Planning a Year in Data Reporting

The task of accurately reporting the mountainous amounts of data that is required can be daunting for even the most seasoned District Data Coordinator. This guide is intended to be used by district staff responsible for reporting, verifying, and certifying required state data. It is not designed to be a tool for how to load and lock various extracts, but rather act as a timeline for when data are due throughout the year.

The primary purpose of this manual is to offer a roadmap of what data should be reviewed during specific months, and when deadlines are **typically** set by the New York State Education Department. It will also offer best practices to help verify that your district/school data are as accurate as possible. It is important to note that the State Education Department often adjusts or extends timelines/deadlines throughout the year. This guide is meant to help you set a pace for the year, rather than being a definitive manual of specific deadlines.

To see specific published dates and deadlines, please refer to the New York State Education Department's Office of Information and Reporting page at:

<http://www.p12.nysed.gov/irs/>

****Please note that there may be Level 0 loading deadlines listed in this manual that are specific to Suffolk County districts. Each Regional Information Center has its own weekly deadlines for locking and loading data****

Planning a Year in Data Reporting

It is always good practice to try and set a culture in your Local Education Agency (LEA) that **data verification is a process, not an event**. The process of accurately reporting data requires the involvement of multiple key staff in the LEA (ex: Special Ed. Directors, Personnel Directors, Building Principals, Assistant Principals, etc.). Reviewing data throughout the year on an ongoing basis will help best ensure your LEA's data is as current and accurate as possible.

The School Year

Keep in mind that although most people believe the school year begins with the opening of school in September, the school year actually begins on July 1st of any given year. Although the school year officially begins on July 1st, most of July and August are spent verifying and certifying data from the previous year. The actual loading and verifying of current year data generally begins in September. Therefore, for the purposes of this guide, we will begin with September and review all reporting reminders through August.

Monthly Review

Before we look at each month individually, there are some data reports for which it is good practice to review on a regular basis throughout the year. These reports will help ensure data are accurate and current, and will allow District Data Coordinators an opportunity to fix errors regularly as they occur.

Level 0 Dashboard and Information Reports

Reviewing the **Level 0 Dashboard Summary and Information Reports** will allow users to regularly check for errors in all data categories. This report will display import errors, verification errors, valid record counts, locked status, as well as the date of last import, update, and upload.

NYSSIS - Queue Resolution List

NYSSIS stands for the New York State Student Identification System. The **NYSSIS – Queue Resolution List** (also referred to as NYSSIS Hold Queue) is where current school year student records submitted to the New York State Education Department end up when it could not be decided if:

- the current school year student record is a match to a previously submitted student record, or
- the current school year student record is being submitted for the first time, which means it is new to the NYSSIS system.

LEAs should review their NYSSIS queue regularly and determine if the student record listed is a match with other candidates presented.

Level 2 Error Reports

LEAs should regularly check **Level 2 Error Reports** which indicate data that have successfully been loaded to Level 0, but due to an error, did not reach Level 2 and therefore have gone unreported to the State Education Department.

Level 2 errors are reported in most data categories and can be located via L2RPT.

UIAS Reports

Unique Identifier Audit System Reports (UIAS) are a series of reports that should be reviewed throughout the year, but paid very close attention to when verifying dropouts and graduates.

These reports can indicate that students reported as a dropout (which will count negatively in regards to the district's graduation rate) have been enrolled in another location. Under this circumstance, a student's exit enrollment record can be changed to reflect an accurate exit reason.

UIAS Reports are located in L2RPT via the **SIRS-701 UIAS Summary Report**. The intent of the UIAS SIRS-701 Summary Report is to help LEAs promote data quality and integrity by running a series of tests on select business rules governing proper use of enrollment and location codes in student records.

There are currently four broad categories of UIAS use cases:

- **Disappearing Students (DS):** Students expected to be continuously enrolled in a given location (an "empty" exit code value in the prior year enrollment record), but with no re-enrollment in that location in the new school year
- **False Dropouts (FD):** Students exited as dropouts but who may have subsequently reenrolled (within a given time frame or in a qualifying location) that would then suggest the dropout code be replaced with a more appropriate exit code
- **False Transfers (FT):** Students who were coded as having transferred to a new location but appear not to have re-enrolled under the requirements for that particular type of transfer (or, rarely, were reenrolled in the original location – i.e., did NOT transfer – but with no appropriate change in exit code)
- **Simultaneous Enrollments (SE):** Students who appear to be inappropriately enrolled in multiple locations.

¹ For further information on any of the forms or data in the above table, please visit IRS Special Education's data collection requirements page located at: <http://www.p12.nysed.gov/sedcar/data.htm>

² The VR7 and VR9 are provider reports that do not require certification.

³ All districts are required to submit and certify data for these indicators. See the schedule of submission to find the school year in which your district will be monitored for these indicators: <http://www.p12.nysed.gov/sedcar/sppsched2017-2025.html>

⁴ Please note for all due dates in red: Enrollment, demographic, assessment (including COSF), Special Education Snapshot (EOY) and disability program service records for those students who are potential submission records for the VR 11-16 reports must be migrated to the Level 2 Student Data Repository no later than **August 21, 2026**. Data is to be reviewed in the PD data system using the 'List of Potential Student Records' to determine that all students eligible to be included in these reports are included with accurate information. The L2 data repository **will be frozen after August 21, 2026**. No new data or changes to data will be allowed for enrollment, demographic, assessment, special education snapshot and disability program service records after this date. Only Special Education Events and Assessment (including COSF) will be updated after August 21, 2026.

SEPTEMBER

The school year is under way, the previous year's data has all been verified and certified, and you're ready to start reporting for the current year. Where should you start?

Data from Prior Year

Although it is true that after certifying all L2RPT end of year reports in early September you are done with most of the data from the previous year, you can not quite move on from it just yet. There are two data elements that are typically certified in the current year based on the previous year's data:

- ***Special Education Reports VR 11, VR 12, and VR 14 must be certified in the PD System by September 22, 2026. The deadline to load these data in Level 0 is Thursday, September 17, 2026.***
- ***Staff Evaluation scores and ratings are due to be loaded in Level 0 by Thursday, October 15, 2026. These data need to be certified by Friday, October 23, 2026.***

Special Education Reports VR 11, VR 12, and VR 14

The **Special Education VR 11, VR 12, and VR 14 Reports** are populated through the Special Ed. Events Extract, which is pulled from the LEAs Special Education Management System. The Special Ed. Events Extracts for the previous year can still be loaded in Level 0 until the load deadline (for Suffolk, the Thursday prior to certification), however demographic, enrollment, and program service data needed to be loaded for reported students prior to the previous year's deadline in late August.

