

Building the Bridge to Inclusive College for Students with INTELLECTUAL AND DEVELOPMENTAL DISABILITIES

Join the PK-12 BRIDGE TO INCLUSIVE COLLEGE
Community of Practice (CoP)

Currently, there are over 20 inclusive college programs located throughout California, and these programs are growing. Unlock your student's potential to access and attend an inclusive college program during this community of practice. Together, we will connect with statewide partners, learn about available postsecondary opportunities, and explore evidence-based transition practices focused on students with extensive support needs.

Series Goals

- Learn strategies for preparing students for inclusive college
- Explore and apply evidence-based transition frameworks
- Connect with statewide networks and post-secondary programs
- Leverage Self-Determination and Person-Centered Planning
- Connect practical strategies to real classroom needs

Virtual Zoom Session Dates:
