Course Levels

Advanced Placement (AP)

Middleborough High School offers 19 Advanced Placement courses. These courses are for students who are willing and able to apply themselves to college-level studies. The course work is considered college-level preparation, carries additional weight in computing grade point average, offers the opportunity to earn college credit, and is designated to be rigorous and challenging. Colleges may grant credit, placement, or both to students who score a 3, 4 or 5 on the AP tests administered in May. All of the Advanced Placement Programs are within the guidelines of the College Board with local curriculum control. Students interested in pursuing Advanced Placement courses must understand that in order to receive credit for Advanced Placement level, they are required to take the Advanced Placement exam in May.

Honors (H)

Students who select courses within this pathway must understand that this is a rigorous college preparatory level. It is designed for students who demonstrate high academic achievement through a combination of motivation and aptitude. Honors courses contain considerable enrichment and acceleration. Instruction meets and exceeds all current mastery standards and benchmarks described in the district curriculum and/or state frameworks. These courses emphasize higher-order thinking in analysis, synthesis, and evaluation. An Honors student must be able to work independently on multiple tasks at a given time. This student goes beyond defining, summarizing, and organizing large bodies of knowledge; and can successfully and actively analyze and develop skills of synthesis and criticism. This individual must be personally organized, disciplined and committed.

College Preparatory (CP)

The depth and design of instructional delivery is geared towards preparing the student for the expectations and level of rigor of a four-year college or university. Instruction meets and exceeds all current mastery standards and benchmarks described in the district curriculum and/or state frameworks. A College Prep student is able to move from more structured learning tasks to independent active learning. This student must be able to define, summarize, and organize large bodies of knowledge, and needs to be able to analyze problems and to develop the skills of synthesis and criticism. All courses in this Program of Studies are college preparatory unless identified as Honors (H), Advanced Placement (AP), or certain courses within the Physical Education Program.

Attendance

Daily School Attendance

The doors to MHS open at 7:00am each school day. School begins at 7:20AM and concludes at 1:50PM unless otherwise noted. Students who fail to arrive to their first block class by the 7:20AM bell are considered tardy to school and must get a pass from the main office.

Tiered Interventions for unexcused tardies to school and unexcused dismissals from school:

- Five to Seven (5-7) unexcused tardies/dismissals in a quarter: Parent/Guardian notified via ParentSquare or Aspen about excessive tardies/dismissals and upcoming interventions; encouraged to contact school counselor or administrator if assistance needed.
- Eight to nine (8-9) unexcused tardies/dismissals in a quarter: Student receives one (1) 60-minute Administrative Detention for each occurrence. Administrator calls home to inform parent/guardian and warns that a 10th tardy/dismissal results in social probation.
- 10 or more unexcused tardies/dismissals in a quarter: Student placed on Social Probation (suspension of all co-curricular activities—dances, sporting events, student council, clubs, etc.) until successful completion of Attendance Buyback. Parent/guardian notified.

****14 or more unexcused absences you will lose credit for full year courses**

***7 or more unexcused absences you will lose credit in semester courses**