All districts must certify the **VR 14 Report**. Only those districts required to submit **Federal Indicators #11 (VR 11) or #12 (VR 12)** are required to certify those reports.

All verification and certification of these reports are done via the PD System. You must have specific SEDDAS rights that are provisioned from your CEO to view and/or certify these reports.

SEPTEMBER

Data from Prior Year

Staff Evaluation Reporting

Staff Evaluation scores and ratings are loaded to Level 0 using the Staff Evaluation extract from your Human Resources System. The deadline to load Staff Evaluation data is **Thursday, October 15, 2026.** Districts and schools should verify accuracy by reviewing the **SIRS-365 Staff Evaluation Rating Verification Report in L2RPT.**

SEPTEMBER

Once Special Education VR 11, VR 12, and VR 14 and Staff Evaluation data has been certified for the previous year, LEAs should start beginning to load Staff and Student data for the current year in Level 0.

Data for Current Year

Demographic, Enrollment and Program Data

Once Level 0 opens for the new school year in late September, LEAs should begin loading demographic, enrollment, and program services data for 2026-27. August graduates cannot be reported without a demographic record for a given student.

August Graduates and Regents Exams

Late September is a good time to start loading **August graduates**, as well as your LEA's **August Regents** results. Accurate reporting of August graduates is extremely important as these students count as graduates in the four- and five-year total cohort graduation rate. These graduation rates help set accountability determinations and are released publicly via the NYS report card. The deadline to load August graduates is **Thursday, October 15, 2026**.

The best place to verify the accuracy of **August graduates** is via the **SIRS-308 Annual Graduation Report** in L2RPT.

If multiple administrations of the same assessment were taken, the assessment on which the student earned the highest performance level is displayed.
**Includes students reported with a valid score on a Regents assessment even if they were also reported with an exemption for that assessment.
***Public Health Emergency (PHE) Exempt is the total count of students reported as Exempt for the assessment, whether or not they also took the Regents examination.

Once settled into the new school year, mid to late September is a good time to start loading basic student data to Level 0, which includes:

- *Demographics (Student Lite)*
- *Enrollment (Student Entry/Exit)*
- *Program Services*

Often, many errors are present in demographic, enrollment, and program service data the first time loading to Level 0 for the current year. Loading these data in mid to late September will allow ample time to clean up errors as other deadlines approach throughout the year.

Computer Based Testing – Nextera Admin Flip

In mid to late September, NYSED opens the Nextera platform for the new school year. At this time, all data from the previous year is removed. Only the Superintendent and District Test Coordinator (DTC) will have access to the platform. A welcome email will be sent from Nextera to the District Test Coordinator. This account will allow the DTC to set up other users.

BEDS DAY

The school year is in full swing and we are approaching BEDS Day. BEDS Day is always the first Wednesday in October (**October 7th for 2026-27**) and is an important day on the reporting calendar. For State Aid and BEDS enrollment purposes, the student will always be counted in the district in which the student resided on BEDS Day of the reporting year.

If you have not done so already, October would be an essential time to begin loading the following:

- *Student Demographics*
- *Student Enrollment*
- *Student Program Services*
- *August Graduates*
- *August Regents Exams*
- *Staff Snapshot*

Staff Evaluation – Data from Previous Year

Under Education Law 3012d, all LEAs are required to submit Staff Evaluation data. All teachers and principals must have **both** student performance and observation scores reported based on the LEA's approved APPR Plan. State provided growth scores may no longer be used as part of a staff member's evaluation.

The deadline to submit Staff Evaluation data is **Thursday, October 15, 2026**. As referenced in September, Staff Evaluation data is verified via the **SIRS-365 Staff Evaluation Rating Verification Report** in L2RPT.

Staff Evaluation Certification

The form for certifying Staff Evaluation data is located in [SED Monitoring](#), which is the same location as where an APPR plan is submitted. The CEO and anyone else who has been granted access to the APPR plan should be able to view the form.

The last day to load Staff Evaluation data is **October 15, 2026**.

2018-19 Statement of Confirmation of Staff Evaluation Rating Verification Report

The form should be completed and submitted by October 25, 2019.
For additional information on the submission and certification of staff evaluation data, please see the [Resources for Closeout of 2018-19 APPR page](#) on EngageNY.

This form serves two purposes:

1. to certify Staff Evaluation data; and
2. to submit any educator who was subject to evaluation under Education Law §3012-d, but for whom no staff evaluation data was submitted.

Please keep copies of the confirmed 2018-19 Staff Evaluation Rating Verification Report on file.

If necessary, use the 'Educator Entry' section of this form to provide information for educators who were subject to evaluation under Education Law §3012-d, but for whom no staff evaluation data was reported.

Certification of Staff Evaluation Data

I have reviewed the Staff Evaluation Rating Verification Report(s) which were generated using L2RPT on the date indicated in the table below for my LEA. I understand that the report(s) were generated from data in Level 2 of the Student Information Repository System. I also understand that data submitted by my Level 1 to Level 2 as of October 18, 2019 is the final submission for Staff Evaluation Rating data.

Enter the date on which you viewed the 2018-19 Staff Evaluation Rating Verification Report in L2RPT (SIRS-326). *

Report Title: date

Choose the option that best characterizes your staff evaluation data. *

Report Title: option

☐ Option 1: I confirm the accuracy of the staff evaluation data on the SIRS-326 report as of the date identified above.

☐ Option 2: I cannot confirm my data, but I understand that the deadline for making corrections to staff evaluation data has passed and that teachers/principals in my district/BOCES were evaluated using this data.

Educator Entry

The table below provides space for a district/BOCES to provide information for educators who were subject to evaluation under Education Law §3012-d, but for whom no staff evaluation data was reported.

List any educator(s) for whom Staff evaluation data was not submitted, but who were subject to evaluation under Education Law §3012-d.

Staff Snapshot

Staff Snapshot is an extract pulled from the LEAs Human Resources System and loaded in Level 0. This record is essentially the equivalent to a “demographic” record for all certified staff. It is important that Staff Snapshot be loaded early in the year, as no other staff data can be loaded prior to Staff Snapshot.

Staff Snapshot records should be verified via the **SIRS-320 Staff Snapshot Verification Report** in L2RPT.

The certification match process will be run weekly in SIRS and the data can be reviewed using the **SIRS-328 Staff Out of Certification Report** in L2RPT. Updated and corrected data in Course Instructor Assignment will be reflected in the SIRS-328 report. Teachers who do not have the appropriate certification for the reported course will be deemed to be teaching out of certification.

