## Personal Electronic Devices in School

New Jersey's new statewide electronic device policy mandates a "bell-to-bell" ban on the non-academic use of cellphones and internet-enabled devices (like smartwatches and FitBits) in K-12 public schools during the school day.

*If a student chooses to bring a personal electronic device to school, which includes watches, Smartwatches, FitBits, etc. of any kind that can receive texts/emails/access to the internet, the device must remain stored in the student locker for grades 5-8 and in the backpack/cubby area for grades K-4. The device must remain in the OFF position until the end of the school day. Lastly, the use of camera or video technology is strictly prohibited during school hours. The Maywood School District is not responsible for the loss and/or theft of any electronic device that a child chooses to bring on to school grounds.*
