SCAPPOOSE SCHOOL DISTRICT

MODEL HEALTHY AND SAFE SCHOOLS PLAN

Introduction

In 2017, the Oregon State Legislature passed SB 1062, which requires that, every school district, education service district, and public charter school develop a Healthy and Safe Schools Plan (HASS Plan). Each organization's HASS Plan has specific requirements that must be included for the HASS Plan to comply with state law. All HASS Plans are due to the Oregon Department of Education by July 1, 2019. Additionally, each school district, education service district, and public charter school is required to certify annually that the organization continues to comply with the requirements of the HASS Plan by filing an Annual Statement. The following is the plan developed by Scappoose School District 1J to comply with these requirements.

The HASS Plan must contain the following requirements:

1. Contact information for the person responsible for maintaining the HASS Plan;
2. Contact information for the designated IPM Coordinator;
3. Contact information for the person responsible for maintaining AHERA information;
4. A list of all buildings, owned or leased by the organization;
5. Provisions for testing for and reducing exposure to elevated levels of lead in water;
6. Provisions for addressing hazards associated with lead paint;
7. Provisions for testing and reducing exposure to asbestos;
8. Provisions for testing and reducing exposure to radon;
9. Provisions for complying with state Integrated Pest Management (IPM) laws;
10. Provisions for installing carbon monoxide detectors according to the state building code; and
11. Provisions for posting testing results for all required testing.