All 3-8 Testing – NYSED Online Exam Request Website Opens

In early to mid-October, NYSED opens the online exam request website. School principals will be responsible for ordering 3-8 ELA, Math, and Science exams through this system. Principals must order exams for both Paper-based and Computer-based formats. The deadline to order exams is typically some time in November.

Special Education Student Reporting

LEAs should begin loading their **Special Education BEDS Day Snapshot** records in Level 0 sometime in late October or early November. This extract is pulled from the Special Education Management System. This specific extract is referred to either as the BEDS Day Snapshot, Fall Snapshot, or October Snapshot. Data in these extracts will be used to populate the following **BEDS Day VR Reports (VR Reports 1-6, & 8)**:

- *VR 1: Preschool Child Count Report by Race/Ethnicity*
- *VR 2: School Age Child Count by Age and Disability*
- *VR 3: School Age Students by Disability and Race/Ethnicity*
- *VR 4: Preschool LRE Setting Report*
- *VR 5: School Age LRE Setting Report*
- *VR 6: District Report of Preschool Students by Primary Service Provider*
- *VR 8: District Report of School Age Students by Building Where Enrolled*

The deadline to load data to support the BEDS Day VR Reports is **Thursday, January 14, 2027** Certification of these data is done through the PD System, with a deadline of **Tuesday, January 19, 2027**. The PD System refreshes daily so LEAs will want to load data early enough to make corrections as needed.

No new data or changes to data will be allowed for enrollment, demographic, assessment, special education snapshot and disability program service records after this date. Only Special Education Events and Assessment (including COSF) will be updated after August 21, 2026.

Student Digital Resources Data Collection

The Student Digital Resources data collection via SIRS is structured to provide a survey to parents as the critical first step in collecting student-level data. The student-level information will replace the Technology questions 8B and 8D previously collected as part of the Basic Education Data System (BEDS) Institutional Master File (IMF) BOCES, Public and Charter School Forms. The school and educator Digital Equity information will continue to be collected as part of the BEDS IMF.

LEAs are required to submit collection data in Level 0. The method by which LEAs collect data is a district level decision. Districts should have preliminary data loaded by **January 21, 2027**

2021-2022 Digital Equity Survey	
Student _____	District _____
Collecting an accurate picture of the digital resources for our New York students will greatly help educators to better serve our students and families. In order to accomplish this, the New York State Education Department is asking parents to complete a Digital Equity survey (for each student in the family) in grades Kindergarten - Grade 12. This survey will provide information on student access to devices and internet access in their places of residence. To assist us in this process, please answer each question below and follow any additional instructions provided for submitting or returning the survey. Thank you for your time and cooperation. Use blue or black ink.	
1. Did the school district issue your child a dedicated school or district owned device for their use during the school year?	☐ Yes ☐ No
2. What is the device your child uses most often to complete learning activities away from school? (This can be a school-provided device or another device, whichever the student is most often using to complete their schoolwork.)	☐ Desktop ☐ Chromebook ☐ Laptop ☐ Smartphone ☐ Tablet ☐ No Device
3. Who is the provider of the primary learning device identified in question 2? (This can be a school-provided device or another device, whichever the student is most often using to complete their schoolwork)	☐ School ☐ Personal ☐ No Device
4. Is the primary learning device (identified in question 2) shared with anyone else in the household?	☐ Shared ☐ Not Shared ☐ No Device
5. Is the primary learning device (identified in question 2) sufficient for your child to fully participate in all learning activities away from school?	☐ Yes ☐ No
6. Is your child able to access the Internet in their primary place of residence?	☐ Yes ☐ No
7. What is the primary type of internet service used in your child's primary place of residence?	☐ Residential Broadband ☐ Dial Up ☐ Cellular ☐ DSL ☐ Mobile HotSpot ☐ Other ☐ Community Wi-Fi ☐ None ☐ Satellite
8. In their primary residence, can your child complete the full range of learning activities, including video streaming and assignment uploads, without interruptions caused by slow or poor internet performance?	☐ Yes ☐ No
9. What, if any, is the primary barrier to having sufficient and reliable internet access in your child's primary place of residence?	☐ Availability ☐ Other ☐ Cost ☐ None

Student Daily Attendance and Day Calendar

In late fall of 2020, the New York State Education Department introduced new requirements for districts involving the reporting of Student Daily Attendance. For every instructional day reported on the Day Calendar, LEAs are now required to report both positive and negative attendance for all students in Level 0. There must be an attendance record for every student on all instructional days. In addition to an attendance record, LEAs are also required to report a student's modality as remote, in-person, or both. Failure to report a record (missing data) will default in an absence on that day.

Prior to student attendance being reported, the Day Calendar extract must be loaded from your Student Management System to Level 0. The Day Calendar reports all instructional days for a given district and/or school. This calendar can be verified via the **SIRS-370 Day Calendar Summary Report** in L2RPT.

Day types "Public health/inst" and "Public health/no inst" are not included in any chronic absenteeism or suspension calculations in 2019-20 SY. In subsequent years, "Public health/inst" are considered instructional days and therefore included in those calculations.

Throughout the year, LEAs should review Level 2 Attendance Reports to track summary and detailed student attendance. Districts should monitor these reports for ongoing chronic absenteeism counts.

SIRS-361 Year-to-Date Attendance/Absenteeism Verification Report

This report provides, by grade and by student subgroup, a year-to-date summary of attendance days, students enrolled during the school year, the number and percentage of students absent between 0-4% of enrolled school days, 5-9% of enrolled school days (at-risk of becoming chronically absent), and 10% or more of enrolled school days (chronically absent).

ELL STUDENT DATA PULL

NEW in 2026-27! The deadline to report **ELL students** is **Thursday, Oct. 29th at 5:00 pm**. This data will be used to populate the new testing system for ELL students, WIDA Access, that has replaced the NYSESLAT.

November

NYSAA Testing

If you have not yet loaded Program Service data in Level 0, it is essential that LEAs begin loading these data extracts, specifically for those students that are **NYSAA (New York State Alternate Assessment) eligible**. The deadline to load NYSAA eligible students (0220) in Level 0 for population in KITE (online platform where NYSAA exam is administered) is **Thursday, November 5, 2026 at 5:00pm**. **New for 2026-27**, this data will continue to be updated throughout the year.

NYSAA and ELL eligible students and can be verified by reviewing the **SIRS-401 Reasonableness Report** in L2RPT.

