

September in 4th Grade

Reading

We are off to a great start. Students are starting our first reading unit, The Great Heart. Students will learn how the heart works physically and explore what it means to have a 'great heart'—showing empathy, courage, and generosity—through stories and art. This unit will go through November.

Math

Our first math unit is multiplication. The students are working to be able to rapidly recall their facts and be able to apply their knowledge of multiplication to solve and use division problems. Any help with memorizing the multiplication facts at home would be very helpful! Students will take a 5 minute multiplication test weekly.

Advanced word Study

Closed Syllable Type

(including CVC, digraphs, & beg/end/triple consonant blends)

VCe Syllable Type

Open and Closed Syllables

Science/ Social Studies

Our first unit in Social Studies is cooperation. It will focus on learning about teamwork, fairness, history heroes, and how leaders are chosen!
