

CONSTITUTION DAY EVENT

WHAT DOES THE ODYSSEY REVEAL ABOUT THE CONSTITUTION?

Thursday, Sept. 24

4:30 p.m.

The Founders Room
Mercy Hall, 2nd Floor

The Framers of the Constitution believed the constitutional order depended on certain presumptions about norms and institutions that were beyond the scope of the Constitution they had written. In *The Odyssey*—Christopher Nolan’s blockbuster film based on the ancient Greek epic poem—social and political norms are at the center of the conflict that drives the story. Join Dr. Matthew Thornburg and Dr. Brian Carso as they discuss the film and the lessons it reveals about our constitutional order.