Institutional Master File (IMF)

The deadline for districts and schools to submit the **Basic Educational Data System (BEDS) Institutional Master File (IMF) application** is **Friday, November 13, 2026**. All LEAs are required to submit both a district form, as well as school forms, for each individual school in their district. The IMF application is submitted through the IRS Data Exchange (IDEx).

District Name and Code

--

This paper form should not be returned to SED.

This paper form must only be used for the local gathering of data. Data represented in this form are required to be submitted to SED via the On-line BEDS IMF Application. Your district's BEDS Coordinator or Superintendent will have details for entering data into the On-line BEDS IMF Application and your district's protocol for doing so.

Children Instructed at Home

1. Are there children of compulsory school age in this district being educated at home by parents or a parent-employed tutor? Do not include children receiving home- or hospital-bound instruction by the district or BOCES. (Read complete definition in the instructions before completing this item.) Yes ☐ No ☐

Graduation Exam Requirements

November is a good time to work with the High School administration and guidance counselors to help determine which exams students may still need to pass in order to meet specific diploma requirements. Reviewing this information early in the year will help to determine if students need to take specific exams in January or June.

By reviewing the **SIRS-340 Graduation Exam Requirements Summary Report** in L2RPT, the LEA can view students by location, grade, cohort, and guidance counselor. This report is to be used for informational purposes only and is not intended to be prescriptive. This report displays all exam requirements met and those that may qualify for an appeal. **It does not take course credits into account, nor does it ensure that a student has met all criteria for an appeal.** Exam data on this report only reflect the highest score for each exam.

Special Education Reporting

If not already done, LEAs should load their **Special Education BEDS Day Snapshot** records in Level 0. Data in these extracts will be used to populate **BEDS Day VR Reports (VR Reports 1-6, & 8)**. November and December are the time when District Data Coordinators should be working with the district's Special Education or PPS Director to verify the accuracy of the VR Reports 1-6 & 8, as the deadline to load the BEDS Day Special Education Snapshot is **January 14th**. The deadline for these data to be certified in the PD System is **January 19th**.

Staff Data

The NYSED annual teacher certification match process uses data supplied directly in SIRS through the Course Instructor Assignment extract, and data held in the NYSED teacher certification database.

The certification match process will be run weekly in SIRS and the data can be reviewed using the **SIRS-328 Staff Out of Certification Report** in L2RPT. Updated and corrected data in Course Instructor Assignment will be reflected in the SIRS-328 report. Teachers who do not have the appropriate certification for the reported course will be deemed to be teaching out of certification.

If not already done, Staff Snapshot and Staff Assignment records should be loaded and review of Level 2 reports should begin. Preliminary Staff Snapshot and Staff Assignment data are due on **November 12, 2026**.

BEDS Day Reports

Based on data that has been loaded in Level 0 through your demographic, enrollment, and program service extracts, begin reviewing reports in the **BEDS folder** in L2RPT. Each BEDS Report has two versions. The regular report updates all year as data is updated in Level 0. The reports that end in .1 are BEDS reports that display data from a given snapshot date.

To be included in the BEDS enrollment count, a student's beginning enrollment date must be on or before BEDS Day (**Wednesday, October 7th**), and the ending enrollment date must be on or after BEDS Day.

BEDS Day Enrollment

Begin reviewing BEDS Day Reports for enrollment accuracy. This is an ongoing verification process that should be done throughout the year; however the earlier verification is begun, the easier it will be to make corrections later in the year. SED performs periodic pulls of these data during the year for preliminary state aid calculations, the first of which is **January 7, 2027**.

The **SIRS-312 BEDS Day Enrollment Verification Report for State Aid** should be reviewed for resident students who are enrolled outside of the district and non-resident students who are enrolled in the district.

Review the **SIRS-313 – BEDS Day Enrollment by Location of Enrollment & Student Subgroup Report** in L2RPT.

This report presents counts of students by grade (preschool and pre-kindergarten to grades 12, ungraded elementary and secondary and GED) for all students and for the student subgroups of gender, race/ethnicity, disability status, English proficiency status, and economic status.

Around this time, District Data Coordinators should start distributing these to schools for verification of subgroup counts. These counts will determine if a school or district is accountable for specific subgroups. Data in the District BEDS Total will be recognized as official BEDS grade-by-grade enrollment for all districts.

Enrollment counts will be pulled for the first time on **January 7, 2026** for preliminary state aid calculations.

Review the **SIRS-314 – BEDS Day Enrollment Verification Report by District of Residence Report** in L2RPT.

This report presents counts of enrolled students by grade and by their District of Residence. The District of Residence is the district that a school-age child is entitled to attend based on the location of the child's residence.

District of Residence is used to determine which students should be counted in the following general categories:

- Resident students enrolled outside of the district and for whom the district is paying or could be charged tuition.
- Non-resident students enrolled in the district and for whom tuition is or could be charged.

Review the **SIRS-319 BEDS Day Enrollment in Public and Charter Schools by Resident District** in L2RPT.

This report presents counts of resident students by grade and by their charter school or school district of enrollment. Schools in the District of Residence as well as schools outside of that district where a particular student is enrolled are counted. This report is provided as an informational report as charter school and non-resident student enrollment counts have financial implications for resident district student aid distribution.

Review the **SIRS - 323 Free and Reduced-Price Lunch Eligible Students Enrolled on BEDS Day Report** in L2RPT.

Free and Reduced-Price Lunch (FRPL) eligible student counts are calculated from the Student Information Repository System (SIRS). FRPL eligible student counts are calculated as of BEDS Day each school year. This report presents district and school-level counts of students by grade cluster: for Pre-Kindergarten alone; for Grades K-6 and ungraded elementary together; and for Grades 7-12 and ungraded secondary together.

FRPL counts are extremely important as they are used to calculate State Aid. They are determined by students that are FRPL eligible on BEDS Day. These counts will be pulled for the first time on **January 7, 2027** for preliminary state aid calculations.

New York State Report Cards

The New York State School Report Cards are released in stages throughout the year, the first of which is typically released publicly in December. The first release of the Report Card includes the following data: Enrollment, FRPL, Attendance, Suspensions, Staff, Completers, Non-completers, Post-graduation Plans of Completers, Regents, RCT, Total Cohort, 3-8 ELA/Math, 4 & 8 Science, NYSESLAT, NYSAA, Accountability, and Fiscal Supplements.

All NYS Report Cards are released via <https://data.nysed.gov/>

Civil Rights Data Collection

Although the Civil Rights Data Collection (CRDC) is not collection through SIRS, the collection and reporting of these data often falls under the responsibility of the District Data Coordinator. The Civil Rights Data Collection is a universal collection in which every public school district, that receives federal financial assistance from the State Education Department, is required to participate. Data that is submitted is for the prior year and is reported to the Department's Office for Civil Rights (OCR).

