IN WRITTEN FORM	One Hundred Twenty-Six Thousand Eight Hundred Ninety-Four Dollars	FIFTEEN THOUSAND	One Hundred Forty-One Thousand Eight Hundred Ninety-Four Dollars

All blank spaces appearing above must be filled in. Failure to fill in any blank spaces may render the Bid non-responsive. In case of discrepancy between the Unit Price and Item Cost set forth for a unit basis item, the Unit Price shall prevail and be utilized as the basis for determining the lowest responsive, responsible Bidder. However, if the amount set forth as a Unit Price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or is the same amount as the entry in the Item Cost column, then the amount set forth in the Item Cost column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the Unit Price.

The estimated quantities for Unit Price items are for purposes of comparing Bids only and the District makes no representation that the actual quantities of work performed will not vary from the estimates. Final payment shall be determined by the District from measured quantities of work performed based upon the Unit Price.

If the District selects any of the alternate bid items, the corresponding alternate bid prices shall be added to or deducted from Base Bid Price for the work. The District can award/select alternate bid items at any time(s).
