Dear Mr. Wenig,

This email is to provide fulfillment of the Public Records Request received in our office on March 23, 2006. Your request was for the following records:

All executed contracts, purchase agreements, and purchase orders with Professional Learning/Development services including any exhibits, addenda, or amendments that are in effect or have been in effect in the last 3 years.

I am pleased to inform you that I have reviewed your request and confirmed that all applicable records can be found on our website under the published contracts. This list has been updated with the most recent information and extends to cover the 3-year period requested. You may look through the list of contracts and determine which ones are most applicable to your information needs. While all of our contracts are available on the website, I believe the focus of your request would pertain mostly to the "Educational Service Agreements" section.

For your convenience, I am including both the link to the page for Contracts and for the more specific Educational Service Agreements.

Please consider this response as fulfillment of your Public Records Request. Let me know if you have any questions or need any further assistance.

Have a wonderful day!

Sincerely,

Amanda Weers

Hi Amanda,

I hope this message finds you well. Please accept my apologies for the delay in my response.

Thank you for providing the links to the district's contracts and Educational Service Agreements. I have reviewed the documents available on your website, but I was unable to locate any executed contracts with Imagine Learning, Curriculum Associates, or Houghton Mifflin Harcourt for the past three years.

Could you please confirm whether the district has had any executed contracts with these vendors during that period? If not, your confirmation will allow me to close out my records request.

Thank you again for your assistance and for making this process so straightforward. I appreciate your time and support.

Sincerely,
Justin

Public Records Request: Professional Learning/Development contracts

Hello, Justin!

Thank you for following up with your questions. I'm happy to provide some additional clarification regarding your March 2026 public records request.

I can confirm that, at the time of your request, the Emmett School District did not have any contracts with Imagine Learning, Curriculum Associates, or Houghton Mifflin Harcourt dating back three years from the date of the request.

However, I would like to clarify that the Emmett School District has purchased curriculum from Houghton Mifflin Harcourt within that three-year period. These purchases were completed through invoices rather than signed contractual agreements and, therefore, were not identified as contracts or agreements in response to your original request.

Likewise, since your March 2026 public records request, the District has made purchases from Imagine Learning for training and courses. These purchases have also been invoiced and do not involve a contractual agreement.

The Emmett School District does not have a record of any contracts or purchases involving Curriculum Associates within the designated three-year period.

Regarding purchase orders, the District does not organize or categorize its purchase orders in a manner that would necessarily correspond with specific descriptions such as "Professional Learning/Development Services." However, if you would like to submit a public records request for a complete list of purchase orders within a designated time frame, we would be happy to provide those records. You could then review the list to identify purchases that may be relevant to the information you are seeking.

I hope this provides some additional clarification. Please let me know if you have any other questions or if there are additional records you would like to request. I'm happy to assist.
