

Hello CVE Eagles and families! I'm Mrs. Ekelund and I teach Reading Intervention. I work with children in grades 2 through 6 who need to improve their phonics, fluency and comprehension in reading.

I graduated from the University of Montana-Missoula with a Bachelor's degree in Health and Human Performance with an emphasis in teaching. Later, I earned my Elementary Endorsement, Reading Endorsement and Master's degree from Southern Oregon University. I have taught Reading Intervention since 2005 (20 yrs!) I've worked with K-6 students at Lincoln, CVS, CVIS and CVE. I really enjoy helping children succeed!!!

My husband is Mr. Ekelund, the 6th grade Science teacher at CVE. Together, we have 4 children: Cayanne (& Johnny) live in Coquille.

Rhiannon (& Makala) live in Springfield. Cort also lives in Springfield and Ellie lives in Albany. We became grandparents for the first time this year: We have 2 precious granddaughters, Maeve & Masyn. Away from school, I enjoy hanging out with my husband, baking, gardening, playing with my dog, Rogue, reading and spending time with the babies & my family!
