TFMS Families,

Things are off to a wonderful start to the school year. After getting to see many of our classrooms, I can't say enough about how proud I am of our teachers and our students with the work they are doing every day. We are working collectively here at school towards transition readiness for all of our students. As a reminder, Transition Readiness encompasses the following goals:

- 2.8 GPA or higher
- Students being engaged in a meaningful activity (club, sport, or extracurricular)
- Students meeting benchmarks for literacy and numeracy
- 90% attendance or higher

If you are still looking for ways to get your child involved at school, please check out our [Activities and Athletics page](#) for more information. Parents, if you are looking for dates and information, we encourage you to check out our [school calendar website](#) with important dates and times!
