

Hello! I'm Ms. Byers! I am very excited to begin another year here at CVE! I can't believe I began my teaching career in Coquille fifteen years ago! I teach sixth grade Humanities (a combination of English Language Arts and Social Studies). I also have the privilege of advising our school yearbook, a student-led project that gives learners a chance to showcase their unique perspectives!

In my classroom, I encourage creativity and give students opportunities to think in new and innovative ways. My focus is on preparing students for real-world success by helping them build skills they can carry with them long after the sixth grade. My hope is that my students discover that learning can be fun and that reading can be something they genuinely enjoy, not just something they have to do.

Outside of school, I enjoy spending time with my family and pets. I love being outdoors, spending time in my yard and greenhouse or spending the day at the river. I also love cooking, going to the beach, reading, and finding little opportunities to be creative. And of course when I get the chance, sneaking in a good nap!
