Please see below Answers to Questions received regarding this solicitation

Contactor proposes to serve as prime contractor, retaining responsibility for billing, compliance, subcontractor management and overall performance. A qualified, licensed hauler would provide all collection, disposal, vehicles, equipment and local operations.

Could you please clarify the following?

Q1. Would the District accept this structure with prior written subcontractor approval, and would the hauler's personnel and equipment satisfy the requirement on page 16?

A1. The district would prefer to contract with one vendor for the provision of all services under this contract for continuity of quality, accountability and safety.

Q2. Is NYSDOL contractor registration required for this refuse-services contract? If so, must both DWP and its proposed subcontractor submit proof with the bid?

A2. DOL Certification is required for all public works contracts in the state of New York.

Q3. Would the insurance commitment letter permitted on page 8 satisfy the page 26 submission checklist, with final coverage in place before work begins?

Lauren Leone, CPPB Purchasing Agent, 632 South Bedford Road, Bedford, NY 10506, 914-241-6194. lleone2551@bcsdny.org

A3. Yes

Q4. Must DWP itself hold any waste-hauling license or waste-broker registration, beyond the qualifications held by its subcontractor?

A4. As the District would prefer to contract with one vendor for the provision of all services under this contract, this is not applicable.
