2. Review Goal #2 – English Language Arts
 - a. K-2 NWEA data only; 3-5 NWEA & CAASSPP data
 - b. Strategies & Activities
 - i. *Noticed that many strategies refer to “students to be served,” but what percentage of students does that cover?*
 1. About 25% are either EL, Hispanic, Neurodiverse, or have an IEP
 2. EL, Hispanic, IEP are district-mandated subgroups
 - ii. *2.5: general education paraeducators*
 1. We do have two paras
 2. Budget cuts could mean fewer paras in the future; council could recommend to the district the need to keep both, but district is in charge of decision ultimately
 3. Currently both paras are scheduled to remain employed for next year, but there is a possibility of one moving to a different site if there is a need there
 4. Teachers value the freedom and flexibility having a para in the classroom, especially during CSI time
 5. Should we lose a para, then parents are welcome to advocate for keeping the para directly to the district
 - iii. *Orinda did a deep dive into the district and the level of success of students*
 1. Board meeting tonight going over the findings of Orinda for Sunnyvale School District
 - iv. *Amendments and Comments*

 2. 2.2 not using iReady; new monitoring tool to come
 3. 2.9 TK teachers using updated version of Universal Pre-K
 4. 2.10 PTSA program where they would read out loud to students

3. Satchel Pulse Fall 2025 Data Summary

 1. Strongest area is Teaching Staff
 - ii. Mid 7 average for School Leadership and School Life

1. School Leadership: Principal-centric questions were lowest; possibly due to principal being new to school
 2. School Life: Food services and after-school clubs were lowest
 - b. Student Survey Summary (only 3-5 grade)
 - i. 7.5 average or higher for all but Final Questions, which was not on Parent Survey
 1. As good or better than the district averages for Teaching Staff
 - ii. Final Questions: after school participation
 1. They don't participate because it doesn't fit in their schedule (32%), need to go home (19%), shy/won't fit in (16%), among others
 - iii. Students give food services 4.7 average
 1. 3-5 graders eat later and some of the (favorite) food runs out; school is working to address the issue
