ADMINISTRATIVE DISCUSSION ITEMS, PRESENTATIONS, AND UPDATES

- A. Special Board of Education Meeting set for September 29, 2026, at 3:15 p.m. at Wadsworth High School.
- B. Discussion: Fiscal Precaution Status.

The District was notified by ODEW that we are not required to submit a fiscal precaution plan since the [projected FY 2029 deficit is less than 5% of our appropriation revenue]. If the deficit in FY 29 is still projected in February with the next forecast update, regardless of the amount, we will be required to submit a plan. Dr. Hill outlined the District's reductions, totaling \$4+M at the start of the 2026-27 school year. If the levy does not pass in 2026, the District needs to evaluate what the next round of reductions will be. The current fiscal precaution plan includes changing transportation to state minimum standards. The survey administered by the District will be used to guide the discussion of additional reductions, including, but not limited to, mental health, extracurricular activities, technology resources, electives at WHS, gifted services, class size, neighborhood elementary schools, character education, and transportation. Mr. Beeman shared that if the income tax fails in 2026, the District will lose a year of collection, as anything proposed in 2027 would not be collected until 2028. At a minimum, an additional \$2.8-3.0M would need to be reduced. Tom Fisher shared that the Board needs to outline what things would look like next school year. Jill Stevens stated that the level of services we provide has always been, and will remain, up to our community. The Board needs to understand the cost of some of the items discussed to evaluate what reductions will be made. Julie Batey asked for a list and price of high-ticket items for review at the 9/29/2026 meeting. Tim Beck shared that other schools in the area have announced reductions and mentioned the cuts Strongsville outlined recently. Tim Beck noted 15 areas that will need to be reviewed, including transportation, extracurriculars, the arts, gifted, electives, graduation requirements, and all-day kindergarten. We need to be realistic with our community, and a reality we must face and address. Tim reminded us that the core problem is that we are not receiving adequate State funding as we have in the past, and the percentage provided continues to decrease. Dr. Hill proposed sending out a follow-up survey with results prior to the 9/29/26 meeting. Jill Stevens and Julie Batey encouraged the District to continue to share positive, fact-based information with our community. Jill Stevens further reminded the Board that the school is the focus of the community. The District continues to be transparent, but with a very difficult subject. Tom Fisher, as a realtor, stated that Wadsworth has a strong real estate market because of the services provided, including schools.
