SCORE Presentations

On Wednesday, May 20, MERHS seniors presented their 5-week internships to faculty, staff, and students.

Students reflect on the meaning of their SCORE internships:

Lila Brady taught at the Liza Indiciani Studio of Dance in Beverly:
"This project was super important to me because I'll be majoring in dance in college, and I'll also be on a dance team. I also started [dancing] at this studio when I was three years old--I competed there for 10 plus years. It was a very full circle moment: I got to do things from the other perspective; I had always been a student, so now I get to teach and assist. It grew my love for dance, and now I get to pursue a future in that."

Aaron Crompton was a recruiter for the Massachusetts National Guard:
"It means a lot to me because it feels like I'm giving back to an organization that has given me so much already, and I'm just starting my career. I can help out other people...who have always wanted to serve their country, and I can provide that opportunity for them.

Nate Clements worked for Keolis, which operates the MBTA:
"I've always wanted to do this because I love trains, and this is a gateway in, and I can climb the corporate ladder from here. I had a lot of fun, and I'm still working there."

MERHS seniors also received excellent feedback from their internship supervisors, with some students being offered more hours or full time jobs:

Cia Donohoe was promoted during her time working for Manchester Harbormaster, Bion Pike:
"Cia always works hard for the town. We are promoting her to head dockmaster this season...Cia continues to impress"

Zac Carvalho worked with Evan Kovacs at Marine Imaging Technologies, LLC:
"My company has had nearly 20 interns over the years, and I can honestly say that Zac was light years above them all...Well done in training these students!"
