Public Records Request

Amanda Weers <aweers@isd221.net> Wed, Sep 2, 2026 at 4:30 PM
To: Grace Howat <grace@idahofamily.org>

Dear Ms. Howat,

The purpose of this email is to provide fulfillment of the Public Records request received in our office on August 19, 2026. The request was for the following records:

I *request any internal or external procedures, policies, curriculum, educational materials, or supplementary educational materials pertaining to Idaho Code § 33-1627, Idaho Code § 33-142, and Idaho Code § 33-1608(4)*

Emmett School District policies are publicly available on our website HERE. The policies are searchable. Feel free to search through the policies to determine any applicable policies corresponding to your information needs. I believe the policies you may find applicable to this request are 2320 and 2320P1. These policies pertain to health education. Our school district requires a parental opt-in for the health education unit on reproductive health. Students may not participate in the unit without parental consent.

I am including a link to a PowerPoint presentation used as part of the Health curriculum in our schools. This content is what applies to your request. Of note, the curriculum is patterned after the curriculum used by IDLA. Specifically, Slide 20 includes the applicable video on human development required by Idaho Code *§ 33-1627.* Slide 54 covers the content required by Idaho Code § *33-142 and § 33-1608(4)* regarding adoption information and resources.

ESD Aging & Development Slideshow

The provided slideshow is the content used across the Emmett School District for our in-person classes at multiple schools. Our district also offers a virtual academy where Idaho students can take the required Health class through IDLA, Edmentum, BYU-Online, or Imagine Learning.

The IDLA curriculum is available to view at the link below. The part of the curriculum pursuant to this request is located in Unit 6 - Growth and Development.

https://www.opencontent.idahodigitallearning.org/health-and-fitness/health

Edmentum, BYU-online, and Imagine Learning do not provide curriculum content that adheres to these Idaho codes. To ensure compliance, we provide students with a required addendum when students complete a Health course from one of these providers. The addendum is attached to this email.

Please consider this email and the attached contents as fulfillment of your request. I'm happy to help with any questions you have or further information needed.

Have a wonderful day!

Amanda Weers
