STANDARDS-BASED TEACHING AND LEARNING (SBTL)

Dalat implements Standards-Based Teaching and Learning (SBTL) across all programs to fulfill our mission of educating students for life. This approach emphasizes individualized learning and empowers students to take ownership of their educational journey.

Students are assessed on individual learning standards within each course. Our proficiency scale consists of five levels: Extending, Proficient, Developing, Approaching Developing, and Beginning. Each standard receives a point value based on proficiency level, and the course GPA is calculated by averaging all standard point values.

DALAT PROFICIENCY SCALE DESCRIPTORS

EXTENDING (4.0)	In addition to the 'Proficient' level, demonstrates in-depth understanding and application of the expected learning target. "I could teach this to a peer."
PROFICIENT (4.0)	Consistently demonstrates understanding of the expected learning target without assistance. "I can do it on my own."
DEVELOPING (3.0)	Mostly meets the expected learning target, but requires occasional assistance. Demonstrates good understanding of most aspects of the standard, though may need some help with complex portions. "I can do most of it on my own, but I need help with the harder parts."
APPROACHING DEVELOPING (2.0)	Partially meets the expected learning target, but needs frequent assistance. Demonstrates some basic understanding but struggles to consistently perform tasks without help. "I can do some of it, but I also need help."
BEGINNING (1.0)	Displays limited evidence or only initial understanding of the expected learning target. May demonstrate something with significant help. "I need a lot of help with this."
NO EVIDENCE (0.0)	No work submitted or assessment completed.

TRANSCRIPTS

For transcript purposes, the GPA for each course is converted into a traditional letter grade using the following scale.

A	3.71-4.00	B	2.71-3.00	C	1.71-2.00
A-	3.31-3.70	B-	2.31-2.70	C-	1.51-1.70
B+	3.01-3.30	C+	2.01-2.30	F	0.00-1.50