Each school district may begin submitting data for the 2026–27 school year to the Office of Civil Rights on **TBD**. The data submission period will end on **TBD**.

LEAs are encouraged to visit the CRDC reporting website (<https://ocrdata.ed.gov>) to access information and survey forms for the collection, and to view their school district's data. The CRDC is used regularly by OCR and other Department offices, as well as policymakers, researchers, parents, and many others in the education community.

Certified Staff that are non-Teachers

At this point, LEAs should be reviewing certified staff who are not teachers. For PMF (BEDS) purposes, all certified non-teachers are reported though Staff Snapshot and Staff Assignment extracts. The official source of Staff Assignment data should be verified through the **SIRS-318 – Staff Assignment Verification Report** in L2RPT. Typically in mid-February, Staff Assignment data is pulled for the 1st time by SED for federal reporting purposes.

Preliminary FRPL Reporting

FRPL, enrollment by grade, district of residence, and supplemental enrollment counts submitted via SIRS are collected for calculating preliminary State Aid allocations. Enrollment counts are used to create the USED ED Facts Directory, the official directory of all schools and districts for federal reporting, as a sampling frame for federal statistical studies, defines the universe for the CRDC, and populates the schools used on the FAFSA.

Total Cohort Reports

January is a good time to start reviewing **Total Cohort Reports**. These are data that basically will not change drastically for the remainder of the year. These data should be shared with key contact people in the High School to verify the accuracy of students listed in the 4-year cohort.

These reports will also offer the opportunity to review any non-completers. Since graduation rate is based on students in the 4- and 5-year cohort, inaccurate counts will affect graduation rates and could affect accountability designations.

Total cohort counts and students should be reviewed through the **SIRS-204 Total Cohort Assessment Report**, **SIRS-205 Total Cohort Summary and Career Pathways Report** in L2RPT.

February ❄️

Level 0 Historical

Early February is typically the time when Level 0 Historical opens for the loading of data from the previous year. This gives districts an opportunity to correct inaccurate data from the previous year.

Be aware that although previous year's data may be loaded into Level 0 Historical, reports at L2RPT will not update, **with the exception of the 5-year and 6-year Total Cohort**.

Student Reporting

During this month, you should continue verifying:

- L2RPT Total Cohort data (SIRS-201)
- Program Services data via the Reasonableness Report (ex: LEP/ELL/Poverty/Homeless) (SIRS-401)
- BEDS Enrollment/FRPL data (SIRS-312, 313, 314, 316, 319 & 323)

****On-going review of these reports will make end of the year verification much more manageable****

March 

UPK Data Deadline

The Office of Early Learning (OEL) will utilize a single child count date, the Basic Education Data System (BEDS) Day on October 7, 2026, to determine final UPK payments for the 2026–2027 school year. The deadline to report this data in Level 0 is **March 11, 2027 at 5:00 pm**. This represents a change from prior years, when OEL used the higher enrollment total from two designated child count dates to calculate a district's maximum UPK funding amount.

With the new UPK funding structure established in the 2027 enacted New York State budget, the number of SIRS codes used to report UPK students has been significantly reduced. The SIRS Program Codes for UPK Child Counts for School Year 26-27 are as follows:

Program Code 902 – Universal PreK Program Definition: Participation in a Universal Prekindergarten state-funded program (either half-day or full-day). PKH or PKF.

Program Code 990 – Other PreK Program Definition: Prekindergarten students NOT funded by UPK or SUFDPK money. Setting codes cannot be entered for this program code. PKH or PKF. For assistance in determining which prekindergarten funding you receive, please see the

OEL will review data via the Level 2 Reporting Environment (SIRS 316 and SIRS 333 reports respectively) and will provide outreach to LEAs with recommended PreK coding changes to maximize funding. Once contacted, LEAs will have 10 business days to correct any discrepancies. **Please note that districts should enter in UPK enrollment numbers monthly so the Department can analyze trends in enrollment to inform our decision-making and policies.**

March 

Pre-K and UPK Students

Start out by verifying the number of Pre-K and UPK students that have been reported. **Enrollment counts are collected for calculating preliminary State Aid allocations. The accuracy of these data is very important as grant funding is determined by these counts.**

Failure to report all UPK students may result in a reduction of the district's UPK grant. Two circumstances may lead to the reduction of a district's UPK grant payable for a given year.

1. If a district's enrollment on BEDS Day is less than the maximum funded pupils, the maximum grant payable will be prorated based on the number of students actually enrolled.
2. The maximum grant payable will be further reduced if a district fails to meet its Maintenance of Effort (MOE). Such reduction will be proportional to number of children less than the MOE that the district had enrolled on BEDS Day.

BEDS Day UPK Data should be verified by reviewing the **SIRS-316 BEDS Day Enrollment Verification Report for District Pre-K** in L2RPT.

March

Tested/Not Tested Reports

Late February to early March is a good time to start reviewing **Tested/Not Tested Reports**. Although these reports will not yet be populated with student scores, all students will be listed by school, grade, and subgroup. Work with key contact people at each school to make sure students are reported in the correct subgroup. When these subgroups include 30 or more students, they become an accountability subgroup and can have an impact on accountability designations.

Verify your subgroup data by reviewing the **SIRS-301 Tested/Not Tested Confirmation Report** in L2RPT.

BEDS Day Reports / FRPL Preliminary Data

Continue to regularly review BEDS Day reports in the BEDS folder in L2RPT (SIRS-312, 313, 314, 316, 319 & 323). SED will extract BEDS Day Enrollment and BEDS Day FRPL data for the second time on **March 11, 2027**. These data are used for calculating preliminary State Aid allocations. All districts need to show FRPL counts in the March snapshot to be included in the FRPL data submitted to the United States Department of Education (USED). **On-going review of these reports will make end of the year verification much more manageable.**

March 

Course and Instructor Data

Course Instructor Assignment and Student Class Entry/Exit extracts in Level 0 should be loaded by early March. These data are required for the reporting of course and staff data for state and federal purposes.

Data must be reported for all K-12 courses, unless the course has no grade/other outcome and no credit earned and the course is not reported on the student's transcript and report card.

Review Course data via the **SIRS - 330 Student Class and Course Instructor Summary Report** in L2RPT.

Students with Disabilities

Continue to review students with disabilities. Verify that all students are listed accurately with appropriate type of disability and program service codes. These data will be used to determine accountability subgroups and will be used when reporting end of the year Special Education data.

