

Observer Account Setup

Our Canvas Observer accounts are now live! That means you can log in with your own credentials and see a read-only view of what your student sees in Canvas.

An account has been **automatically created for you** based on your Skyward Family Access registration and paired with your student(s). All you need to do is reset your password by following these steps.

1

Go to <https://eanes.instructure.com/login/canvas> and click the **Forgot Password?** link *even if you've never created an account.*

Welcome to Canvas

Have a pairing code? [Create a Parent Account](#)

Enter Skyward Family Access Email here

Back Next

2

In the Login field, enter the email address you registered in Skyward Family Access and click **Next**.

AUSTIN TX **EANES** WESTLAKE
INNOVATIVE SCHOOL DISTRICT

Check Your Email

A recovery email has been sent to testemail@gmail.com. Please check your inbox and follow the instructions to reset your password. This may take up to 10 minutes. If you don't receive an email, be sure to check your spam folder.

Back

3

Check your email for a password reset message from Canvas. Follow the link in that message to create your Canvas password. Note: this does not change your password for Skyward.

4

Click the **Back** button or return to the same Canvas login page and enter your new credentials.

If your student is already connected through Skyward, there is **nothing else you need to do** to pair your account. If a student you should be able to observe does not appear, please email lsaccount@eanesisd.net.
