OWATONNA
ADULT EDUCATION

OCT 2026

GET OUTSIDE & ON THE ROAD WITH OAE!

We're creating new opportunities for adult learners through partnerships that connect people with practical skills and career pathways. Check them out below!

Outdoors Careers

We're excited to partner with River Bend Nature Center to introduce adult learners to careers in the outdoor industry. This hands-on opportunity explores pathways in conservation, recreation, environmental education, and other nature-based fields while building practical skills and awareness of local employment opportunities.

Gig Driving Permit Prep

Our new Gig Driving Permit Prep course helps adult learners navigate the permit/license process and prepare for flexible driving work. It's designed for individuals looking to enter the gig economy, supplement their income, or find work that fits around other responsibilities.

If you know an employee or community member who could benefit from either opportunity, please share these programs and refer them to OAE!

**FREE
COMMUNITY
EVENTS**

Fix-it Clinic

Saturday, October 10
10am-2pm
Rose Street Center