Verify students with disabilities using the **SIRS-401 Reasonableness Report** or **SIRS-301 Tested/Not Tested Report in L2RPT**.

Special Ed Events

Special Ed Events data is due on **April 15th** for the events that took place from July 1-Dec 31.

Tested/Not Tested Reports

We've officially entered testing season. If you have not already done so, review your Tested/Not Tested Reports for accuracy via the **SIRS-301 Tested/Not Tested Confirmation Report in L2RPT**. Pay particular attention to student counts within each subgroup. It is good practice to work closely with each individual school in your district to ensure accuracy.

Course Data

Continue to review Course data via the **SIRS - 330 Student Class and Course Instructor Report** in L2RPT. Official teacher certification match (out of certification data) is based on **May 13th** data.

May

Staff Assignment

It is good practice to begin continue to review Staff Assignment data throughout the year so that you can make any edits as needed.

May 

English Language Learners/Multilingual Learners (ELLs/MLLs) Student Counts for 2026–27 ESSA Title III ELL/MLL Allocations

Typically, in mid-May, NYSED prepares to calculate allocations to Local Education Agencies (LEAs) for ESSA Title III ELLs/MLLs. The allocations for the following school year are based on the number of ELLs/MLLs in each LEA reported by the established deadline

Beginning in mid-May through early June, public ELL counts by district and charter school in Level 2 from the previous Friday's data refresh, and nonpublic school ELL/MLL counts by district in the Basic Educational Data System (BEDS), become available to authorized users in the "Title III ELL/MLL Counts Report" on the Information and Reporting Services Portal (IRSP) at <http://portal.nysed.gov>.

*****Student counts posted on the IRS Portal **do not include students in nonpublic schools**. BEDS data are the source for nonpublic school ELL/MLL student counts. Nonpublic school ELL/MLL counts should reflect students who were enrolled on BEDS Day. Districts should work with nonpublic schools to ensure that inaccurate data are identified before the reporting deadline*****

Students must have a 0231 ELL/MLL Eligible program service code in order to be counted for the school.

Students must have an enrollment record in the 2026-27 school year with one of the following enrollment codes:

0011	Enrollment in building or grade
5544	Transferred in under the NCLB Title I "School in Improvement Status" transfer option
7000	Transferred in under the NCLB "Persistently Dangerous School" transfer option
7011	Transferred in under the NCLB "Victim of Serious Violent Incident" transfer option

The deadline to load ELL/MLL students to be included in Title III counts is Thursday, June 3rd.

May / June 

ELL / Immigrant Students

Verify your ELL counts. All LEAs with ELL enrollment are required to report students with the appropriate ELL/LEP eligible program codes. Be sure all students that are included have accurate start dates, as those enrolled on or before BEDS Day will be included in these counts. The deadline to load ELL and immigrant students for Title III allocations is **Thursday, June 3, 2027**. All LEAs with ELL enrollment need to report these students in SIRS with the appropriate ELL/LEP Eligible program service code to be included in the ELL data file submitted to USED.

Verify LEP/ELL counts using **the SIRS-401 Reasonableness Report** in L2RPT.

Regents assessments first administered in 2014 or later have 5 performance levels; all others have 4. Please refer to the SIRS Manual for current score ranges for each performance level. <http://www.p12.nysed.gov/irs/sirs/home.html>
 If multiple administrations of the same assessment were taken, the assessment on which the student earned the highest performance level is displayed.

**Includes students reported with a valid score on a Regents assessment even if they were also reported with an exemption for that assessment.

***Public Health Emergency (PHE) Exempt is the total count of students reported as Exempt for the assessment, whether or not they also took the Regents examination.

Student Daily Attendance

The deadline to load Student Daily Attendance for State-provided Growth results is typically early June. Attendance records should include all instructional days. Student Attendance data should be verified by reviewing the SIRS-361 Year-to-Date Attendance/Absenteeism Verification Report and instructional days should be verified using the SIRS-370 Day Calendar Summary Report.

School Safety and the Educational Climate (SSEC) Data Collection

Formerly VADIR/DASA

The New York State Education Department's (SEDs) School Safety and the Educational Climate (SSEC) Summary Data Collection Form is a part of SED's implementation of the Dignity for All Students Act (DASA) and Violent or Disruptive Incident Reporting (VADIR). Data regarding violent or disruptive incidents, as well as incidents of, discrimination, harassment, bullying, and cyberbullying, is compiled to comply with New York State reporting requirements and to designate schools that are persistently dangerous.

School Safety and the Educational Climate (SSEC) incident data for schools and districts must be submitted to the State Education Department via the NYSED Application Business Portal between late June and late July. LEAs typically have approximately 30 days to enter and submit these data.

July – August

The school year has ended for students, but July and August are the time when District Data Coordinators must work with other district/school leaders to verify all required data elements in preparation for year-end certification. The deadline to load all 2026-27 data, with the exception of Staff Evaluation and Special Ed. Events, is **August 19, 2027**. After this load deadline, no data from 2026-27 will move to Level 2 with the exception of Staff Evaluation data and Special Education Events. The deadline for the CEO to certify these data is **September 3, 2027**.

Special Education Reporting

Once the school year ends, LEAs should load Special Education End of Year extracts in Level 0 from their Special Education Management System. These extracts will populate the following reports in the PD System:

- **VR10:** Report of Students with Disabilities Exiting Special Education (**ALL DISTRICTS**)
- **VR13:** Preschool Children Provided Programs and Services during the School Year- (**ALL DISTRICTS**)
- **VR15:** Preschool Outcomes Report (SPP Indicator #7) – **Only those districts that are required to report Federal Indicator 7 - Requires submission of Assessment Services Extract**
- **VR16:** Students Receiving Coordinated Early Intervening Services - **For school districts that used up to 15% of IDEA federal funds to provide CEIS during the previous three years**

The deadline to load the Special Education End of Year Snapshot to populate the VR 13, VR 15, and VR 16 reports is **August 5, 2027** with a certification deadline of **August 9, 2027** in the PD System

Certification of Special Education VR11, VR 12, and VR14 Reports for the 2026-27 school year is Monday, September 10, 2027. Although Special Ed. Events extracts can be loaded until September 9, 2027 to populate these reports, demographic, enrollment, and program service data for all students must be reported by the August 19, 2027 year-end deadline. Beginning with the 2023-24 school year, ALL DISTRICTS are now required to submit Special Ed. Events, regardless of whether or not they need to certify the VR 11 & 12.

