for assistance.

Recognizing the emotional as well as physical trauma suffered by a victim of sexual offense, and further recognizing the importance of preserving evidence in such a case, the following procedures are to be used when a sexual offense is involved:

1. When a sexually related offense is reported, the adult office personnel will first attempt to ascertain the physical well-being of the survivor and determine whether the survivor needs immediate medical assistance. If so, the office personnel will call the Southeastern Ohio Emergency Medical Services.

2. After calling for the appropriate emergency services, the adult office personnel shall provide the survivor with a quiet and private location and, if there is anyone that he/she would like to be present. The number of people should be kept to a minimum. After determining the well-being of the survivor, the adult office personnel shall contact **Crisis**

Services at (740) 593-3344. These are trained specialists in sexual assault and crisis intervention. Teams are available to aid the adult staff upon the survivor's request to intervene directly. The staff members to whom the offense is reported should contact Crisis Services, while maintaining the survivor's confidentiality, to receive assistance in advising the survivor.

3. Call appropriate law enforcement officials if deemed necessary. Staff are legally obligated to report to law enforcement any report of “date rape” or rape even if the incident occurred off campus.

Registered sex offenders are not allowed to attend classes on this campus. At the time of applying to any Adult Center training program, it is the responsibility of prospective students to report any personal arrest or conviction for a sexual offense and any designation as a sexual offender. Such an arrest or conviction may prevent attendance in programming at the Adult Center. Registered sex offenders must inform the State of Ohio under the “Campus Sex Crimes Prevention Act” of 2000.

Information regarding convicted sexual predators living in the geographic area may be found at **http://icrimewatch.net/ohio.php.** Additionally, the Ohio Department of Rehabilitation and Correction's sex offender registry is available at **http://www.drc.ohio.gov/OffenderSearch/Search.aspx .**

Applicants are further advised that certain areas of study require background checks for misdemeanor and felony convictions, which may prevent licensure and/or employment in the field of study. All staff members are required to undergo pre-employment criminal background checks.