⁴ Please note for all due dates in red: Enrollment, demographic, assessment (including COSF), Special Education Snapshot (EOY) and disability program service records for those students who are potential submission records for the VR 11-16 reports must be migrated to the Level 2 Student Data Repository no later than **August 21, 2026**. Data is to be reviewed in the PD data system using the List of Potential Student Records to determine that all students eligible to be included in these reports are included with accurate information. The L2 data repository will be frozen after **August 21, 2026**. No new data or changes to data will be allowed for enrollment, demographic, assessment, special education snapshot and disability program service records after this date. Only Special Education Events and Assessment (including COSF) will be updated after August 21, 2026.

PD8 - Report of Students with Disabilities Subject of Disciplinary Removal

The PD8 form is a report of in-school suspensions, out-of-school suspensions and removals to interim alternative education settings (IAES) of preschool and school-age students with disabilities who are the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) responsibility of your LEA during the period of July 1st – June 30th of a given year.

Unlike the Special Education VR Reports which are populated through SIRS, data to support the PD8 Report is submitted electronically through the PD system at <http://pd.nysed.gov>.

LEAs may begin entering data on the PD 8 Report on July 1st, with a deadline of **August 20, 2027**.

Annual Outcomes

District Data Coordinators should work closely with High School administration and guidance counselors to assure the accuracy of Annual Outcomes Reports in L2RPT. All graduates must have a diploma type, credential type, career pathway and post-graduation plan reported. The verification of the following L2RPT reports should be done prior to year-end certification.

- SIRS - 307 Annual Dropout & Non-Completer Report
- SIRS - 308 Annual Graduation Report
- SIRS - 340 & 341 Graduation Exam Requirement Summary and Detail Report
- SIRS - 650 English Language Learner Profile Summary
- SIRS - 652 Annual Title III Allocation ELL and Immigrant Counts Summary Report
- SIRS - 653 Annual Regents Examination Report

SIRS-307 Annual Dropout & Non-Completer Report

It is vitally important to closely review this report, as these are students who will directly affect graduation rates. Students are included on the Annual Dropout and Non-Completer report if during the school year being reported, they had a regular enrollment record with an ending date between July 1 and June 30 AND the reason for ending enrollment code is listed in SIRS as a dropout or non-completer code.

SIRS-308 Annual Graduation Report

Students are included on the Annual Graduation Report if their last regular enrollment record during the school year had an ending date between July 1 and June 30 of the school year being reported AND the reason for ending enrollment code was one of the following ending enrollment codes: 799 graduated (earned a Regents or local diploma) or 085 earned commencement credential.

This report will allow LEAs to verify all graduates, along with which accountability subgroups each student falls into. LEAs will want to carefully verify all graduates, so that graduation rate is accurately determined.

SIRS-653 Annual Regents Examination Report

The Annual Regents Reports show district and school Regents examination performance results, score interval, and percentages of students scoring at each performance level. Students are included on the Annual Regents Report if during the school year being reported, they had a Regents assessment score reported in SIRS and were enrolled with a regular enrollment record at the time the assessment was administered.

In circumstances when a student takes the same assessment more than one time during the school year being reported, only the highest score is reported.

Regents assessments first administered in 2014 or later have 5 performance levels; all others have 4. Please refer to the SIRS Manual for current score ranges for each performance level. <http://www.p12.nysed.gov/lrs/sirs/home.html>

If multiple administrations of the same assessment were taken, the assessment on which the student earned the highest performance level is displayed.

**Includes students reported with a valid score on a Regents assessment even if they were also reported with an exemption for that assessment.

***Public Health Emergency (PHE) Exempt is the total count of students reported as Exempt for the assessment, whether or not they also took the Regents examination.

Accountability Reports

Accountability data are reported on an annual basis and separated into High School Accountability and Elementary/Middle-Level Accountability. These data need to be verified as part of year-end certification. Accountability reports that should be verified include:

- *SIRS 105 – High School Achievement & Graduation Rate Accountability Report*
- *SIRS 106 – Elementary / Middle Level Achievement Accountability Report*
- *SIRS 107 – Chronic Absenteeism Accountability Report*
- *SIRS 108 – College, Career, and Civic Readiness Accountability Report*
- *SIRS 109 – Recently Arrived ELL Students Accountability Report*
- *SIRS 111 – School Year Suspension Accountability Report*
- *SIRS 112 – Student Growth Accountability Report*
- *SIRS 113 – English Language Proficiency Accountability Report*

SIRS-113 English Language Proficiency Accountability Report

The English Language Proficiency (ELP) Accountability Report allows districts and schools to view data they reported in the Student Information Repository System (SIRS) that was used to calculate ELP levels for making school and district accountability determinations under New York State's Plan to comply with Every Student Succeeds Act (ESSA).

If there were not enough students in the current year to calculate an ELP Level for a subgroup, the previous year's data was combined with the current year's data to determine the ELP Level. If former students with disabilities were included in the Students with Disabilities subgroup data, the "Former SWD Included" field will indicate "Yes."

Total Cohort Reports

Student placement in the correct cohort is vitally important as graduation rates and accountability groups are determined by inclusion in a specific cohort. Cohort year is determined using the date reported in the First Date of Entry into Grade 9 field in the school year when the last enrollment record occurred or, for ungraded students with disabilities, 4 years after turning seventeen years old. Total Cohort reports that should be verified include:

- *SIRS 204 – Total Cohort Assessments Report*
- *SIRS 205 – Total Cohort Summary and Career Pathways Report*

SIRS-204 Total Cohort Assessments Report

The Total Cohort Assessment Report shows total cohort enrollment, district and school assessment results on Regents examinations and approved alternatives to Regents examinations for the 1-year, 2-year, 3-year, 4-year, 5-year, and 6-year total cohorts as of June 30th of the selected reporting year. Results are shown by subject for English, Mathematics, Science, Global History, and U.S. History.

Reasonableness Report

Closely review the **SIRS-401 Reasonableness Report** for accuracy. This report provides counts of last year's and this year's data, the difference between these counts, and the percentage change between the counts of students by various category types (e.g., enrollment ending code).

LEAs should pay particular attention to large discrepancies between last year's and the current year's data. If not able to be explained, large discrepancies could indicate under or over reporting of specific programs. This report is also a valuable tool to help verify enrollment and students reported in various subtypes including Type of Disability, Poverty, LEP eligible, etc.

SIRS-361 Year to Date Attendance/Absenteeism Summary Report

The chronic absenteeism rate for a school is the number of students who have been identified as chronically absent (excused and unexcused absences numbering ten percent or more of enrolled school days) as a percentage of the total number of students enrolled during the school year (denominator).

This report provides, by grade and by student subgroup, a year-to-date summary of attendance days, students enrolled during the school year, the number and percentage of students absent between:

- 0-4% of enrolled school days
- 5-9% of enrolled school days (at-risk of becoming chronically absent)
- 10% or more of enrolled school days (chronically absent)

Career and Technical Education Reporting

SED requires that LEAs report and certify students that are enrolled in any Career and Technical Education (CTE) courses. Beginning in 2019-20, CTE program and course data were required to be submitted by the **location that provides the CTE program**. In previous years, these data were submitted by the student’s district of residence.

CTE data should be verified using the **SIRS-305 Career and Technical Education Report** in L2RPT. This report allows LEAs to review CTE and Tech Prep data reported in the Student Information Repository System (SIRS) statewide “Level 2” data warehouse. Data found in this report can be disaggregated by District, Service Provider (School), and program.

NYSITELL

LEAs are required to report all NYSITELL exams that are administered during the school year. NYSITELL exams should be verified via the **SIRS-104 NYSITELL Summary Report** in L2RPT.

For each student taking the NYSITELL assessment, an assessment Services record must be reported in SIRS for the Total Score and each of the required components of the assessment (Listening, Speaking, Reading, and Writing).

July – August

End of Year Staff Reporting

In addition to student data, LEAs are required to verify and certify staff data. Staff deadlines will align with end of the year certifications in August. In addition to the SIRS-320 Staff Snapshot Verification Report, the following staff reports should be reviewed and verified:

- *SIRS 318 – Staff Assignment Verification Report*
- *SIRS 322 – Staff Tenure Verification Report*
- *SIRS 324 – Staff Attendance Summary Report*
- *SIRS 328 – Staff Out of Certification Verification Report*
- *SIRS 329 – Staff Certification Report*

Staff Assignment

For PMF (BEDS) purposes, all certified non-teachers are reported though Staff Snapshot and Staff Assignment extracts. The official source of Staff Assignment data should be verified through the **SIRS-318 – Staff Assignment Verification Report** in L2RPT.

Staff Tenure

Staff Tenure data that needs to be reported includes each staff member's current tenure status as teacher and/or principal, effective date of the tenure status, and when their probation ends. Staff Tenure data should be verified via the **SIRS-322 Staff Tenure Verification Report** in L2RPT.

Staff Attendance

LEAs are required to report individual staff attendance via a Staff Attendance extract from their Human Resources System. An end of school year count of “full days absent” will be provided for each teacher. This collection does not pertain to teaching assistants, teacher aides, or other staff.

A teacher is absent if he or she is not in attendance on a day in the regular school year when the teacher would otherwise be expected to be teaching students in an assigned class. This includes both days taken for sick leave and days taken for personal leave. Teacher absenteeism does not include administratively approved leave for professional development, field trips, or other off-campus activities with students.

LEAs should verify Teacher Attendance via the **SIRS-324 Staff Attendance Summary Report** in L2RPT.

Staff Certification

Staff Certification should be reviewed at the end of the year using the **SIRS-328 Staff Out of Certification Report** and the **SIRS-329 Staff Certification Report** in L2RPT. Teachers who do not have the appropriate certification for the reported course will be deemed to be teaching out of certification.

Staff Evaluation

Staff Evaluation data is one of two data sets, along with Special Ed. Events, that gets reported after the August year-end deadline and certification.

For the 2026-27 School year, Staff Evaluation data will need to be loaded by **October 14, 2027** with a certification deadline of **October 22, 2027**. Although the deadline to certify Staff Evaluation is not until **October 22, 2027** it is good practice to begin loading Staff Evaluation extracts as early as possible, to verify the data and assure its accuracy before certification.

All LEAs are required to report Staff Evaluation data under Education Law 3012-d. Staff Evaluation data should be verified for accuracy using the **SIRS-331 Staff Evaluation Rating Verification Report in L2RPT**.

UIAS Reports

Unique Identifier Audit System Reports (UIAS) are a series of reports that should be reviewed throughout the year, but paid very close attention to when verifying dropouts and graduates.

These reports can indicate that students reported as a dropout (which will count negatively in regards to the LEA's graduation rate) have been enrolled in another location. Under this circumstance a student's exit enrollment record can be changed to reflect the accurate reason.

UIAS Reports are located in L2RPT under the **SIRS-701 UIAS Summary Report**. The intent of the UIAS SIRS-701 Report is to help Local Education Agencies (LEAs) promote data quality and integrity by running a series of tests on select business rules governing proper use of enrollment and location codes in student records.

There are currently four broad categories of UIAS use cases:

- **Disappearing Students (DS):** Students expected to be continuously enrolled in a given location (an "empty" exit code value in the prior year enrollment record), but with no re-enrollment in that

location in the new school year.

- **False Dropouts (FD):** Students exited as dropouts but who may have subsequently reenrolled (within a given time frame or in a qualifying location) that would then suggest the dropout code be replaced with a more appropriate exit code.
- **False Transfers (FT):** Students who were coded as having transferred to a new location but appear not to have re-enrolled under the requirements for that particular type of transfer (or, rarely, were reenrolled in the original location – i.e., did NOT transfer – but with no appropriate change in exit code).
- **Simultaneous Enrollments (SE):** Students who appear to be inappropriately enrolled in multiple locations.

Final Reminders before Certification

So, you've finally reached mid-August and you are prepared to have your CEO certify all year-end data and essentially close the data door for the current year. Before your CEO submits the certification, be sure:

- *Every student who was enrolled for at least one day in your district has a demographic, enrollment and program service record. **There are Special Education VR Reports (VR11, VR12, and VR 14) that are due in late September. Although Special Ed. Events extracts can be loaded in September, demographic, enrollment, and program service data for all students must be reported by the year-end deadline in August.***

- *Every graduate has an exit date in enrollment and credential type, and career pathway in demographics.*
- *All Regents, NYSESLAT, NYSAA, NYSITELL, 3-8 assessments, and approved alternative to Regents such as AP and IB exams have been reported.*
- *All Special Education and ELL students have been reported.*
- *All students have been reported in the correct cohort.*
- *All students have been reported in the correct subgroup.*
- *All Staff have been reported including tenure and attendance.*
- *All courses and instructors have been reported.*

Year-End Certification

In late August, SED will publish the **End of Year (EOY) Statement of Certification of Verification Reports**. The CEO will be responsible for completing the form by the established deadline. The certification form can be found on the Information and Reporting Services Data Exchange (IDEx).
